THE HEARING RESUMED, AS FOLLOWS, ON THURSDAY, 17TH 1 2 FEBRUARY 2022: 3 Take your time, Mr. McGuinness. I may have 4 CHAI RMAN: 5 come down a tiny bit early. 10:31 6 MR. McGUINNESS: Thank you, Chairman. The first 7 witness today is Retired Chief Superintendent Feehan. 8 CHAI RMAN: Thank you very much. 9 10 RETIRED CHIEF SUPERINTENDENT MICHAEL FEEHAN, HAVING 10.31 11 BEEN SWORN, WAS DIRECTLY EXAMINED BY MR. MCGUINNESS, AS 12 FOLLOWS: 13 14 CHAI RMAN: Thanks very much. Sit down there, Chief 15 Superintendent. Thank you very much for coming to help 10:31 16 us. 17 MR. McGUINNESS: Thank you, Chairman. For the 18 assistance of parties, the relevant statement commences 19 at page 821 of our papers. 20 I am going to refer you to as Chief Superintendent, if 1 Q. 10:32 21 I may? 22 Yes, of course. Α. 23 Because that was the rank that you held during a 2 0. 24 portion of the time that we are concerned with. I 25 think you did become an assistant commissioner for the 10.32 northern --26 27 CHAI RMAN: I'm sorry, Assistant Commissioner, I'm 28 sorry... 29 THE WITNESS: That is okay.

| 1 | 3 | Q. | MR. McGUINNESS: And that | |
|----|----|----|---|-------|
| 2 | | | CHAIRMAN: You transitioned from Chief Superintendent | |
| 3 | | | to Assistant Commissioner during the period that we're | |
| 4 | | | talking about. | |
| 5 | | Α. | Yes. | 10:32 |
| 6 | | | CHAIRMAN: Thanks very much. | |
| 7 | 4 | Q. | MR. McGUINNESS: And in 2006, you were stationed in | |
| 8 | | | Store Street? | |
| 9 | | Α. | That's correct. | |
| 10 | 5 | Q. | And you were chief superintendent for the district | 10:32 |
| 11 | | | there, which embraced what area of the city? | |
| 12 | | Α. | It is the division, so it is from north inner city | |
| 13 | | | Dublin, from Dublin Port up to just short of the | |
| 14 | | | Phoenix Park and north out as far as Cabra. | |
| 15 | 6 | Q. | When were you appointed to that position? | 10:33 |
| 16 | | Α. | To the chief in Store Street? | |
| 17 | 7 | Q. | Yes. | |
| 18 | | Α. | 2004, I believe. | |
| 19 | 8 | Q. | So you had approximately 27 years service at that time? | |
| 20 | | Α. | Yes. | 10:33 |
| 21 | 9 | Q. | And in relation to Ms. Saulite, who was shot dead, had | |
| 22 | | | you any knowledge of any of the investigations that had | |
| 23 | | | been conducted, either in 2005 or '06, relating to her | |
| 24 | | | or incidents concerning her or her solicitor? | |
| 25 | | Α. | No, I did not. | 10:33 |
| 26 | 10 | Q. | Obviously you learned of the shooting presumably very | |
| 27 | | | soon after it happened, in the days following at least? | |
| 28 | | Α. | Yes. | |
| 29 | 11 | Q. | And had you attended any conferences in relation to | |

| 1 | | | those matters? | |
|----|----|----|---|-------|
| 2 | | Α. | No. | |
| 3 | 12 | Q. | And did you have any involvement in connection with the | |
| 4 | | | murder investigation itself? | |
| 5 | | Α. | None whatsoever. | 10:34 |
| 6 | 13 | Q. | You, I think, received a direction, if I could call it | |
| 7 | | | that, from Assistant Commissioner McHugh, to carry out | |
| 8 | | | an investigation? | |
| 9 | | Α. | That's correct. | |
| 10 | 14 | Q. | And that was commenced by a letter written, on his | 10:34 |
| 11 | | | part, on the 6th December. And can I ask you, did you | |
| 12 | | | discuss, in person with Assistant Commissioner McHugh, | |
| 13 | | | what you were investigating? | |
| 14 | | Α. | No. It was a fact-finding investigation | |
| 15 | 15 | Q. | Yes | 10:34 |
| 16 | | Α. | I was asked to do. So that was clear to me from the | |
| 17 | | | paper that came to me. It may be that he told me he | |
| 18 | | | was appointing me directly, but I did not discuss with | |
| 19 | | | him, you know, what the investigation entailed or the | |
| 20 | | | approach I should be taking. | 10:35 |
| 21 | 16 | Q. | Yes. Perhaps we'd just look at the text of that, at | |
| 22 | | | page 854. 854 sorry, Mr. Kavanagh, and the second | |
| 23 | | | paragraph there: | |
| 24 | | | | |
| 25 | | | "Ms. Saulite had previously been interacting with | 10:35 |
| 26 | | | members of An Garda Síochána involving her husband | |
| 27 | | | which resulted in recent court proceedings." | |
| 28 | | | | |
| 29 | | | Presumably you didn't know what members they were, or | |

1 how many? No, I did not. 2 Α. 3 17 0. Then it says: 4 5 "On the 14th November 2006, two members of An Garda 10:36 6 Síochána from Swords Garda Station met with 7 Ms. Saulite. During the course of this meeting 8 Ms. Saulite provided written material for the 9 preparation of a victim impact statement in relation to 10 the sentencing of [blank] arising from the abduction of 10:36 11 her children. It transpires Ms. Saulite had raised in 12 the written material fears for her safety. 13 14 Carry out a fact-finding investigation into the level 15 of knowledge in possession of An Garda Síochána prior 10:36 16 to Ms. Saulite's murder. Let me have your views and 17 recommendations in early course. 18 19 Detective Superintendent Michael Byrne, the officer in 20 charge of this investigation, will provide relevant 10:36 background material." 21 22 23 And that's -- if we just look at the signature there, I 24 think that's a one-page letter from the assistant commissioner. 25 10:36 26 27 The two members weren't named in the middle paragraph, and do you recall any discussion with the assistant 28 29 commissioner about who they were?

8

| 1 | | Α. | No, I don't believe I had such a conversation with him. | |
|----|----|----|---|-------|
| 2 | 18 | | And can I ask you, just in general, about a | |
| 3 | | | fact-finding investigation. What did you understand | |
| 4 | | | that to be? | |
| 5 | | Α. | So, fact-finding is like a scoping investigation, or a | 10:37 |
| 6 | | | preliminary investigation. My understanding of it was | |
| 7 | | | that it was to ascertain the facts and to put these in | |
| 8 | | | my report then to report back to Assistant Commissioner | |
| 9 | | | McHugh that these are the facts that we had found in | |
| 10 | | | that investigation. | 10:37 |
| 11 | 19 | Q. | In your experience, are such fact-finding | |
| 12 | | | investigations, are they preliminary to a consideration | |
| 13 | | | of a discipline issue? | |
| 14 | | Α. | It was common that they would be in advance of | |
| 15 | | | discipline, but there was no certainty around that. It | 10:37 |
| 16 | | | was always a possibility that the fact-finding would | |
| 17 | | | have found well there's nothing here. | |
| 18 | 20 | Q. | Yes | |
| 19 | | Α. | In which case, you know, there would be no further | |
| 20 | | | action taken. | 10:38 |
| 21 | 21 | Q. | Yes. And if the members asked, as they appear to have | |
| 22 | | | asked, under what code was this fact-finding | |
| 23 | | | investigation being done, would it be correct to say | |
| 24 | | | that it is not under the Discipline Regulations? | |
| 25 | | Α. | No, it's not. | 10:38 |
| 26 | 22 | Q. | Is it common for members from whom information or | |
| 27 | | | statements are being sought, to sort of know where they | |
| 28 | | | stand, or for their advisers to tell them to ask | |
| 29 | | | somewhat is this being sought under? | |
| | | | | |

Yes, I would say it was made clear that this was a 1 Α. 2 fact-finding, or a scoping exercise, so they should have been aware of that. And there was no guarantee at 3 that stage as to what was likely to follow from that, 4 5 from that scoping or that fact-finding inquiry. 10:38 The written material referred to there for the 6 23 Q. Yes. 7 preparation of the victim impact statement, was that 8 given to you at the time, do you recall? I believe it was. I believe I did have a copy of that, 9 Α. 10 yes. 10.3911 24 And can I ask you then what you did on foot of that? Q. 12 So, I appointed Detective Inspector Christy Mangan, who Α. 13 was the detective inspector for the north central 14 division, again a very competent investigator, and I 15 charged him with the task of going and carrying out the 10:39 16 investigation as to what knowledge was in the possession of An Garda Síochána in relation to a threat 17 18 to Baiba Saulite. 19 25 Yes. And was it as broad as that? Did it, in your Q. 20 mind, have any restriction as to whether it was limited 10:39 21 to these two members or would it necessarily extend to 22 all or any member of An Garda Síochána? 23 So it certainly was not limited to the two members, to Α. 24 Sergeant Hughes and Garda Nyhan. 25 And you deputed the inspector then to commence it? 26 Q. 10.40Yes. 26 Α. 27 27 And did you, as it were, point him in any particular Q. direction? 28 I mean we had been pointed in a direction by 29 NO. Α.

10

| 1 | | | Assistant Commissioner McHugh who said in his document | |
|----|----|----|---|-------|
| 2 | | | to me that Detective Inspector Michael Byrne would | |
| 3 | | | provide some information. Other than that, no, he's a | |
| 4 | | | competent investigator; he didn't he certainly | |
| 5 | | | didn't need me to tell him, you know, how to do the | 10:40 |
| 6 | | | investigation. | |
| 7 | 28 | Q. | Yes. Can I ask you to look at a document it's at | |
| 8 | | | page 2049 it's a later report in 2011 from Inspector | |
| 9 | | | Mangan to you. I am sure you probably have seen this | |
| 10 | | | before, I take it? It seems to be a report to you as | 10:41 |
| 11 | | | to the sequence of events in the fact-finding | |
| 12 | | | investigation? | |
| 13 | | Α. | Mm-hmm. | |
| 14 | 29 | Q. | Do you recall seeing this? At paragraph 3 then it | |
| 15 | | | records: | 10:41 |
| 16 | | | | |
| 17 | | | "Detective Inspector Christopher Mangan contacted | |
| 18 | | | Detective Superintendent Michael Byrne to establish if | |
| 19 | | | he had any information in his possession in relation to | |
| 20 | | | the matter and he indicated he was not in possession of | 10:41 |
| 21 | | | any such information." | |
| 22 | | | | |
| 23 | | | Do you know what was actually asked of him? | |
| 24 | | Α. | What was asked of Detective Superintendent Michael | |
| 25 | | | Byrne? | 10:41 |
| 26 | 30 | Q. | Yes. | |
| 27 | | Α. | I wasn't present when he was asked, obviously, but, as | |
| 28 | | | it says there, I would say my understanding of it, and | |
| 29 | | | my belief, is that he was asked if he had any | |
| | | | | |

| 1 | | | information in his possession, and when I talk about | |
|----|-----|----|---|-------|
| 2 | | | information that could be intelligence also, so that | |
| 3 | | | would be incorporated into the word, into the term, you | |
| 4 | | | know "any information in his possession". | |
| | ר ר | 0 | | |
| 5 | 31 | Q. | , , , , | 10:42 |
| 6 | | | specific or otherwise? | |
| 7 | | Α. | No, no, it was it would be made plain to | |
| 8 | | | Superintendent Byrne what the investigation was about, | |
| 9 | | | that this was a fact-finding investigation, and the | |
| 10 | | | questions were asked in that context. | 10:42 |
| 11 | 32 | Q. | Yes. Obviously the issue of threats to her is | |
| 12 | | | indicated there, as it was in the instruction to you. | |
| 13 | | | Presumably that embraced, did it, what are called | |
| 14 | | | general threats and specific threats? | |
| 15 | | Α. | Yes, it would, yes. | 10:42 |
| 16 | 33 | Q. | An Garda Síochána and this is not a criticism | |
| 17 | | | seem to divide threats into general and specific | |
| 18 | | | threats. Could you just explain how would you define | |
| 19 | | | the difference? | |
| 20 | | Α. | So, a specific threat is where somebody comes with | 10:43 |
| 21 | | | information that, say, I am the person who is under | |
| 22 | | | threat, I come with information and I can say that you, | |
| 23 | | | maybe, or some individual, I believe, is going to do | |
| 24 | | | some damage to me or to injure me or to, whatever the | |
| 25 | | | threat is. So that is a specific threat, so that could | 10.42 |
| 26 | | | come by way of intelligence or, you know, by way of | 10:43 |
| 20 | | | | |
| | | | report, you know, from somebody to a member of An Garda | |
| 28 | | | Síochána. In the event that there was a specific | |
| 29 | | | threat known of or reported to the guards, An Garda | |

| 1 | | | | |
|----|----|----|---|-------|
| 1 | | | Síochána would be obliged to go and take some action as | |
| 2 | | | a result of that information coming to them. A general | |
| 3 | | | threat is background material, I suppose, which can | |
| 4 | | | come up in an investigation, well maybe somebody said | |
| 5 | | | something to somebody else, and that could be construed | 10:44 |
| 6 | | | as being a threat; there's nothing specific about what | |
| 7 | | | was actually intended. | |
| 8 | 34 | Q. | It could be something as simple as 'I'll get you'? | |
| 9 | | Α. | Yes. | |
| 10 | 35 | Q. | Or being abused in some way? | 10:44 |
| 11 | | Α. | Yes. | |
| 12 | 36 | Q. | On this topic, Assistant Commissioner McHugh told the | |
| 13 | | | Tribunal yesterday about what is likely how An Garda | |
| 14 | | | Síochána is likely to react when they receive evidence | |
| 15 | | | or intelligence in relation to a threat. It's | 10:44 |
| 16 | | | analysed, its credibility is assessed, having regard to | |
| 17 | | | information known or not known or antecedents of people | |
| 18 | | | and events. | |
| 19 | | Α. | Yes. | |
| 20 | 37 | Q. | And then some action may be taken to eliminate the | 10:44 |
| 21 | | - | threat, or minimise the threat. Can I just ask you in | |
| 22 | | | a theoretical sense here, it may be relevant to how you | |
| 23 | | | later viewed the material you were given, let's leave | |
| 24 | | | Ms. Saulite aside, but a person in similar | |
| 25 | | | circumstances who's preparing for a court hearing and | 10:45 |
| 26 | | | is preparing a victim impact statement, suppose they | 10.40 |
| 27 | | | came into an inspector and they said in very stark | |
| 28 | | | terms: I am very afraid of this man, I am scared for | |
| 28 | | | | |
| 29 | | | my life because he has done X, Y, and I want to, as it | |

were, keep away from him, keep out of his clutches, et
 cetera, what ought that member of An Garda Síochána do
 to deal with that?

10:45

A. He should certainly report it. So, I think in the hypothetical situation that you raise --

38 Q. Yes...

4

5

6

7 -- so this member is a member of inspector rank, I Α. 8 think you said in your question, he would be obliged to report that to the superintendent. He should also 9 carry out some analysis. So, to try and look to the 10 10.4611 credibility of the person who's making the statement, 12 or telling him about the threat. He would also need to 13 look at the background to it; so, what is the cause of 14 this? And he would also need to look at the previous 15 history of the person who is alleged will carry out the 10:46 16 So that is the analysis part of it, and having threat. done so, and I would say if it is an inspector in a 17 18 district, that he or she would look to have a 19 discussion with their superintendent, perhaps with the detective superintendent as to: well, do we think is a 10:46 20 credible threat? Is it something, you know, that there 21 22 is -- like, a real and imminent potential action about 23 to happen? And having had those suggestions and that 24 analysis, there would be a discussion and a decision 25 made as to whether further action was required. And 10.47 26 that further action, you know, might range from giving 27 the person crime prevention advice. So, as you said in your question, to stay away from the individual who was 28 29 alleged -- it is alleged will carry out this threat.

14

So, from giving the person crime prevention advice, 1 2 right up to providing garda passing attention, or, 3 perhaps, putting Garda protection in place. And I've 4 certainly seen in extreme cases where people, you know, 5 were then considered to be included in a witness 10:47 6 protection programme, but that would be very, very rare 7 and an extreme case. 8 39 Obviously if the person who comes to the inspector is Ο. credible and there has been a history of violence and 9 there are prosecutions pending in relation to matters 10 10.48 11 that have occurred, it would be difficult, perhaps, not 12 to assess the threat as a credible threat? 13 Yes. Α. 14 40 0. And on one view it's, perhaps, difficult to see how 15 effective crime prevention advice might be to stop a 10:48 16 murder, particularly if somebody is acting through 17 others who may not be known to the person. 18 Yes, that's fair comment, I think. Α. 19 41 Q. Okay. Well we will just move on and maybe come back to 20 the topic slightly later. 10:48 21 The third paragraph there refers to Superintendent 22 Byrne obviously, and he's recorded not having any 23 information. If we just go over the page then number 24 4: 25 10.49"Detective Inspector Christopher Mangan requested 26 27 Sergeant Liam Hughes to submit a report for this 28 fact-finding investigation. Sergeant Hughes submitted the report dated 17th December 2006." 29

15

1 2 The same for Garda Nyhan. The same for Detective 3 Sergeant McEneaney. 4 5 And then paragraph 7: 10:49 6 7 "Detective Inspector Christopher Mangan visited the 8 district office in Coolock Garda Station where he spoke 9 to Inspector Donal Waters, acting district officer. 10 Inspector Donal Waters was not in possession of any 10.4911 information relative to the investigation. Detecti ve 12 Inspector Christopher Mangan examined files held at the 13 district office Coolock Garda Station and two reports 14 relative to Baiba Saulite were located." 15 10:49 16 Can you say at this remove what those two reports were? I -- off -- from memory, I'm not sure at this stage. 17 Α. 18 42 Q. Okay. 19 "The first report was dated 20th January 2005 and had 20 been forwarded to sergeant Liam Hughes by the district 10:50 21 officer. The second report contained a letter from 22 Mr. Hennessy solicitor and this had also been forwarded 23 to sergeant Liam Hughes on the 1st November 2005. The 24 former district officer Superintendent McLoughlin was 25 not interviewed as he had retired." 10.5026 27 Did you become aware that that letter was forwarded on 28 by Sergeant Hughes? 29 Which letter, sorry, now? Α.

16

| 1 | 43 | Q. | The second letter referred to there. | |
|----|----|----|---|-------|
| 2 | | Α. | The letter from John Hennessy? | |
| 3 | 44 | Q. | Yes. | |
| 4 | | Α. | I don't remember exactly but, if I was pushed, it may | |
| 5 | | | be a remember of commendation that John Hennessy had | 10:50 |
| 6 | | | forwarded to the superintendent in relation to the | |
| 7 | | | investigation and the quality of the investigation that | |
| 8 | | | was done in the child abduction case. | |
| 9 | 45 | Q. | There is then a reference to Garda Adrian Walsh was | |
| 10 | | | interviewed and he was unable to provide any | 10:50 |
| 11 | | | information. | |
| 12 | | Α. | Yes. Garda Walsh was the guard in the superintendent's | |
| 13 | | | office, so the clerical administration person in that | |
| 14 | | | office. | |
| 15 | 46 | Q. | And were you informed by Inspector Mangan at the time | 10:51 |
| 16 | | | that he had done all of these matters? | |
| 17 | | Α. | Yes. | |
| 18 | 47 | Q. | Can I ask you, do you know why he was writing this | |
| 19 | | | report at this time? | |
| 20 | | Α. | Sorry, I missed the date on it. | 10:51 |
| 21 | 48 | Q. | This is October 2011. | |
| 22 | | Α. | I would hazard a guess it may have been part of the | |
| 23 | | | confidential recipient investigation, but I am not | |
| 24 | | | really I'm not certain about that. | |
| 25 | 49 | Q. | Okay. And if we just go down further. He then details | 10:51 |
| 26 | | | 8, 9 and 10, but we are not concerned with at the | |
| 27 | | | moment. The Pulse system, you obtained all the Pulse | |
| 28 | | | records, obviously? | |
| 29 | | Α. | Yes. | |
| | | | | |

50 Q. And we'll see, obviously if we need to, that those 1 2 Pulse records spanned the whole of the period during 3 which Ms. Saulite, or another person, came to the 4 notice of the guards, from beginning to end, isn't that 5 right? 10:52 6 Yes. Α. 7 51 13: Ο. 8 9 "Detective Inspector Christopher Mangan examined statements made by Baiba Saulite to Garda McNally." 10 10.52 11 12 He had taken her original statements in the abduction. 13 Yes. Α. 14 52 Q. Obviously you know that. And then Garda Campbell was spoken to. It's not, perhaps, a criticism at all, but 15 10:52 16 Inspector Mangan, in both of his reports to you, 17 doesn't detail speaking to any of these people. Would 18 that be a surprise to you? 19 Α. NO. I mean, from memory, the report that -- the 20 reports that Inspector Mangan sent to me, I certainly 10:52 knew at the time that he had gone to the 21 22 superintendent's office, I knew he had gone to speak to 23 Detective Superintendent Byrne, I knew he had spoken to 24 Sergeant Hughes and Garda Nyhan and I knew he had 25 spoken to Detective Sergeant McEneaney, and that he had 10:53 26 spoken to Donal Waters, who was the acting 27 superintendent there at the time. I'm not sure if you heard or read former Detective 28 53 Q. 29 O'Sullivan's evidence that he was interviewed by you, I

18

think his evidence was, do you recall that?

A. No, I don't. Not in the fact-finding.

3 54 0. Okav. In any event, you received from Inspector Mangan 4 a report -- if we look at page 878 -- this is the one 5 in December, and if you scroll down there, the first 10:53 6 contact he reports, as it were, starts immediately on the 11th October 2006. And if we just go down to the 7 8 next page. It then details the contact on the 14th November 2006; we needn't go into the substance of it. 9 And if we go further down then, he goes into his 10 10.54 11 observations. And further down, on the next page, he 12 talks about the O'Donoghue case, which was well known 13 obviously, a very recent decision of the court at that 14 time. And on the final page then, he refers to the 15 report of Sergeant Hughes as a comprehensive report. 10:55 16 He refers to the victim impact statement and forms a view it wouldn't constitute one. There's a statement 17 18 then that "the handwritten document purporting to be a 19 victim impact statement could not be used by the Gardaí 20 to investigate or instigate a prosecution". It 10:55 wouldn't prevent a line of inquiry being opened? 21 22 Α. NO.

23 55 Q. He then says:

24

25

26

27

28

29

"As a result of an examination of the facts to hand, I 10:55 am of the view that Sergeant Hughes and Garda Nyhan completed a complex investigation in a very professional manner."

19

1 That was referred to later by Sergeant Hughes as an 2 exoneration of some sort. Would you agree with his 3 description of that? No. I would not. 4 Α. 5 56 This then concludes: Q. 10:56 6 7 "There certainly was knowledge in existence and 8 available to the Gardaí in relation to threats from [blank] to Baiba Saulite. The members of An Garda 9 10 Síochána involved with Baiba Saulite readily admit this 10:56 11 in their reports." 12 13 Again, that seems to be referring to the reports of the 14 two previous contacts there in October/November. 15 10:56 16 And then the concluding paragraph is there; I don't 17 need to ask you about that. 18 19 But the focus there is almost exclusively on two dates 20 in November and only involving the sergeant and Garda 10:56 21 Nvhan. Were you concerned that that was an 22 unnecessarily narrow focus? 23 Detective Inspector Mangan did say he had interviewed Α. 24 Michael Byrne, the detective superintendent, and he had 25 also interviewed Detective Sergeant Ciaran McEneaney. 10.57 26 If I could just, by way of explaining how in my head 27 this should work: Again, in a situation like this, if you are looking for intelligence or information about 28 29 whatever it is, you would certainly expect that the

20

detective superintendent in the division would have
 that information or intelligence.

57 Q. Yes...
 A. And if I can just, as an aside, go forward to the investigation that was subsequently done in relation to 10:57 complaints to the confidential recipient, that was

6 proven to be the case; that any intelligence that was 7 8 there Detective Superintendent Byrne actually had that information. So the detective superintendent in the 9 division would certainly be one port of call that I 10 10.57 11 expect would have information. The second port of 12 call, I would say, is that the superintendent's office, 13 so if there was intelligence or information about a 14 particular threat, I would expect that that would be -it could be had in the superintendent's office in the 15 10:58 16 district office. And again, that was looked into by 17 Detective Inspector Mangan.

18In this particular case there was information which led19to an investigation in relation to Mr. Hennessy.20Detective Sergeant Ciaran McEneaney was centrally21involved in that investigation. So, if there was22information or intelligence to be had, I would expect23that he would have had it, and he didn't have any24information about a threat to Ms. Saulite.

10:58

26 So that's three different sources I would expect to 27 look at that.

28 29

25

3

4

5

And the fourth would be in relation to Pulse records;

21

| 1 | | | that if there was intelligence about a particular | |
|----|----|----|---|-------|
| 2 | | | person or a particular incident, that I would expect | |
| 3 | | | that that would be recorded on Pulse. | |
| 4 | 58 | Q. | Yes. I think you wrote, on receipt of this, back to | |
| 5 | | · | Detective Inspector Mangan, and perhaps we will just | 10:59 |
| 6 | | | look at that document page 884. And you're | |
| 7 | | | highlighting a number of issues that arose from the | |
| 8 | | | report? | |
| 9 | | Α. | Yes. | |
| 10 | 59 | Q. | And, to your knowledge, did he follow up on those? | 10:59 |
| 11 | | Α. | Yes, he did. | |
| 12 | 60 | Q. | Just on this point at the moment, that first report | |
| 13 | | | from Inspector Mangan, did you send that on to | |
| 14 | | | Assistant Commissioner McHugh? | |
| 15 | | Α. | No, I did not. | 11:00 |
| 16 | 61 | Q. | And the next matter was the receipt of a further | |
| 17 | | | report. Did you have any discussion with Inspector | |
| 18 | | | Mangan before the receipt of that as to what ought to | |
| 19 | | | be in it or? | |
| 20 | | Α. | I had a conversation, I believe, at the time when I | 11:00 |
| 21 | | | sent the correspondences on the screen, I had a | |
| 22 | | | conversation with Inspector Mangan and the terms of | |
| 23 | | | reference that we were given by the assistant | |
| 24 | | | commissioner at the time was to give views and | |
| 25 | | | recommendations. As Detective Inspector Mangan was | 11:00 |
| 26 | | | dealing with people face-to-face and on the ground, I | |
| 27 | | | thought that it was wholly necessary that he would give | |
| 28 | | | views and recommendations, so I did have that | |
| 29 | | | conversation with him. | |

1 Yes. Could we perhaps look at that second report of 62 Q. Inspector Mangan -- page 887. 2 3 Again, he refers to the tasking in paragraph 1. The same contacts described in paragraph 2. Go further 4 5 down, scrolling down, we see the next paragraph details 11:01 the November contact. The detail of the conversation 6 7 is recounted there. And if we scroll down, this is 8 Detective Sergeant McEneaney's report is referred to, and then Garda Nyhan's report is preferred to 9 10 previously there I think. 11:01 11 12 The same observations are put in there --13 Yes. Α. 14 63 Ο. -- about the victim impact report. We needn't day on 15 that page, we can go down to the final page then. SO. 11:02 16 it's a very similar document, except the new paragraph 17 is slightly different and the phrase put in there is, 18 the last sentence: 19 20 "In order to clearly outline the facts in existence I 11:02 21 respectfully suggest that this matter be formally 22 investigated." 23 24 Did you discuss that with him, either in advance of him 25 concluding that, or afterwards, to determine what it 11.02 meant or what he intended? 26 27 Α. No. I don't believe I did. I mean it was clear to me 28 from reading the document, you know, what was meant by, 29 you know, that last sentence.

| 1 | 64 | Q. | Yes. Okay. Anyway, that was the extent of his working | |
|----|----|----|---|------|
| 2 | | | to your brief to carry out the fact-finding? | |
| 3 | | Α. | Yes. | |
| 4 | 65 | Q. | And it's not it's not it didn't expand hugely on | |
| 5 | | | the amount of detailing of contacts at the time. Was ${}_{1}$ | 1:03 |
| 6 | | | that sent up to Assistant Commissioner McHugh? | |
| 7 | | Α. | Inspector Mangan's report? | |
| 8 | 66 | Q. | Yes. | |
| 9 | | Α. | From memory, I thought it would have been, but I read | |
| 10 | | | the transcripts from yesterday and I think there was a $\ \ _1$ | 1:03 |
| 11 | | | suggestion there that it was not sent, so I can't be | |
| 12 | | | sure. I thought I would have sent it but I cannot be | |
| 13 | | | sure now. | |
| 14 | 67 | Q. | In any event, whether it was sent or not, that wasn't | |
| 15 | | | your report? | 1:03 |
| 16 | | Α. | No. | |
| 17 | 68 | Q. | And it didn't contain the material in your report. | |
| 18 | | | These are four-page documents, yours is 18 or 19 pages, | |
| 19 | | | isn't that correct? | |
| 20 | | Α. | It was certainly a larger report, yeah. | 1:03 |
| 21 | 69 | Q. | And you sent that up on the 26th March. Perhaps we'd | |
| 22 | | | look at that. It commences at page 1963. You | |
| 23 | | | summarise it in your statement; that's there for all | |
| 24 | | | the parties to see and ask any questions about it, I am | |
| 25 | | | not going to read out your summary, nor am I going to ${}_{\scriptscriptstyle 1}$ | 1:04 |
| 26 | | | read the report. | |
| 27 | | | But you set out the background, and presumably you did | |
| 28 | | | this from all of the material that was available to | |
| 29 | | | you? | |

1 A. Yes.

29

- 2 That had been gathered. And you wrote this narrative 70 Q. 3 then as part of the report? Α. 4 Yes. 5 71 So you deal with her from her arrival, what was known Q. 11:04 about her since her arrival in the State, her 6 7 relationship, which is described there over a number of pages. At page 1967, you commence detailing garda 8 records of contacts with Ms. Saulite. And that covers 9 a period from the 1st November '01; you set out 16 10 11.05 11 different contacts that are reported upon there, down 12 to -- that's down to page 1972. And I suppose, can the 13 Chairman take it there was no other information 14 available to you? 15 I don't believe so, no. Α. 11:05 16 72 Part 4 then deals with reports of violence or 0. intimidation towards her. And that commences, then, 17 18 from the date of her statements made in January 2005 19 and recounting in great detail what she was alleging 20 there. 11:06 21 22 Chapter 5, at page 1976, deals with Sergeant Hughes's 23 report, his 17-page report. 24 25 You conclude in relation to that by summarising --11:06 "Sergeant Hughes..." there at 1977, at the bottom, 26 27 towards the bottom of the next page: 28
 - "Sergeant Hughes goes on to assert that in the absence

25

of any Garda intelligence to the contrary, he had no
 reason to believe that her fears about [blank] were of
 much significance."

Did you take that at face value, or did you have a view 11:06 about that?

7 A. I did have a view about that.

8 73 Q. And what was your view?

So there's a list of occasions which -- when Sergeant 9 Α. Hughes interacted with Ms. Saulite. 10 So, they were 11:07 11 documented in his report. He went back and talked 12 about different incidents which had happened and of 13 which he was aware of, so he did say he was aware of 14 all the intelligence that was available. This was all on Pulse. He was also aware of incidents in relation 15 11:07 16 to Ms. Saulite's solicitor and how that progressed. SO 17 initially there was information, and then more 18 information came which added to the information that he 19 had initially, I would say, about issues around 20 Mr. Hennessy. 11:07

21 74 Q. Yes...

4

5

6

22 He also, obviously, had -- so he said he had access to Α. 23 all his intelligence. He also knew of the burning of 24 Ms. Saulite's car outside her house. So that was 25 another piece of information he had. He also was told 11.08 by Ms. Saulite -- just in relation to the burning of 26 27 her car, he was given some information by her at the 28 meeting on the 14th November, which was certainly of 29 great relevance in my mind. And he also had this

26

victim impact statement in which she also said she was
in fear of somebody. And he certainly would have known
about the information in the statement that was taken
as part of the child abduction, you know, where she was
really stark, where she said, you know, that she was in 11:08
fear of her life: if something happened to me, well
then that might suit the agenda of another person.

So, all in all, there was a very significant amount of 9 information that Sergeant Hughes actually had. 10 And I 11.09 11 would say that he was a very experienced policeman, he 12 had just -- he had finished, or concluded, a complex 13 investigation in relation to the child abduction 14 issues. So I would say he had done very well in that. 15 So he was an experienced, capable information. And 11:09 16 given all of the information which he had, which I have 17 just outlined, most of it anyway, to say he had no 18 reason to believe that her fears were of much 19 significance, that was something that jarred with me, you know, that an experienced policeman, given the 20 11:09 amount of information that he had, that to say, you 21 22 know, just to say it was -- pass it off as being 23 unimportant or of no significance...

24

8

So that was what I took, you know, from that statement 11:10
from Sergeant Hughes.

27 75 Q. Yes. Part 5 goes on to deal with Garda Nyhan's report.
28 Part 6, at the bottom there. Part 7, over the major,
29 Sergeant McEneaney's. Part 8, the relevant case law,

27

- Osman. I mean had you heard of this Osman case before?
 A. Yes, I had.
- 3 76 0. And would you agree with me that, leaving aside the 4 issue of it being a court judgment or coming from the 5 European Court, it seems to encompass a fairly simple 11:10 6 proposition, that if the police are aware of a credible 7 or immediate threat to somebody's life and it comes 8 into their possession in the course of their duty. they're under an obligation to try and minimise any 9 risk? 10 11:11
- 11 A. Yes, the judgment, from my memory, is that where the 12 police knew or should have known of a threat to the 13 individual, that they were obliged to take action to 14 mitigate that threat and protect the person.
- 15 77 Q. It's obviously stated in a very general way and, I
 16 would think, inevitably must give rise to a great deal
 17 of difficulty in any individual case, or perhaps many
 18 individual cases?
- 19 Yes. And again, my reading and my understanding of the Α. Osman case was okay, so it put a responsibility on the 20 11:11 police organisation, but, to me, the police 21 22 organisation is obviously made up of individual police 23 officers and so that responsibility on the 24 organisation, I understand it, I'm not a gualified 25 legal person, but my reading of it is that that places 11.11 responsibility on the individual level police officer 26 27 to do something to mitigate the threat if and when they 28 get information, you know, about that threat. 29 78 You set out your views and recommendations at Ο. Yes.

1 Part 9 then of the report -- page 1979. And your 2 analysis is there. It recites, or highlights, a number 3 of matters which, I suppose, you must have regarded as key to your recommendation, is that right? 4 5 Yes. Α. 11:12 6 79 Ο. The final paragraph, on page 1980, seems to deal 7 exclusively really with the meeting, if we just go back 8 up the page, to the middle of 1980, and your observations there in the previous answer are obviously 9 10 relevant to this because you are quoting the same 11.13 11 portion of his assertion there? 12 Yes. Α. 13 And you refer to Osman again. And then in the 80 **Q**. 14 concluding paragraph, on the next page, you say: 15 11:13 16 "Taking account of the foregoing, it is apparent that 17 there was knowledge in existence and available to An 18 Garda Síochána in relation to threats from [blank] to 19 Baiba Saulite. The members of the Garda Síochána 20 readily admit this in their reports. In order to fully 11:13 21 outline the facts in existence and the level of actions 22 taken as a result of this knowledge coming into the 23 possession of members of An Garda Síochána, I recommend 24 that a full investigation should be carried out into this matter." 25 11:13 26 27 Now, obviously your task, as directed, was to carry out a fact-finding mission, investigation into knowledge 28 available to An Garda Síochána, and you refer to it 29

29

there in those terms as An Garda Síochána. You've
focused on Sergeant Hughes and Garda Nyhan there, and
the question is: Do you regard it as a fair and proper
investigation to have focused in on them in that way?
And if so, why?

6 Α. So I do think it was a fair and a comprehensive investigation. The investigation started off pretty --7 8 with a pretty broad perspective, and, as I have said, like, the sources where I would have expected 9 information or intelligence to be, so from the 10 11.14 11 detective superintendent, in the superintendent's 12 office, on Pulse, those source directed the 13 investigation in a particular direction. I've said --14 I mentioned already about Detective Sergeant McEneaney 15 who was centrally involved in the investigation of 11:15 16 matters in relation to John Hennessy, so he was asked, 17 you know, whether he had any information. Alan 18 Campbell, who was involved in the investigation, 19 assisting Sergeant Hughes, he was also asked had he any information. So, as the inquiry went on, it was plain 20 11:15 to me that the knowledge about particular threats to 21 22 Ms. Saulite were in the possession of Sergeant Hughes 23 and Garda Nyhan, and they had got those -- got that 24 knowledge and information from their engagement with 25 Ms. Saulite. as well as their access to intelligence 11:15 and records of incidents as set out on Pulse. 26 27 81 Q. Well, there were certainly the gardaí who had most 28 recently met her in person, it would seem, and had received the document? 29

30

1 Α. Yes.

2 They're the two key facts? 82 Q.

- 3 I think -- I mean, the document was certainly of some Α. relevance, but I'd say, given the information and 4 5 knowledge, you know, that the members had in relation 11:16 to threats towards Baiba Saulite, in-the-round I think, 6 7 you know, there was sufficient information there to 8 suggest well, there may be something here that we need to take some action about. 9
- Well I suppose it follows that, as far as you were 10 83 Q. 11:16 11 concerned, at this point in time there were no other members of an Gardaí in a similar position in any way 12 13 comparable to them, is that a fair way of putting it? 14 Α. That is a fair comment, yes. I mean, I think I have 15 outlined, you know, what the information that I could 11:17 16 see that they had. You know, in the report from 17 Sergeant Hughes, he talked about in the absence of any 18 intelligence, and other than a report from Garda Alan Campbell he had no reason to suspect that he was 19 20 dealing with a dangerous criminal, I think was the 11:17 But even that intelligence from 21 language he used. 22 Garda Campbell I think was something that should have 23 maybe made him think that was there some action that 24 needed to be taken here, as well as the information 25 given by Ms. Saulite at the meeting on the 14th 11:17 November. 26
- 27 84 Yes. The report submitted to Assistant Commissioner Q. McHugh had a number of appendices, including her 28 29 original statements, obviously the draft victim impact

31

| 1 | | | report, Sergeant Hughes's report, Garda Nyhan's report, |
|----|----|----|--|
| 2 | | | Detective Sergeant McEneaney's report, and a very |
| 3 | | | considerable volume of Pulse records? |
| 4 | | Α. | Yes. |
| 5 | 85 | Q. | And it does not appear to have appended to it either of 11:18 |
| 6 | | · | the two Mangan reports, if I could suggest that. Is |
| 7 | | | that right, is that accurate? |
| 8 | | Α. | Yeah, I was surprised when I read the transcripts, I |
| 9 | | | thought I certainly would have sent Christy Mangan's |
| 10 | | | report with my own, despite the fact that, as you said 11:18 |
| 11 | | | yourself, I had taken the information from his report |
| 12 | | | and used it in my own report. |
| 13 | 86 | Q. | There doesn't appear to be any evidence of that, but |
| 14 | | | obviously we're going to review the situation. Whether |
| 15 | | | it makes a difference or not, this was your report? 11:18 |
| 16 | | Α. | Yes. |
| 17 | 87 | Q. | What did you mean when you said a full investigation |
| 18 | | | should be carried out? |
| 19 | | Α. | I believed that the information which I had, which I |
| 20 | | | had in front of me, that there was a compelling case to $_{11:18}$ |
| 21 | | | institute discipline proceedings, and that's what I was |
| 22 | | | referring to. |
| 23 | 88 | Q. | I am not sure is it capable of this view: you hadn't |
| 24 | | | the responsibility, in reporting on this issue in this |
| 25 | | | way, of making a decision about discipline, is that |
| 26 | | | right? |
| 27 | | Α. | That's correct, yeah. |
| 28 | 89 | Q. | You weren't expressly tasked to address the issue of |
| 29 | | | whether you should initiate discipline or whether you |

| McHugh to take that action. 92 Q. And is that something you discussed with him? 18 A. No, I don't believe I did. I sent him the report. He could make a decision, you know, on, you know, what I had presented to him. 93 Q. Were you surprised by his decision to initiate the disciplinary investigation? A. No, not at all. I would be more surprised if discipline had not been instituted. | 1 | | | should recommend discipline? | |

I would expect that Assistant Commissioner McHugh, when he read that report, would also understand what I was recommending. 91 Q. Yes. In the question and answer document, which was sent to you and which you completed, you've expressed a initial view that you thought no other outcome was really likely but that there would be a discipline investigation? | | 29 | | | had decided to do that and had appointed you to do it. | |

1 Did he consult you before appointing you to do it? 2 No, he did not. I mean I got the letter from him, is Α. 3 my memory. He may have said to me: look it, I am appointing you to do a discipline investigation on 4 5 this. But there was no conversation in mind that I 11:21 6 remember, you know, that he was saying you must go in a 7 particular way, you should go in a particular way with 8 the discipline.

9 96 Q. Yes. Did you consider yourself whether this was an
10 unfair investigation that you were now being asked to 11:21
11 conduct; that it was in some way scapegoating the two
12 members?

- A. I think -- well, at the time I certainly would not have
 thought it was unfair. And that is still my position,
 that I believe it was -- there were compelling reasons. 11:22
 I would go so far as to say that if Assistant
 Commissioner McHugh had not gone that road, that he may
 have been in neglect of duty himself.
- 19 97 we've heard a lot, obviously, already from Sergeant Q. Hughes about his interaction with you and Inspector 20 11:22 Dwyer in connection with the disciplinary inquiry. 21 Ι 22 don't intend to open all of the documents that we have 23 seen twice already, but if there's any particular 24 document that you think we need to refer to, please 25 indicate that. 11:22
- 26
 27 Obviously the issue of interviewing Sergeant Hughes was
 28 a very important part of it, and I think steps were
 29 taken to try and get him to attend for an interview at

34

Store Street in November of 2007.

2 A. Yes, that's correct.

3 98 Q. And an arrangement had been set up, to your knowledge I4 think, is that right?

- 5 A. Yes, I had contacted him and told him I wanted him to 6 come in and to be interviewed. So that was the contact 7 I had and that's what I had asked him to do.
- 8 99 Q. Yes. We know a fax was sent in, and then there was
 9 some phone calls that you had with Sergeant Hughes. I
 10 think you made a note of that in your journal at the 11:23
 11 time.
- 12 A. I did make a written note of the conversation I had13 with Sergeant Hughes, yeah.
- 14100Q.But can you just recount to us what was said, to the15best of your memory, there?

11:24

16 So, you alluded to a fax which I had from Séan Costello Α. 17 Solicitors which told me that Sergeant Hughes was out 18 suffering from work related stress and, as such, he 19 would not be attending to be interviewed by me. I was told then by some of my staff in the office that 20 11:24 Sergeant Hughes had called and was looking to talk to 21 22 I was engaged on something and my memory is I rang me. 23 him back and I had a conversation with him, and he said 24 he was out sick, that he was feeling pretty low, or 25 words to that effect, and I told him that my intention, 11:24 because I had been told he was out suffering from work 26 27 related stress, that it might be unsafe to interview 28 him, from his own health perspective, and that I would seek advice from the Chief Medical Officer about 29

35

| 1 | | | whether it was safe to go ahead and interview him. And | |
|----|-----|----|---|-------|
| 2 | | | when I say 'safe', I mean, you know, from the | |
| 3 | | | perspective of his mental, I suppose, and physical | |
| 4 | | | health. | |
| 5 | 101 | Q. | Yes. Had you in fact known any of the detail of his | 11:25 |
| 6 | | | record of sickness or absence from work, or the reasons | |
| 7 | | | for it or? | |
| 8 | | Α. | NO . | |
| 9 | 102 | Q. | Had you seen any medical reports yourself? | |
| 10 | | Α. | NO. | 11:25 |
| 11 | 103 | Q. | And you didn't enquire into that when you were talking | |
| 12 | | | to Sergeant Hughes about | |
| 13 | | Α. | No. | |
| 14 | 104 | Q. | when he would be back or how bad it was or anything | |
| 15 | | | like that? | 11:25 |
| 16 | | Α. | No. | |
| 17 | 105 | Q. | Was there any conversation, from his point of view, | |
| 18 | | | indicating that he wanted to tell you about all sorts | |
| 19 | | | of other things when he came to see you? | |
| 20 | | Α. | Absolutely not. | 11:25 |
| 21 | 106 | Q. | According to his recollection, he raised issues | |
| 22 | | | relating to failures in relation to investigations, | |
| 23 | | | systems failures, being targeted. Was there any | |
| 24 | | | mention of anything like that, to your knowledge? | |
| 25 | | Α. | Absolutely not. And had there been, I am certain I | 11:26 |
| 26 | | | would have recorded that in the note that I made | |
| 27 | | | contemporaneously with the conversation. | |
| 28 | 107 | Q. | Perhaps we will just look at that. That's at page 840. | |
| 29 | | | I don't know is that good enough for you to make out | |

1 your own handwriting? 2 I am probably one of the few people in the room that Α. 3 could read my own handwriting. 4 CHAI RMAN: I don't have any difficulty reading it, I 5 have to say. 11:26 6 108 MR. McGUI NNESS: would you mind reading that out just Q. 7 for the transcript? 8 Yes. So there's the date, it's 8th November '07. Α. It 9 says: 10 11:27 11 "I called Sergeant Hughes back following a call from 12 He said he had met his solicitor, Séan Costello, him. 13 who advised him not to attend a meeting with me 14 tomorrow. Said he was feeling awful but would come in 15 He says he knows his obligations to meet me anyway. 11:27 16 under the Garda Act and I told him I would seek advice 17 from the Chief Medical Officer and would revert to him 18 in early course." Yes. I think you wrote to his solicitors the next day 19 109 Q. 20 in fact, if we just go to the next page, to inform them 11:27 21 of that, isn't that correct? 22 That's correct, yeah. Α. 23 And then page 842, you're writing to the Chief Medical 110 **Q**. 24 Officer then? 25 Α. Yes. 11:27 111 26 And --0. 27 And just on that, in the papers I did receive I saw Α. that there was a suggestion, or an allegation made, 28 that I didn't contact -- I had not contacted the Chief 29

37

1 Medical Officer for quite some time, but I actually 2 sent those two pieces of correspondence the following 3 day, having spoken to Sergeant Hughes and received the fax from his solicitor. 4 5 112 Yes. I think time passed, and I think you sent several 11:28 Q. 6 reminders to the CMO, is that right? That's correct, yeah. 7 Α. 8 113 I think you yourself were being enquired of by the 0. 9 assistant commissioner as to what was happening at 10 various different stages. February '08, Inspector 11:28 11 Dwyer was on to Dr. Quigley again in February '08. There was correspondence back and forward with Séan 12 13 Costello Solicitors on Sergeant Hughes's part. Were 14 you aware whether or not he was being seen by the CMO 15 and/or other doctors in that period and that he was in 11:29 16 fact reviewed? 17 No, I wasn't aware of that. Α. 18 114 And did you become aware, at a later stage in 2008, Q. 19 that the CMO had proposed to retire him on medical 20 grounds and that was then an issue between the 11:29 organisation and Sergeant Hughes and his solicitors? 21 22 No, I wasn't aware of that. Α.

23 115 Q. In any event, you were, I think in the interim, able to
24 complete your investigation file in relation to Garda
25 Nyhan who had been interviewed in the spring of '08, I 11:29
26 think?

27 A. Yes.

28 116 Q. And you reported back to the assistant commissioner and
29 he discontinued the proceedings as -- or took no

38

further steps and actually discontinued the proceedings
 in relation to him?

3 A. That's my memory of what happened, yes.

- 4 117 I think you were being requested to provide updates in 0. 5 August '08, and perhaps we will look at one of the 11:30 6 replies on page 2193. And if we go down there, this is 7 a -- the Deputy Commissioner, Mr. Callinan, was anxious 8 that matters would proceed and an update was sought through the assistant commissioner and down to you. 9 10 And this was your response sent back up at that point $11 \cdot 30$ 11 in time. And I think that was mirrored again in a 12 later response, the following month, in September '08, 13 isn't that correct?
- 14A.Yes.There were a number of pieces of correspondence15that I sent.11:31
- 16 Yes. In the end, you corresponded with Sergeant Hughes 118 Q. on the 2nd October '08 on the basis that you were now 17 18 proposing to interview him in the light of indications 19 that had been received from the CMO about the 20 disciplinary matter being progressed, isn't that right? 11:31 That's correct. 21 Α.

22 119 Q. And that was construed, and I think --

A. Sorry, that piece of correspondence came from Assistant
 Commissioner HRM.

25 120 Q. HRM, yes.

A. Whom I had written to as well to say, look it, I asked
the question -- I looked for advice as to whether I
should go and interview Sergeant Hughes if he was
willing to be interviewed in the absence of advice from

11:31

39

| 1 | | | the CMO. So that was the context. |
|----|-----|----|--|
| 2 | 121 | Q. | Yes |
| 3 | | Α. | And then in September, I had a response, you know, from |
| 4 | | | Assistant Commissioner HRM to go ahead. |
| 5 | 122 | Q. | Yes. And I think Inspector Dwyer met Sergeant Hughes 11:32 |
| 6 | | | and received a document from him then, and there was |
| 7 | | | some clarifications sought in relation to the document? |
| 8 | | Α. | Yes. |
| 9 | 123 | Q. | It was forwarded up to you in due course and you |
| 10 | | | instructed that a number of issues be clarified with $11:32$ |
| 11 | | | him, and you wrote, on the 17th December, to a number |
| 12 | | | of people, but to Inspector Dwyer, in relation to that. |
| 13 | | | |
| 14 | | | Perhaps if we just look at 2252. And this was a |
| 15 | | | document which identified the the letter identified $11:33$ |
| 16 | | | matters falling into different categories. And this |
| 17 | | | was directed to you then by the Assistant Commissioner |
| 18 | | | McHugh in fact, isn't that correct? |
| 19 | | Α. | Yes. |
| 20 | 124 | Q. | And if we see on the following page, these matters were $_{11:33}$ |
| 21 | | | taken on board by you in the context of furthering your |
| 22 | | | investigation? |
| 23 | | Α. | Yes. |
| 24 | 125 | Q. | And I think Inspector Dwyer tried to make arrangements, |
| 25 | | | unsuccessfully, on a number of occasions to meet |
| 26 | | | Sergeant Hughes, and eventually met him for |
| 27 | | | clarification purposes |
| 28 | | Α. | Yes. |
| 29 | 126 | Q. | and interviewed him in February '09 and provided a |
| | | | |

| 1 | | | report to you in relation to that? |
|----|-----|----|--|
| 2 | | Α. | That's my memory of what happened, yes. |
| 3 | 127 | Q. | Now, insofar as any of the issues raised in his |
| 4 | | | document related to other matters, did you have a view |
| 5 | | | yourself as to what you could bring in or not into the $_{ m 11:34}$ |
| 6 | | | investigation? |
| 7 | | Α. | So, the disciplinary investigation was instigated under |
| 8 | | | the 1989 An Garda Síochána (Discipline) Regulations, |
| 9 | | | and that's explicit about what might or should be |
| 10 | | | examined or investigated. So, there's a form B33 11:34 |
| 11 | 128 | Q. | Yes |
| 12 | | Α. | which was served on Sergeant Hughes by me, and that |
| 13 | | | sets out the allegation that he may have been in breach |
| 14 | | | of discipline by in relation to this particular |
| 15 | | | action. So that was the scope of the investigation. $_{11:34}$ |
| 16 | | | And, you know, I think that was would be pretty well |
| 17 | | | known within An Garda Síochána around discipline |
| 18 | | | inquiries. |
| 19 | 129 | Q. | Yes |
| 20 | | Α. | That the matters which were investigated, or being |
| 21 | | | inquired into, were only in relation to the matters as |
| 22 | | | set out in the B33 and like, the regulation is or |
| 23 | | | there was a Garda Headquarters directive setting out |
| 24 | | | notes on the Discipline Regulations 1989 and, for |
| 25 | | | example, that HQ Directive was explicit as to what |
| 26 | | | would happen. So, if the member concerned was there |
| 27 | | | was an indication that he or she was not in breach of |
| 28 | | | the particular breach of discipline which had been |
| 29 | | | alleged in Form B33, that the investigating officer |
| | | | |

1 could not go off, of his own volition, and investigate 2 maybe if there was another breach that the member concerned may have committed. So, in my mind and my 3 understanding of it, and it's still my understanding of 4 5 it, was that the scope of my investigation was 11:36 constrained to the matters set out in the form that was 6 7 served on Sergeant Hughes. And I would have expected, 8 you know, that certainly, like, that his advice would be, you know, to that effect as well. 9 I mean you can't go off investigating other 10 130 Q. Yes. 11:36 11 officers or other events at all. You have to 12 investigate what's specified in the order appointing 13 you which defines the matter to be investigated? 14 Α. Yes, that's correct. 15 131 You furnished a report to the assistant commissioner Q. 11:36 16 then on the 3rd June. And that's at page 907 of our 17 documents. I don't think we need to go through it in 18 detail. You recite various steps and statements and 19 issues. 20 At page 12 of the document, internal pagination page 11:37 198, you set out the additional clarifications that 21 22 Inspector Dwyer had obtained when he was re-interviewed, isn't that right, in '09? 23 24 Yes. Α. 25 You set out a lot of detailed background information 132 0. 11.37 If we go to page 924, and if we scroll down 26 obviouslv. 27 the page please... If we stop there. Just above that there's an extract from a statement made by a friend of 28 Ms. Saulite's who had been interviewed in connection 29

42

| 1 | | | with the writing of the document | |
|----|-----|----|---|-------|
| 2 | | Α. | Yes. | |
| 3 | 133 | Q. | isn't that correct? You focused there on her | |
| 4 | | | knowledge and experience of Ms. Saulite after the | |
| 5 | | | person making the statement had come back from her | 11:38 |
| 6 | | | summer holidays. And it sort of describes | |
| 7 | | | Ms. Saulite's social habits at that point in time. You | |
| 8 | | | seem to have taken that into account in assessing the | |
| 9 | | | level of threat, or the immediacy of any threat, is | |
| 10 | | | that why it's there? | 11:39 |
| 11 | | Α. | Sorry, in relation to what now exactly? I am not sure | |
| 12 | | | what exactly you are referring to. | |
| 13 | 134 | Q. | Yes. Well, perhaps if we just glance very quickly at | |
| 14 | | | the portion of this statement. If we scroll back up to | |
| 15 | | | see the paragraph and then take it down very quickly. | 11:39 |
| 16 | | | Then if we just go on to the next page very quickly, | |
| 17 | | | and then if we go down to the bottom paragraph, bottom | |
| 18 | | | paragraph only, please. | |
| 19 | | | | |
| 20 | | | You've included that as an apparently relevant issue in | 11:39 |
| 21 | | | terms of assessing how she saw herself, or how she was | |
| 22 | | | behaving at that point in time. | |
| 23 | | Α. | Yes, I thought it was relevant as background. | |
| 24 | 135 | Q. | Yes. Okay. Your final paragraph here, if we just go | |
| 25 | | | to the beginning of that paragraph, just there, and you | 11:40 |
| 26 | | | report: | |
| 27 | | | | |
| 28 | | | "This investigation has not established that the member | |

| 1 | | | immediate threat to the life of Ms. Saulite." | |
| 2 | | | | |
| 3 | | | Presumably that's based primarily on his own | |
| 4 | | | explanation provided in the course of the | |
| 5 | | | investigation? | 11:40 |
| 6 | | Α. | Sorry, so the Discipline Regulations place the | |
| 7 | | | responsibility on the investigating officer to report | |
| 8 | | | anything which went in favour of the member concerned. | |
| 9 | 136 | Q. | Yes | |
| 10 | | Α. | And that's what I was doing there. | 11:40 |
| 11 | 137 | Q. | Yes | |
| 12 | | Α. | And I certainly believe that I gave the information | |
| 13 | | | which was in his favour, and some of it is referred to | |
| 14 | | | in that final paragraph in my report. | |
| 15 | 138 | Q. | Yes. You record there: | 11:41 |
| 16 | | | | |
| 17 | | | "Sergeant Hughes denies having read the victim impact | |
| 18 | | | report wherein she actually states she feared for her | |
| 19 | | | life and there is no evidence to hand that would appear | |
| 20 | | | otherwise. " | 11:41 |
| 21 | | | | |
| 22 | | | And that was the result of your investigation at that | |
| 23 | | | time? | |
| 24 | | Α. | Yes. And that was a statement of fact so We hadn't | |
| 25 | | | been able to prove, you know, that he had read the | 11:41 |
| 26 | | | document on the day he received it. | |
| 27 | 139 | Q. | And you go on to address the sort of ought to have been | |
| 28 | 100 | Υ. | aware issue, it would seem, in the following sentence: | |
| 28 29 | | | aware issue, it would seem, in the forlowing sentence. | |
| 29 | | | | |

1 "Even if he had read the report in full, it is unlikely 2 the contents could be interpreted as a real and immediate risk to the life of Ms. Saulite." 3 4 5 Presumably you didn't focus entirely on the final 11:42 6 sentence of the victim impact report in coming to that 7 Did you have regard to the whole of the course view. of conduct of interaction? 8 Yes, I did. Yes, I did. And I mean -- so the facts 9 Α. that I had outlined, you know, as to why I thought a 10 11.42 11 disciplinary inquiry was appropriate, all that 12 information, you know, was in the report which Sergeant 13 Hughes gave to Inspector Dwyer as part of the 14 discipline investigation. 15 140 And you submitted this, in any event, on the 3rd June. Q. 11:42 16 And did you have any discussion with the assistant commissioner about it, or the effect of it, or the 17 18 meaning of it or...? I don't believe I did, no. 19 Α. I think you were formally informed of the decision to 20 141 **Q**. 11:42 21 discontinue as against Sergeant Hughes? 22 Yes. Α. 23 Do you want to say anything further in relation to the 142 **Q**. 24 disciplinary investigation? No, I don't believe so. Well sorry, the discipline 25 Α. 11.43obviously took a lot longer than I would have wished it 26 27 would take. I think the main point of delay was in relation to me seeking advice from the Chief Medical 28 Officer as to whether it was safe to interview Sergeant 29

45

Hughes or not. And, as I said already, by 'safe' I 1 2 mean that would -- could this adversely affect his mental or physical health and well being? So I was 3 certainly conscious of my obligations -- I mean I had a 4 5 duty of care to him as well -- as well as trying to get 11:43 6 the investigation completed. So that was a significant 7 point of delay, as I have said.

8

20

26

The other thing that was relevant was that -- and I 9 alluded to it already -- was that Sergeant Hughes 10 11 continued to insist, if you like, that cognisance be 12 taken of matters of bullying and harassment which he 13 was alleging, which could not have come within the 14 scope of the discipline regulations, and I think he should have known that, or should have been advised 15 11:44 16 about that. But the fact that these allegations kept 17 coming, you know, as part of the inquiry into the 18 discipline breach that he may have been guilty of. SO 19 those matters had to be considered.

Ultimately, that came to a conclusion where Inspector 21 22 Dwyer wrote and asked if Sergeant Hughes wished to make 23 a formal complaint about those issues of bullying and 24 harassment, the issues which were outside of the remit 25 of the actual discipline investigation.

27 So that certainly took -- was a cause of some time 28 being spent on considering those and in responding. 29 So, they're the points I would make just in relation to

1 the disciplinary investigation.

2 143 Q. Yes. Obviously you received another direction to
3 investigate matters contained in a report received by
4 the confidential recipient in October of 2008, when you
5 were appointed to that. Perhaps we'd look at page 11:45
6 2661.

8 And if we just scroll down there. That's enclosing the 9 copy sent to the Commissioner by Mr. McCarthy. If we 10 scroll down then, we will see the document that was 11:46 11 furnished. And you received this obviously?

12 A. Yes, I did, yeah.

7

- 13 144 Q. Yes. And I think there is no name on that, is that
 14 correct? There's nobody identified as the confidential
 15 reporter in that document? 11:46
- 16 In both the regulations, which set out the confidential Α. 17 recipient process, and in a charter, as it was called, 18 which was circulated by way of a HQ Directive, both of 19 those documents were explicit that the identity of the 20 confidential reporter would not be disclosed except in 11:47 exceptional circumstances. And that was the case here, 21 22 that I was not told who the confidential reporter was. 23 And throughout the investigation, while you could 24 surmise, you know, from the investigation, as to who 25 this person may be, it was never disclosed to me who 11:47 26 the confidential reporter actually was. 27 145 Yes. I think we have seen correspondence yesterday, Q.
- which was a report from Inspector Dwyer in December
 '08, where he informed Sergeant Hughes that you had now

47

| 1 | | | heen appointed to do the Daily Star investigation and | |
|----|-----|----|---|-------|
| | | | been appointed to do the Daily Star investigation and | |
| 2 | | | the confidential reporting investigation. So he seems | |
| 3 | | | to have been certainly told, and presumably you learnt | |
| 4 | | | that he had been told that and you must have, at that | |
| 5 | | | stage, realised, if you hadn't deduced beforehand, that | 11:47 |
| 6 | | | he was the confidential reporter? | |
| 7 | | Α. | I could have deduced that, but I was not I was never | |
| 8 | | | informed of that. | |
| 9 | 146 | Q. | Yes | |
| 10 | | Α. | So | 11:48 |
| 11 | 147 | Q. | in any formal way | |
| 12 | | Α. | No. | |
| 13 | 148 | Q. | by any disclosure to that effect? | |
| 14 | | Α. | That's correct. And in the papers which I received, | |
| 15 | | | probably about this time two years ago, I saw that | 11:48 |
| 16 | | | there was a question put to Mr. Hughes as to whether | |
| 17 | | | his identity was ever disclosed, and his response | |
| 18 | | | there, if I remember it correctly was, no, it wasn't | |
| 19 | | | disclosed but he would have had no problem if it had | |
| 20 | | | been. So he acknowledged it was never disclosed | 11:48 |
| 21 | | | either, as far as he knew. | |
| 22 | 149 | Q. | | |
| 23 | | • | the public as opposed to to you. But anyway, that's | |
| 24 | | | the way you took it? | |
| 25 | | Α. | Yes. | 11:48 |
| 26 | 150 | Q. | I think the Commissioner sought a report on the present | 11.40 |
| 27 | 190 | ų. | position from you in early December 2008. And perhaps | |
| 27 | | | | |
| | | | we'd look at page 2667. If you just scroll down there. | |
| 29 | | | And you reply to that on the next page 2668. And | |

1 it's a short, just, update. Was this the first update 2 you gave to him? 3 Α. From my memory, I think it is. 151 And you say: 4 0. 5 11:49 6 "Further to yours of the 3rd I am to report that 7 significant progress has been made in respect of this 8 investigation. 9 10 An investigation team has been established to enquire 11.4911 into all matters contained in the report to the Garda 12 Síochána confidential recipient. 13 14 To date in excess of 300 jobs have been completed by 15 the investigation team. An analysis of the outcome of 11:49 16 these enquiries has resulted in a number of further 17 lines of enquiry which are currently being progressed. 18 19 I will report further in early course." 20 11:50 21 And there's a note in fact then that you called to meet 22 him in person on what turned out to be Christmas Eve 23 that year --24 Yes. Α. 25 -- to give a general outline of the progress of it, 152 0. 11.50which was ongoing. And I think there's a note there 26 27 "to keep the DPP informed as the latter has to decide 28 on the criminal file already with his office." 29

49

1 That was just a side issue obviously. 2 Yes. Α. 3 153 Had you anything further to update him about on that 0. 4 day when you --5 So I would have told him, you know, who the -- who I Α. 11:50 6 had appointed in the investigation team. 7 154 Yes... **Q**. So Gabriel O'Gara, I don't -- I can't recall was he a 8 Α. detective inspector or superintendent at the time I 9 10 appointed him, he was appointed by me as the lead 11.5111 person in carrying out the investigation, and I would 12 probably suggest that his role was like a senior 13 investigating officer. I had never worked with Gabriel 14 O'Gara, but I was aware that he was -- in my opinion, 15 he was one of the best investigators, I would say, 11:51 16 that -- certainly in Dublin, in the Dublin region at 17 the time. He brought Inspector Peter O'Boyle with him, 18 who was also very highly thought of as an investigator. 19 So I was certainly looking to have, you know, the best people that I could possibly have to conduct the 20 11:51 investigation. 21 22 Yes. And just to, I suppose, encapsulate the time that 155 Q. 23 that investigation took. From your appointment in 24 October '08, you were, I think, furnishing a final 25 report by the 10th April 2010? 11:51 26 Now the Tribunal isn't inquiring into the allegations 27 of wrongdoing, as it were, in the confidential 28 reporter's report, but just to outline, as you have 29 done in your statement, what were the issues that you

50

1 reported upon. If we look at page 831 of your 2 statement. There's eight headings there which all 3 relate to, I suppose, linked -- all linked concerns that were expressed and that you were required to 4 5 investigate? 11:52 6 Yes. Α. And I am not going to go through all of them in any 7 156 **Q**. 8 detail, but did you investigate all of those? Yes. And I would say we investigated them thoroughly 9 Α. 10 and comprehensively, as thoroughly and comprehensively 11.53 11 as we possibly could. 12 Yes... 157 Q. Yes, there was a huge number of jobs. You know, these 13 Α. 14 are tasks given to some of the investigators. 15 158 Yes... Q. 11:53 16 So, for all intents and purposes, to me, it was akin to Α. 17 the type of investigation you would instigate in the event of a murder happening. 18 19 159 Yes. The final report, as it were, had appended to it Q. statements from, I think, 104 persons, somewhat 20 11:53 21 multiple statements, and they were all the ones deemed 22 relevant to be included with the report, isn't that 23 correct? 24 That's correct, Chairman. Α. 25 And the documents are listed at page 3159 of our 160 0. 11.5426 papers. And you included a list of documents amounting 27 to 191 documents. 28 Α. Yes. 161 Some of them very voluminous. 29 Ο.

51

1 A. That's correct, yeah.

| 2 | 162 | Q. | An issue arose, I think, in connection with a further | |
|----|-----|----|---|-------|
| 3 | | | letter sent to the confidential recipient in December | |
| 4 | | | '08 I think, isn't that correct? | |
| 5 | | Α. | That's correct. I believe so, yes. | 11:54 |
| 6 | 163 | Q. | You became aware of that. And I am not going to open | |
| 7 | | | the document but it related to concerns expressed by | |
| 8 | | | Sergeant Hughes which touched on the issue of the | |
| 9 | | | knowledge, prior knowledge of a threat to Ms. Saulite's | |
| 10 | | | life, isn't that correct? | 11:54 |
| 11 | | Α. | That is correct. And I am conscious of the | |
| 12 | | | sensitivities and the dangers around this. | |
| 13 | 164 | Q. | Yes | |
| 14 | | Α. | But I would say that that issue was thoroughly and | |
| 15 | | | fully investigated and was found not to be grounded in | 11:55 |
| 16 | | | fact. | |
| 17 | 165 | Q. | Yes. And can you confirm that, without identifying | |
| 18 | | | anyone of course, that all recorded interviews were | |
| 19 | | | examined in relation to that person? | |
| 20 | | Α. | That's correct, yes. | 11:55 |
| 21 | 166 | Q. | I think you sourced and were provided with all | |
| 22 | | | intelligence reports from a member of An Garda Síochána | |
| 23 | | | who had been in a position to report on that person? | |
| 24 | | Α. | That is correct, yeah. | |
| 25 | 167 | Q. | In particular, reports which had been made | 11:55 |
| 26 | | | contemporaneously by that officer and forwarded | |
| 27 | | | contemporaneously with all the contacts that were had | |
| 28 | | | with the other person throughout 2006? | |
| 29 | | Α. | That's correct. | |
| | | | | |

| 1 | 168 | Q. | And you received all of those reports? | |
|----|-----|----|---|-------|
| 2 | | Α. | Yes. | |
| 3 | 169 | Q. | And you obtained statements from the officer and | |
| 4 | | | everyone connected with the receipt of those? | |
| 5 | | Α. | Yes. | 11:56 |
| 6 | 170 | Q. | And the analysis of those? | |
| 7 | | Α. | Correct. | |
| 8 | 171 | Q. | And I think you're aware that the material comprising | |
| 9 | | | of the interviews of the person, all of the | |
| 10 | | | intelligence reports, were made available to the | 11:56 |
| 11 | | | Tribunal in unredacted form? | |
| 12 | | Α. | Yes. | |
| 13 | 172 | Q. | And seen by a member of the Tribunal? | |
| 14 | | Α. | I understand that was the case. | |
| 15 | 173 | Q. | And I think any material sought by the Tribunal was | 11:57 |
| 16 | | | allowed to be inspected unredacted? | |
| 17 | | Α. | My understanding obviously I wasn't involved with | |
| 18 | | | that, but yes, that's my understanding of what | |
| 19 | | | happened. | |
| 20 | 174 | Q. | And can you say, with absolute satisfaction and truth, | 11:57 |
| 21 | | | that the investigations, in particular this one that we | |
| 22 | | | have been speaking about, was conducted to the fullest | |
| 23 | | | extent possible and disclosed no prior knowledge of an | |
| 24 | | | express or direct threat of a plan to kill Ms. Saulite | |
| 25 | | | known to the Gardaí prior to her murder? | 11:57 |
| 26 | | Α. | So, from the inquiries that were made as part of that | |
| 27 | | | investigation I am absolutely sure that there was no | |
| 28 | | | prior information or intelligence available to An Garda | |
| 29 | | | Síochána in relation to the matter that you're talking | |

| 1 | | | about | |
|--------|-----|----|---|-------|
| 1 2 | 175 | 0 | about. | |
| 2 | 175 | ų. | You've commented, in your statement, on a systems failure and the extent to which any member, or former | |
| | | | | |
| 4 | | | member, had a view on that, and you reported in your | |
| 5 | | | report on one member who agreed with that in hindsight? | 11:58 |
| 6 | | Α. | Yes. | |
| 7 | 176 | Q. | You've explained how you viewed and how you | |
| 8 | | | investigated a number of the issues in your statement | |
| 9 | | | relating to the eight topics there? | |
| 10 | | Α. | Yes. | 11:58 |
| 11 | 177 | Q. | As you know, the Tribunal isn't empowered to | |
| 12 | | | investigate the protected disclosure and the issues | |
| 13 | | | identified as such, so I don't intend to ask you any | |
| 14 | | | further questions about that. | |
| 15 | | | But in terms of methodology, was it done, in a sense, | 11:59 |
| 16 | | | in a way comparable to a criminal investigation a | |
| 17 | | | jobs book, a dedicated team to seek out and follow | |
| 18 | | | lines of inquiry in relation to each of the issues? | |
| 19 | | Α. | Yes, it was. And, as I have said, Superintendent | |
| 20 | | | O'Gara would have been the senior investigating | 11:59 |
| 21 | | | officer, I'd say, in many, many, cases of murder and | |
| 22 | | | other very serious investigations. So that was the | |
| 23 | | | approach that was taken with a jobs book and tasks | |
| 24 | | | being given to various people, and they would come back | |
| 25 | | | then and report on the results of, or the outcome of | 11:59 |
| 26 | | | their enquiries. | |
| 27 | 178 | Q. | Yes. The headings in the report are there for all to | |
| 28 | | | see in terms of what you what topics you looked at, | |
| 29 | | | what members you interviewed, and you interviewed all | |
| - | | | | |

of the senior members of the districts and division, 1 2 whether serving or retired, who had any dealings at all with any of the issues, isn't that correct? 3 That's correct, yes. Just in addition to that, we also 4 Α. 5 did a trawl on Pulse, and I talked earlier about what I 12:00 6 would expect to be available on Pulse, what would be 7 I think there were 74 different inputted in there. 8 members of An Garda Síochána who were linked in some way with Ms. Saulite or Mr. A, and every one of those 9 people were interviewed, you know, to see had they any 10 12.01 11 information about a specific threat to Baiba Saulite. 12 Yes. On page 836 of your statement you say you "wish 179 Q. 13 to assert that the investigation into the allegations 14 contained in the report from the confidential recipient 15 was properly conducted in terms of the scope of the 12:01 16 investigation and in the scale. Having conducted 17 in-depth investigations into each of the allegations 18 set out in the report from the confidential recipient 19 the investigating team did not find evidence to support 20 the allegations as set out above." 12:01 21 22 That is what you reported --23 Yes. Α.

24 180 Q. -- to the Commissioner. And you provided him with the
25 report, and it's many volumes, it runs to several 12:01
26 volumes in itself, leaving aside any documentation.
27 A. From memory, I think there were probably 13 or 14
28 volumes.

29 181 Q. You were asked also, in December 2008, to conduct an

55

1 investigation into an article that had been published 2 in the Daily Star. Do you recall that? 3 Α. Yes. 4 182 And Sergeant Hughes has expressed the view, in 0. 5 evidence, that you failed to do what would normally be 12:02 done at the start of any such investigation, which is 6 7 go and interview the complainant. 8 That's correct, yeah. Α. And is there any reason why that step wasn't taken as a 9 183 Q. primary step, quite a necessary step? 10 12.02 11 Α. I appointed Inspector Fergus Dwyer, again, to carry out 12 the enquiries in relation to the -- to allow a response 13 to go back to the Commissioner, again in response to 14 the complaint from Séan Costello Solicitors on behalf 15 of Mr. Hughes. Inspector Dwyer had been told that any 12:03 16 communication with Sergeant Hughes was to go through 17 his solicitor, Séan Costello. So, the inspector -- and 18 obviously one of the first things that we would want to 19 do is to enquire -- or to take a statement, you know, 20 and to interview the person who was making the 12:03 So, Inspector Dwyer wrote, on a number of 21 complaint. 22 occasions, to Séan Costello Solicitors, and did not have any response from him about, you know, in any way. 23 24 Again, from memory, I think the only correspondence that was had from Mr. Costello was in relation to a 25 12.03 26 complaint that I was the person that was appointed to 27 carry out that investigation. So I think that was the 28 only response -- or the only information we had, or I 29 had from Séan Costello or Mr. Hughes.

56

184 well the suggestion was made that you were in 1 Q. Yes. 2 some way compromised because you would be investigating 3 your own investigating team under your command and control, as it were. 4

5 And so that matter was considered, and Assistant Α. 12:04 6 Commissioner McHugh, who had appointed me to carry out 7 the investigation, responded to Séan Costello and he 8 said, basically, that if there was something which Sergeant Hughes or Mr. Costello had which might impugn 9 my professionalism, well then they should give that 10 12.04 11 information to Assistant Commissioner McHugh to inform 12 any decision he might take. But in the absence of any 13 such information, that Assistant Commissioner McHugh was satisfied that I should continue with the 14 15 investigation.

16 Yes. But you'd obviously done and completed the 185 Q. fact-finding which led to the disciplinary. 17 But the 18 disciplinary investigation was continuing to the stage, 19 and remained in being when you were appointed to do the 20 confidential recipient one, and then you were further 12:05 tasked with this other investigation, which, you know, 21 22 didn't form part of either of the other two, and you 23 had this triple task resting on your shoulders at that 24 point in time. Were you concerned yourself as to 25 whether you could properly dedicate your effort and 12.05 26 impartiality and scrutiny in performing all of those 27 tasks at the same time? Did you see any conflict arising from any of them with each other? 28 29 I can see how that argument could be made, but I Α.

12:05

| 1 | | | knew I certainly didn't make any or make any | |
|----|-----|----|---|-------|
| 2 | | | information available or make any comment to the | |
| 3 | | | journalist who wrote the article in the Star. I | |
| 4 | | | suppose everybody knows An Garda Síochána is a | |
| 5 | | | disciplined organisation. So, if I was appointed by | 12:06 |
| 6 | | | the Commissioner, for example, to investigate the | |
| 7 | | | confidential recipient allegations, I did that to the | |
| 8 | | | best of my ability and fairly, I think, and without any | |
| 9 | | | bias. | |
| 10 | 186 | Q. | I will just finish with this aspect of the Daily Star | 12:06 |
| 11 | | | investigation: Within a short space of time | |
| 12 | | | Mr. O'Toole was written to and came in for interview, | |
| 13 | | | and, unsurprisingly perhaps, he refused to disclose his | |
| 14 | | | sources or answer any question about the article. | |
| 15 | | | Presumably that must have been anticipated? | 12:07 |
| 16 | | Α. | Yes. | |
| 17 | 187 | Q. | And what other step, apart from that, could you have | |
| 18 | | | done, or should you have done? | |
| 19 | | Α. | So I what I did do, having, you know, seen the | |
| 20 | | | statement from the journalist, I considered well okay, | 12:07 |
| 21 | | | what other actions could we possibly take here? So, | |
| 22 | | | potentially, if a member of An Garda Síochána was | |
| 23 | | | identified as having disclosed information which they | |
| 24 | | | came across in the course of their duties and they | |
| 25 | | | disclosed that information in the knowledge that by | 12:07 |
| 26 | | | disclosing that information it could cause harm to an | |
| 27 | | | individual, that potentially could have been a breach | |
| 28 | | | of the Criminal under section 62 I believe it is, of | |
| 29 | | | the An Garda Síochána Act. So I considered with the | |

1 information I had, was there a possibility or were we 2 likely to further the investigation, for example, if the journalist was arrested and was interviewed, you 3 know, under caution? And I think you've alluded to it 4 5 yourself, but the difficulties, you know, in relation 12:08 to -- say, difficulties, from a policing perspective, 6 7 of trying to ascertain the source of information given 8 to a journalist is extremely unlikely to further an investigation, because their position is and would be, 9 and I would say still is, that they will protect their 10 12.08 11 sources. So I didn't think that arresting Mr. O'Toole 12 was likely to further the investigation in any way. 13 You do say in the question and answer document 188 Yes. Ο. 14 that you did give consideration to it, is that right? 15 Yes, I did. Α. 12:08 16 And you've referred to section 62 there. 189 It's not. 0. 17 it's not, as it were, a simple prohibition on the 18 communication of information which makes it an offence, 19 it is hedged around with these slightly tortuous 20 restrictions or qualifications as to when it is an 12:09 offence. 21 22 Yes. Α. 23 And when it's done with what purpose and it is linked 190 **Q**. 24 to effects that it is alleged to have resulted as a 25 result of the disclosures. it is not a straightforward 12.09 arrestable offence in the sense of other offences? 26 27 No, it's not. Α. 28 191 I think you reported ultimately having obtained a Q. 29 statement from Mr. Hennessy which showed that he had

59

| 1 | | | prior knowledge of it and that he had spoken to | |
|----|-----|----|--|-------|
| 2 | | | Mr. Hughes on the night that he spoke to Mr. O'Toole? | |
| 3 | | Α. | Yes. That's correct. | |
| 4 | 192 | Q. | And I think you at that stage had a statement taken | |
| 5 | | | from, or a statement was given by Sergeant Hughes in | 12:10 |
| 6 | | | relation to the matter? | |
| 7 | | Α. | Yes. | |
| 8 | 193 | Q. | Concerning that issue as well? | |
| 9 | | Α. | That's correct, yeah. | |
| 10 | 194 | Q. | And Mr. O'Toole was then re-interviewed in January of | 12:10 |
| 11 | | | 2011, isn't that correct? | |
| 12 | | Α. | I believe that's correct, yeah. | |
| 13 | 195 | Q. | On foot of which there was no statement made but a | |
| 14 | | | refusal to say anything further on Mr. O'Toole's part? | |
| 15 | | Α. | Yes. | 12:10 |
| 16 | 196 | Q. | And you reported back to the Commissioner that there | |
| 17 | | | was no evidence you had discovered no evidence in | |
| 18 | | | the course of your investigation to substantiate the | |
| 19 | | | claim that it had come from a garda source? | |
| 20 | | Α. | Yes. | 12:10 |
| 21 | 197 | Q. | And presumably you don't see that you could have done | |
| 22 | | | anything further, is that right? | |
| 23 | | Α. | I don't believe we could, no. | |
| 24 | 198 | Q. | Now, Sergeant Hughes has referred to being scapegoated | |
| 25 | | | and targeted, and do you want to say anything in | 12:11 |
| 26 | | | relation to that insofar as it relates to you and your | |
| 27 | | | investigations, firstly in relation to the | |
| 28 | | | fact-finding? | |
| 29 | | Α. | So as I've outlined already, the fact-finding inquiry, | |
| | | | | |

1 as far as I was concerned, and I still believe this, was as comprehensive as it could be and should have 2 As I said already, there were probably four 3 been. different sources that information or intelligence 4 5 might have been uncovered with from the detective 12:12 superintendent to the superintendent and his office, to 6 7 sergeant McEneaney, to the Garda Pulse. So I believe 8 that was done appropriately, and I would reject any suggestion that anything that I did in that 9 fact-finding was in any way designed to target or to 10 12.12 11 scapegoat Sergeant Hughes, absolutely not. 12 Had you been aware of any concern that he had expressed 199 Q. at any point in that time about deficiencies, failures, 13 14 whether called systems failures or not, a failure to 15 coordinate, was that in any way related to what you 12:12 16 were doing, or did you know of any such concerns? No, I did not. So, in the fact-finding, Sergeant 17 Α. 18 Hughes provided, I think it was a 16-page report. Не 19 had said in relation to his knowledge of each of the 20 incidents, which I have outlined already, you know, in 12:13 relation to the attacks on Mr. Hennessy and the burning 21 22 of Baiba Saulite's car and these things, that he knew 23 about those things. He did say that he had not been 24 briefed; that was the only point that he made. But I 25 would counter that by saying that the information in 12.13 relation to each of those was available on Pulse, 26 27 Sergeant Hughes, at the time acknowledged that he had sight and had knowledge of each of those events and the 28 29 intelligence surrounding them. So I would refute any

61

1 suggestion about doing anything untoward, or certainly 2 in relation to scapegoating or targeting Mr. Hughes. Your report, though, on the fact-finding, it would 3 200 Q. seem, inevitably led and, in your view, inevitably 4 5 should have led and you foresaw that it would lead to 12:13 his being the subject of a disciplinary inquiry? 6 7 That's correct. Α. 8 201 And the report furnished to the assistant commissioner 0. 9 then was, in a sense, designed as a report to enable 10 him to take the next step. And Sergeant Hughes 12.14 11 complains about that step. So, your part in triggering it and then in conducting it under the assistant 12 13 commissioner's aegis, as it were, forms the basis for 14 his complaint in relation to that. 15 And, as I said already, that given the information and Α. 12:14 16 knowledge that Sergeant Hughes had, and which he 17 acknowledged he had in the report to Inspector Mangan, 18 I think there was a compelling duty on Assistant 19 Commissioner McHugh to instigate an inquiry under the 20 discipline regulations to see if Sergeant Hughes may 12:15 have been in breach of discipline. 21 22 You categorise it as a normal and necessary step in 202 Q. 23 relation to investigating any member in a similar 24 position --25 Yes. I believe so. Α. 12:15 -- in similar circumstances? 26 203 0. 27 Yes. Α. 28 204 And I suppose, ultimately, you came to the view that 0. there wasn't a case to be made against him, having 29

62

considered everything, and that it wasn't, as it were,
 a basis upon which the appointing officer could go
 forward?

- So, I mentioned earlier that there was an obligation on 4 Α. 5 an investigating officer, under the 1989 Discipline 12:15 6 Regulations, to point out to anything which was in 7 favour of the member concerned, and I certainly lived up to that and delivered on that requirement. So yes, 8 I think, like the discipline investigation was, again 9 10 it was as thorough as it could be, and that's what I 12.16 11 reported.
- 12 At the time you started that investigation, having been 205 Q. appointed in May, isn't that correct, had you been 13 14 aware that Sergeant Hughes had brought a number of his 15 concerns to Superintendent Curran and, on his evidence, 12:16 16 he had brought the concerns expressly to his notice in 17 relation to the systems failure issue, if I can put it 18 that way, which embraced a number of different aspects 19 of his views about what should have been done or what 20 hadn't been done and the consequence of that? 12:17 I was not aware of that allegation having been made to 21 Α. 22 Superintendent Curran, no. 23 Did you ever speak to Superintendent Curran about his 206 Q.
- 24 interaction with Sergeant Hughes, in particular his 25 interactions with him in the April, May, June, period? 12.17 I don't believe I did. I don't believe so. Certainly 26 Α. 27 in relation to the fact-finding, no, because -- well Superintendent Curran hadn't arrived in the district at 28 29 the time. I don't recall having talked to him in

63

| 1 | | | relation to the disciplinary matters. So, no, I don't | |
|----|-----|----|---|-------|
| 2 | | | believe I did talk to him. | |
| 3 | 207 | Q. | And then insofar as the confidential recipient | |
| 4 | | | investigation is concerned, had you any motive other | |
| 5 | | | than to comply with the order of the Commissioner to | 12:18 |
| 6 | | | investigate these concerns? | |
| 7 | | Α. | So my motive was to carry out as comprehensive and | |
| 8 | | | detailed an investigation as could possibly be done. | |
| 9 | | | And certainly the brief that I gave to the | |
| 10 | | | investigators under with Superintendent O'Gara down | 12:18 |
| 11 | | | to the detective inspectors and detective sergeants and | |
| 12 | | | sergeants that were involved, was that our job was to | |
| 13 | | | try and ascertain if any of the eight allegations made | |
| 14 | | | to the confidential recipient, if they could be | |
| 15 | | | verified or not, that was my the motive I had. | 12:18 |
| 16 | 208 | Q. | And in chapter 37 of your report, at pages 3141 to | |
| 17 | | | 3150, you set out your conclusions in relation to your | |
| 18 | | | investigation, and they are there for the parties to be | |
| 19 | | | informed of there. I don't intend to open them in any | |
| 20 | | | detail at all. | 12:18 |
| 21 | | | | |
| 22 | | | Thank you very much for the moment, Assistant | |
| 23 | | | Commissioner. | |
| 24 | | Α. | Thank you. | |
| 25 | | | CHAIRMAN: Yes, certainly. Now, Mr. Lynn, yes. | 12:19 |
| 26 | | | | |
| 27 | | | | |
| 28 | | | | |
| 29 | | | | |

| 1 | | | THE WITNESS WAS CROSS-EXAMINED BY MR. LYNN AS FOLLOWS: | |
|----|-----|----|---|-------|
| 2 | | | | |
| 3 | | | | |
| 4 | 209 | Q. | MR. LYNN: Good morning good afternoon, Chief | |
| 5 | | | Superintendent Feehan, my name is Mr. Lynn, I am | 12:19 |
| 6 | | | representing Sergeant Hughes. | |
| 7 | | | As we know, you first became involved in these matters | |
| 8 | | | when you were directed on the 6th December 2007 by | |
| 9 | | | Assistant Commissioner McHugh to carry out the | |
| 10 | | | fact-find report. And have I understood your evidence | 12:19 |
| 11 | | | correctly this morning that that was wide in its scope? | |
| 12 | | Α. | Yes, it was, I think, sufficiently wide, that it was | |
| 13 | | | designed to ascertain or to uncover any information or | |
| 14 | | | intelligence which may have existed in relation to a | |
| 15 | | | threat to Ms. Saulite. | 12:20 |
| 16 | 210 | Q. | So that would require well, let me say, as I | |
| 17 | | | understand it the fact-finding report is a scoping | |
| 18 | | | exercise; again you might just clarify that for me? | |
| 19 | | Α. | Yes, I think you could use the term 'scoping', you | |
| 20 | | | know, as to what the fact-finding is actually about. | 12:20 |
| 21 | 211 | Q. | So the direction is a wide ranging one in terms of your | |
| 22 | | | fact-find? | |
| 23 | | Α. | So it was wide ranging certainly from the start. And | |
| 24 | | | as I've, you know, already mentioned, that, in my mind | |
| 25 | | | and in my experience, that there were a number of | 12:20 |
| 26 | | | places where information or intelligence would be if | |
| 27 | | | such intelligence or information existed, and that | |
| 28 | | | would have so I would expect that the detective | |
| 29 | | | superintendent in the division would have that | |

1 information or intelligence. I would expect that a 2 record of that intelligence or information might be, or should be available in the superintendent's office. 3 And the other source would be that such information or 4 5 intelligence would be recorded on Pulse. So each of 12:21 6 those three avenues were explored. And from that 7 exploration, Inspector Mangan uncovered, I suppose, or discovered, that Detective Sergeant McEneaney was 8 involved centrally in the investigation in relation to 9 matters around John Hennessy and that Sergeant Hughes 10 12.21 11 was the lead investigator in relation to the child 12 abduction case. 13 But as a scoping exercise, you weren't attempting 212 Yes. 0.

- 14 to cover absolutely everything, isn't that correct?
 15 A. No.
- 16 And would you accept, Chief Superintendent Feehan, 213 NO. 0. 17 that there was potentially relevant material that, 18 because of its scoping nature, you didn't address? Ι 19 mean the Tribunal itself has asked you, or confirmed 20 with you that you didn't speak with the people who 12:22 inputted information into the Pulse system. 21 This isn't 22 a criticism, this is the nature of a scoping exercise. 23 So, I believe that the approach of the inquiry, the Α. 24 approach of the investigation, which I've said, you 25 know, that you look to where the sources of information 12:22 26 or intelligence could be expected to reside. They were 27 certainly -- they were examined. And the only matter that was really uncovered about knowledge in relation 28 to a threat to Ms. Saulite was outlined in the report 29

66

Gwer, Malone Stenography Services Ltd.

12:22

from Sergeant Hughes that he had that information. 1 You 2 asked, you know, as to whether, maybe if I put it in my 3 language, that we missed people who might have had such information or intelligence. During the course of the 4 5 confidential recipient investigation, which I know --12:23 6 I'm sure you'll come to but this was later on, we 7 discovered that there were 74 different members of An 8 Garda Síochána were associated on Pulse with Ms. Saulite. Every one of those people was interviewed 9 was part of the confidential recipient investigation, 10 12.23 11 and they -- we did not -- in that investigation, a 12 really comprehensive and thorough investigation, we did 13 not discover anybody who had any intelligence or information in relation to a threat to Ms. Saulite 14 15 other than what I have mentioned already. 12:23 16 No, but I come back to -- I mean that makes the point 214 Q. 17 that the fact-find exercise was only really scratching 18 the surface? 19 It's a scoping exercise. It is -- it's -- Was it only Α. scratching the surface? So, if there had been 20 12:24 intelligence in relation to a threat to Ms. Saulite's 21 22 safety or her life, I would have expected that the 23 fact-finding inquiry, as it was done, would have 24 uncovered that intelligence. 25 But you didn't speak, for example, to the officers who 215 Q. 12.24 were involved in the investigation into the arson of 26 27 her car -- in the scoping exercise? That's correct. 28 Α. 29 And we don't want to get into the details of the threat 216 Ο.

67

1 to Mr. Hennessy in January, involving Blanchardstown, 2 but you didn't speak to them --3 NO. Α. -- in the scoping exercise. So, the scoping exercise 4 217 0. 5 was aimed at a preliminary, I think you used that word, 12:25 inquiry which might recommend further investigations? 6 7 Yes. If -- but at the start there was no direction Α. 8 given, you know, as to what the outcome of the investigation would ultimately be. 9 But it might lead to a recommendation for further 10 218 Q. 12.25 11 investigations, is that correct? 12 Well -- sorry, yes, the direction from Assistant Α. 13 Commissioner McHugh was to give views and 14 recommendations, so, yes. 15 219 It's just that -- I mean we'll get the document up Q. 12:25 16 again in a moment -- well maybe we should get it up now 17 actually so we have it. It's page 1963, please -- your 18 fact-find report. It's actually the conclusion of 19 that -- page 1981, or the final paragraph -- you've 20 seen it earlier this morning Chief Superintendent 12:26 Feehan, and you recommended a full investigation be 21 22 carried out? 23 Yes. Α. 24 And you've expressed it very differently this morning. 220 Q. 25 You said that what you meant by that was a disciplinary 12:26 investigation. 26 27 So, for my -- the knowledge which I had as a result of Α. this fact-finding investigation, in my opinion, given 28 29 the facts that were in front of me, there was a

68

| 1 | | | compelling requirement that there should be an inquiry | |
|----|-----|----------|--|-------|
| 2 | | | under the discipline regulations | |
| 3 | 221 | Q. | You didn't say that in the I'm sorry, I shouldn't | |
| 4 | | | have interrupted you, sorry. | |
| 5 | | Α. | No, sorry which is a more formal investigation than | 12:27 |
| 6 | | | a fact-finding or scoping exercise. | |
| 7 | 222 | Q. | But where do you say that in the report? | |
| 8 | | Α. | I didn't mention discipline in the report. I reported | |
| 9 | | | to Assistant Commissioner McHugh, and that was what I | |
| 10 | | | felt and believed, and I understood that he would, he | 12:27 |
| 11 | | | would see the recommendation in the same light. | |
| 12 | 223 | Q. | But why didn't you simply say that? Why would you not | |
| 13 | | | make a clear recommendation to him? | |
| 14 | | Α. | I did make a clear recommendation to him, with respect. | |
| 15 | | | I said that a full investigation should be carried out | 12:27 |
| 16 | | | into this matter. I knew I was that there was a | |
| 17 | | | as far as I was concerned, there was a compelling case | |
| 18 | | | to be made that there should be an investigation under | |
| 19 | | | the discipline regulations. I didn't specifically | |
| 20 | | | mention the discipline regulations, absolutely, I | 12:28 |
| 21 | | | didn't. But I would have been surprised had Assistant | |
| 22 | | | Commissioner McHugh, on receipt of my report, had he | |
| 23 | | | not instigated an inquiry or an investigation under the | |
| 24 | | | discipline regulations. | |
| 25 | 224 | 0. | But Assistant Commissioner McHugh gave evidence | 12:28 |
| 26 | | ۷. | yesterday that he would make the decision as to what | 12.20 |
| 27 | | | should follow from this report solely on his own. | |
| 28 | | Α. | Yes. | |
| 29 | 225 | д. Q. | And I am perplexed as to why, if you felt disciplinary | |
| 23 | 223 | ų. | And I am perpresed as to why, it you relt disciplifially | |

- proceedings were appropriate, you wouldn't say that in black and white in the report?
- So there was no particular reason I didn't mention the 3 Α. discipline inquiry or recommend such a thing. You're 4 5 correct that it was -- the decision as to what to do, 12:29 or what actions might or might not be taken, in light 6 7 of or as a result of the information which I had 8 presented in the fact-finding inquiry, it was up to him to decide, so you're correct in that, as to what action 9 he should take. I presented the facts to him. 10 I made 12.29 11 a recommendation. I understood the recommendation I 12 was making. And given the actions he took, he 13 understood the recommendation as well. 14 226 0. Nowhere in the report is there a mention for a 15 compelling case for disciplinary proceedings? 12:29
- 16 So, what I have said is "In order to fully outline NO. Α. the facts in existence and in possession of An Garda 17 18 Síochána ..." so I didn't use the language about a 19 compelling case, but I would suggest that anybody who 20 read my report, you know, would certainly see that 12:29 there was a case to be made in relation to the 21 22 instigation of discipline.
- 23 227 Q. I mean you had an opportunity to clarify this in your
 24 statement to the Tribunal. And that's at page 826.
 25 And it's actually just the -- if we don't move the page 12:30
 26 now it's about five lines down, about five lines down,
 27 Chief Superintendent Feehan:
- 28

"Taking all of these matters in consideration, I

70

1 believe that my view that there was knowledge of a 2 possible threat to the safety of Ms. Saulite was 3 reasonable and that there were compelling grounds for recommending further investigations into the matter." 4 5 12:30 6 Nothing about disciplinary proceedings. 7 No, I accept I didn't mention discipline in my report Α. 8 to Assistant Commissioner McHugh. What I did say and what I felt was that, yeah, there were compelling 9 grounds, you know, that this was -- couldn't be the end 12:31 10 11 of what was happening. 12 Does it not give the impression, given the wide scope 228 Q. 13 of the question that you were asked, which is to 14 establish the possession of information in the knowledge of An Garda Síochána, does it not imply 15 12:31 16 further investigations into that wider objective? 17 So, as I said in this document on the screen, I believe Α. 18 that my view that there was knowledge of a possible 19 threat to the safety of Ms. Saulite was reasonable, and 20 I still stand over that, that it was reasonable. And 12:31 where that information resided, or was had at the time, 21 22 I certainly believed it was in the possession of 23 Sergeant Hughes. 24 Even though it was a scoping exercise, Sergeant 229 Q. 25 Hughes's actions were actually looked at in detail in 12.32your fact-find report? 26 27 Α. So, as I've described the approach taken in the fact-finding inquiry, that it started off broadly by 28 talking to the detective superintendent about any 29

71

intelligence or information, by seeing if there was any 1 2 intelligence or information in the superintendent's office, and indeed the acting superintendent, Inspector 3 Waters, was interviewed. The third piece was what 4 5 information was available on Pulse. So, those 12:32 6 inquiries, if you like, made the investigation -- okay, 7 it started to narrow in, and there certainly was 8 information in the possession of Sergeant Hughes in relation to a threat to Ms. Saulite, you know, I don't 9 think that can be disputed, I believe that is the case. 12:33 10 11 The other person who I would have expected, as a result 12 of the inquiries, the broad inquiries that were made by 13 Inspector Mangan, was that there was an investigation 14 up and running in relation to matters in relation to 15 Ms. Saulite's solicitor; centrally involved in that was 12:33 16 Detective Sergeant McEneaney. So he might have had 17 information also in relation to a specific threat or 18 intelligence of that, and he did not have that. 19 20 So to give -- if the impression is given that the 12:33 21 inquiry focused solely on Sergeant Hughes and Garda 22 Nyhan, I wouldn't accept that. 23 well in recommending a full investigation, because, as 230 Q. 24 I say, you had a lot of information in relation to the 25 scoping exercise in relation to Sergeant Hughes. Τ 12.3426 mean you had -- well you had the draft victim impact 27 report which --

28 A. Yes, I did.

29 231 Q. -- ultimately was at the core of the disciplinary

72

1 proceedings. You had a full statement from Sergeant 2 Hughes. You had a statement from Garda Nyhan. And I 3 think you had two statements from Ms. Saulite dating back to January 2005 that Sergeant Hughes, I think, 4 5 provided, but you had them. And I think you were aware 12:34 6 that Sergeant Hughes had given the victim impact 7 draft -- or not given, sorry, but had informed Detective Inspector Walter O'Sullivan about it at a 8 very early stage. So you had that information at the 9 fact-find stage, is that right? 10 12:35 11 Α. I don't believe I was aware, in the fact-finding, that 12 Sergeant Hughes had given the draft impact -- or the 13 draft victim impact statement to Walter O'Sullivan. My memory -- I don't remember having that information in 14 front of me at the time. 15 I stand to be corrected if 12:35 16 there's a document that contradicts that, but that's my 17 memory of what happened all those years ago. 18 232 Sorry, Mr. Lynn corrected himself, in Q. CHAI RMAN: 19 fairness to everybody, Mr. Lynn didn't say that 20 Sergeant Hughes had given the victim impact statement 12:35 to Detective Inspector O'Sullivan -- sorry, he did say 21 it at first but he corrected himself --22 23 Okay. Α. 24 -- to say that Sergeant Hughes had told 233 CHAI RMAN: Q. 25 Detective Inspector O'Sullivan about it. Isn't that 12.36 26 the position? 27 MR. LYNN: Yes. 28 Thank you Chairman, yes. Α. 29 CHAI RMAN: So you will have to ask the question again,

73

| 1 | | | Mr. Lynn, I think, with your list of items that you say | |
|----|-----|----|---|-------|
| 2 | | | the assistant commissioner was in possession of these | |
| 3 | | | items. | |
| 4 | 234 | Q. | MR. LYNN: At the time of the fact-find report, the | |
| 5 | | | scoping exercise, you had the victim impact draft? | 12:36 |
| 6 | | Α. | Yes. | |
| 7 | 235 | Q. | You had a statement, a written statement that Sergeant | |
| 8 | | | Hughes had provided to Inspector Mangan, the date | |
| 9 | | | escapes me, but in December? | |
| 10 | | Α. | And I think the language was it was a report. | 12:36 |
| 11 | 236 | Q. | A report, yeah, sorry | |
| 12 | | Α. | But I suppose that's | |
| 13 | 237 | Q. | Sorry, I accept that, a report rather than a statement. | |
| 14 | | Α. | my opinion. | |
| 15 | 238 | Q. | And you had a statement from Garda Nyhan? | 12:36 |
| 16 | | Α. | Yes. | |
| 17 | 239 | Q. | Which was relevant to Sergeant Hughes's conduct. And | |
| 18 | | | you had two statements from Ms. Saulite that dated back | |
| 19 | | | to January of '05? | |
| 20 | | Α. | Yes. | 12:37 |
| 21 | 240 | Q. | You had that information? | |
| 22 | | Α. | Yes. | |
| 23 | 241 | Q. | And you recommended a full investigation. But what | |
| 24 | | | other information in respect of Sergeant Hughes's | |
| 25 | | | actions did you envisage as being required? | 12:37 |
| 26 | | Α. | So, what I envisaged in the instigation of a | |
| 27 | | | discipline an inquiry under the discipline | |
| 28 | | | regulations was that the questions would be put to | |
| 29 | | | Sergeant Hughes, maybe, in relation to some of the | |

1 information that he had set out in his report, and they 2 would be -- the response to those would inform the approach to be taken in the event that formal breaches 3 were to be put against Sergeant Hughes through the 4 5 conducting of a sworn inquiry. 12:37 6 242 Q. But you had his report. What sort of things did you anticipate him being asked? 7 8 I anticipated that the matters which he had set out in Α. his report -- So he had acknowledged that he knew of 9 all the intelligence, he had all this information, and 10 12.38 11 in his report he said that having regard -- this is my 12 language now, it's not verbatim I am sure -- but that 13 having had regard to the information which he had, he 14 didn't have any concern about the safety of 15 Ms. Saulite. I certainly thought, as a professional 12:38 16 police officer of long standing, that that wasn't 17 really credible. 18 19 So the difference in a discipline inquiry is that the 20 matters are put to the person, to the member concerned, 12:38 and their answers can then form part of the evidence. 21 22 if you like, at a sworn inquiry, if such thing were to 23 be constituted. So it's a more formal process. 24 I might try and break it down. There was a lot of 243 Q. 25 information there, Chief Superintendent Feehan. 12:39 26 27 So you envisaged Sergeant Hughes being asked about what -- just correct me if I am wrong, I am trying to 28 29 break down your answer -- he would be questioned about

75

1 what intelligence he had? About the level of information that he had about a 2 Α. possible threat to Ms. Saulite. 3 4 244 And over what period, for example? Q. 5 Well, over -- so the statements that Ms. Saulite made Α. 12:39 6 in relation to the child abduction. I mean there was 7 one short statement, and the language in that was very 8 striking about the fear that she was in and her understanding -- like, her -- what those fears were 9 about and who she was in fear of and that there was a 10 12.40 11 possibility that the person involved might do her 12 serious harm or kill her. 13 All right. So that's something you envisaged. Are you 245 Q. 14 saying that the information that you had at the fact-finding stage wasn't sufficient for the issue that 12:40 15 16 you've just raised there? I'm saying that the information that we had in 17 Α. 18 relation -- as I've just outlined there, and as was 19 outlined in my report on the fact-finding, the 20 information that we had, that would inform the approach 12:40 to be taken in the event that there were formal 21 22 breaches put against Sergeant Hughes. So there was --23 what I was saying there in my report was that as far as 24 I was concerned, this matter could not be left hanging 25 out there or standing just as a result of a 12.4126 fact-finding or a scoping investigation or inquiry. 27 246 Q. What I am focusing on is the fact that you actually had a lot of information about Sergeant Hughes and his 28 29 involvement with Ms. Saulite, and I am trying to

76

1 establish what additional information you needed. 2 So, my remit in the fact-finding investigation was to Α. ascertain the facts about what the knowledge -- what 3 knowledge was in the possession of members of An Garda 4 5 Síochána, to present that knowledge, present that to 12:42 Assistant Commissioner McHugh, and then he could make a 6 7 decision as to what further actions were to be taken there. So that's what I did. 8

10And the instigation of a disciplinary investigation was 12:4211to put this on a formal footing, that issues could be12put to Sergeant Hughes, and, ultimately, if formal13breaches, if a decision was taken to put formal14breaches against Sergeant Hughes at the time, well then15these issues would be put to him as part of that formal 12:4216investigation.

9

17 247 Well, I mean you accept that you didn't actually Q. 18 articulate that in your fact-finding report; you didn't 19 say that former breaches should be put to him and a 20 disciplinary investigation launched so that there can 12:42 be further examination, you didn't say that? 21 22 You're right, I didn't say that. But I didn't because Α. I didn't mention discipline, I didn't mention the word 23 24 'discipline' at all in my fact-finding report. But I 25 was clear what I was saying, and obviously Assistant 12.4326 Commissioner McHugh was clear about what I was saying, 27 given the actions that he took. So it was plain to me 28 that there was a compelling case, you know, that this 29 could not be left standing as it was at that time.

77

248 Q. And what I am asking is: What additional information
 did you require in order to fully investigate this?
 A. So the --

In fairness, you have said that you would want to have 4 249 0. 5 examined what intelligence Sergeant Hughes had. What 12:43 other additional information did you require? 6 7 So the information which I had at the time was given in Α. 8 a report, most of that information was given in a report from Sergeant Hughes, as well as Pulse records. 9 So that was -- there was guite an amount of information 12:44 10 Could I be certain if this went to a formal 11 there. disciplinary inquiry that further information would be 12 13 gleaned? I wasn't making that decision. I wasn't 14 prejudging what would arise during the course of an 15 inquiry, or an investigation constituted under the 12:44 16 Garda Síochána Discipline Regulations. So there was sufficient information there, you know, to -- you know, 17 18 to support the decision to institute an inquiry under 19 the Garda Discipline Regulations. So I wasn't 20 prejudging what information might or could come to 12:44 light in the formal discipline investigation. 21 22 Ultimately Sergeant Hughes -- the proceedings were 250 Q. discontinued? 23 24 Sorry? Α. 25 Ultimately the disciplinary proceedings were 251 0. 12.45discontinued? 26 27 Yes. Α.

28252Q.Yes.So -- sorry if I am not being clear here, but29you're saying that there was a compelling case for

78

1 disciplinary proceedings at the fact-finding report 2 stage?

3 A. Yes.

- 4 253 Ultimately they were discontinued. What I am asking 0. 5 you is: At the time of your recommendation to 12:45 Assistant Commissioner McHugh, what additional 6 7 information did you think was required for the 8 disciplinary investigation? You've said about looking at Sergeant Hughes's knowledge of intelligence, and is 9 there anything else? 10 12.45
- 11 Α. So, what I said was that the instigation of an 12 investigation under the discipline regulations, which 13 was outlined on Form B33, which was served on Sergeant 14 Hughes, so that was that the person or that the member concerned may have been in breach of this breach of 15 12:46 16 discipline. So that was what was put on the form. The 17 instigation of an investigation under the discipline 18 regulations would allow the investigator, or the 19 investigating officer, to put questions to the member 20 concerned, and that the answers to those questions 12:46 21 could then inform whether an actual --22 CHAI RMAN: A board of inquiry would be --23 -- sworn inquiry might result. So there was a Α. 24 compelling reason, compelling reasons, as far as I was 25 concerned, that such an investigation was warranted 12.47 under the discipline regulations. 26
- 27 254 Q. CHAIRMAN: It may not be entirely clear but my
 28 understanding is that they couldn't use Sergeant
 29 Hughes's report, they couldn't use that in the

79

1 discipline proceedings. It says it at the very beginning -- it's a fact-finding not in connection with 2 discipline, that's my understanding of the situation; 3 they could not have used that. I am not saying that it 4 5 is right or wrong that there was a compelling case to 12:47 6 have a discipline inquiry, that's another question 7 entirely, and I appreciate, Mr. Lynn, that is something 8 you want to investigate, but I am not sure -- I think there is a misunderstanding. The fact-finding -- now I 9 may be -- sorry, I don't think I am wrong on this. 10 12.47 11 Fact-finding is expressly not to do with -- and when I 12 say expressly, I mean expressly not to do, as Sergeant 13 Hughes declares at the very beginning of his report: I 14 know this is not to do with the discipline. So my 15 understanding is, having done that, it cannot be used, 12:48 16 somebody can't say well now we'll charge you with a disciplinary offence and here's the statement that you 17 18 made; they have to instigate a discipline process which 19 leads to a disciplinary inquiry. Now, that doesn't mean -- that doesn't mean there should have been a 20 12:48 disciplinary inquiry. It doesn't mean there was a 21 22 compelling case. But at least, if I am 23 understanding -- am I right about that, Mr. McGuinness? 24 MR. McGUINNESS: well, Chairman, there's been a lot of 25 litigation over when statements taken for one purpose 12.48 can be used in relation to another, and the regulations 26 27 have changed over the years in relation to that. But I think at this point in time, I think the witness is 28 29 probably in the best position to say was that a factor

80

1 or not. 2 well I have just been declaring to CHAI RMAN: 3 Mr. Lynn -- have I misstated the position or is that correct? Or if you would prefer not to say, we'll 4 5 leave it for further argument and maybe Mr. Lynn will 12:49 6 come back -- Sorry, do you know whether what I am saying is right? 7 8 I do understand what you are saying, yes. Α. Is what I am saying correct? 9 255 CHAI RMAN: Q. I believe it is correct. 10 Α. 12:49 11 256 CHAI RMAN: That was your understanding at the time? Q. 12 Yes. Α. 13 CHAI RMAN: Okay. Well maybe the witness and myself are 14 wrong, but, as I say, I want to be careful, Mr. Lynn, 15 there's no question that I am saying I agree there was 12:49 16 a compelling case, there's no question of that. But at 17 least, wherever they went, the fact-finding, if it went 18 further, there was a disciplinary that would have to go 19 through the same thing again, it would have to establish the information. That's my understanding. 20 12:49 Am I right about that? 21 22 That's my understanding too, Chairman. Α. 23 CHAI RMAN: Thanks very much. 24 MR. LYNN: well if we could just go back to the 257 Q. 25 fact-find report, which is at 1963. And if we can just 12:50 sort of scroll down slowly, and there's a -- just to --26 the introduction, we can perhaps keep going down 27 28 please, Mr. Kavanagh. There is a background section; we don't need to consider that. There's the Garda 29

81

1 records, the Pulse records. Then another section on 2 reports of violence. There's a section, 5 I think it 3 is, which relates to Sergeant Hughes's evidence. There's nothing in that section, I believe, Chief 4 5 Superintendent Feehan, that refers to a compelling case 12:51 6 against Sergeant Hughes. It may be that that section 7 is just a summary of his statement -- or his report? 8 So I think the word 'compelling' was used in the last Α. sentence of my report which was on the screen just a 9 10 while ago. So what I was doing was setting out the 12.51 11 facts.

12 258 Q. Yeah...

To me, the opinion or judgment that I arrived at, 13 Α. 14 having the information in front of me, to me, there was 15 a compelling case. I presented the facts, as I had 12:52 16 them, to Assistant Commissioner McHugh, and if he, 17 maybe, was of the same view that there was such a case 18 to be made in relation to the instigation of an inquiry 19 under the discipline regulations, well then he would have come to the same conclusion I did. 20 So that's --12:52 and that's what happened. 21

- 22 259 Q. But we'll come down to the conclusion then, I know we
 23 have looked at it I thinks twice this morning, but just
 24 to have it in front of us perhaps.
- There is a report from Garda Nyhan. And then the relevant case law; we might come back to that in a moment. But here's your views and recommendations, and I think one more click down and we're -- sorry, it is a bit longer than that, yes.

82

So:

1

2

12

3 "It is apparent that there was knowledge in existence available to An Garda Síochána in relation to threats 4 5 from [blank] to Ms. Saulite. Members of An Garda 12:53 6 Síochána readily admit this in their reports. In order 7 to fully outline the facts in existence and the level 8 of action taken as a result of this knowledge coming into the possession of An Garda Síochána I recommend 9 10 that a full investigation should be carried out into 12.53 11 this matter."

12:53

13There actually isn't any reference to a compelling14case.

15 A. No, no, I didn't --

16 260 Q. That was in your statement.

17 I didn't use the term 'compelling case'. I have said Α. 18 in my judgment there was a compelling case. And what I 19 recommended was a full investigation. What I meant by 20 a full investigation was that, based on the information 12:53 which I had in front of me in this, was that there 21 22 was -- that an investigation would be conducted and that it would be carried out under the Garda Síochána 23 24 Discipline Regulations. So I acknowledge I didn't use 25 the term 'compelling case' for a disciplinary inquiry 12.54in this, but that was the import of what I was saying. 26 27 I understood what I was saying, and Assistant Commissioner McHugh, given the actions which he took 28 after that, he understood that as well. 29

83

261 Q. You said -- I am just looking for my note -- you said, 1 2 you said in your evidence earlier that for Sergeant 3 Hughes at the time -- now I hope I am not incorrect here but please correct me if I haven't -- if I didn't 4 5 hear your evidence or understand it properly. But that 12:54 when he said he'd no fears for her safety, that that 6 was something that jarred for you? 7 8 Sorry, this was in relation to the statement she --Α. You said that this morning. 9 262 Q. Sorry, but this -- if I am just to be sure I am correct 12:55 10 Α. 11 on what I am answering. So the piece I think I said 12 that jarred with me was the content of the statement 13 which -- one of the statements which was made by Ms. Saulite in relation to the child abduction case. 14 She said in that statement that she was in fear -- she 15 12:55 16 thought that she might be killed, she was in fear of 17 that. So she did say that. So I am assuming that's 18 what you're referring to in asking me well what did I 19 say jarred with me. That certainly jarred with me. SO I think that's what I said this morning. 20 12:55 21 263 This was the statement of January 2005, I think? 0. 22 Yes. Α. 23 But you don't say in the report that you had an 264 Yes. **Q**. 24 issue with this, nor do you say in your statement to 25 the Tribunal that this jarred with you. You only 12:55 introduced this this morning. 26 27 CHAI RMAN: My understanding is -- I am sorry to intervene but we're near lunchtime so we can break at 28 29 this point. I am obviously misunderstanding. Ι

84

1 thought the witness said that what jarred with him was 2 the statement in Sergeant Hughes's report that he indicated he wasn't concerned about a threat to the 3 life -- I don't have the precise words here. I may find 4 5 it in a note. So he said that was among the things he 12:56 would want pursued in a disciplinary inquiry, but he 6 7 said that jarred with him. That's my recollection of 8 what -- how the word -- I don't know 'jarred' was the word, maybe it was it jarred with me, but he certainly 9 drew attention to the fact that Sergeant Hughes had 10 12.57 11 made a reassuring comment that the witness regarded as 12 questionable. Now, that appears in Sergeant Hughes's 13 thing, and that's what I think happened this morning; that I think was the evidence. I can't say for certain 14 because I'm not looking, I don't have a transcript in 15 12:57 16 front of me, but that's my understanding of it. 17 MR. LYNN: No, what I am saying to the witness on foot 18 of that, Chair --19 CHAI RMAN: I understand. And you are asking him about 20 that, and the witness appears to be not understanding 12:57 precisely that it is a comment made by Sergeant Hughes 21 22 in the course of his report to Inspector Mangan which 23 indicated at the end, low down in the report, that said 24 that whatever about the circumstances, that he wasn't 25 particularly concerned about a threat to Ms. Saulite. 12.57 I uncomfortable because I don't have the precise 26 document in front of me but that's the effect of it. 27 Do you remember now? 28

A. Yes I do, and I was referring to something different; I

85

was referring to a statement Baiba Saulite had made. CHAIRMAN: That's what I thought. I thought you were at slightly cross purposes.

1

2

3

So what I was referring to was, given the knowledge 4 Α. 5 that Sergeant Hughes had in his possession, which I 12:58 6 think I have gone through a list of some of that 7 information earlier on this morning, and for him to 8 say, that like, these were matters which he felt were not of much concern, and the word 'concern' was 9 certainly used in his report, I didn't think that was a 12:58 10 11 credible position for an experienced police officer to 12 That's the point I think I made, whether the take. 13 word I used was 'jarred' or not, I'm not sure, but that 14 was what I was talking about. And that was my 15 position, and I still would hold that. 12:58 16 I am saying you didn't express that position 265 MR. LYNN: Q. 17 in the report to Assistant Commissioner McHugh, nor, 18 actually, is it in your statement to the Tribunal. 19 That I didn't use the term 'jarred' or the term Α. 'compelling case'? No, I didn't, I acknowledge that. 20 12:59 But what I was saying in my recommendations was that 21 22 this should go to an investigation carried out under 23 the Garda Síochána Discipline Regulations, and I think 24 that was -- you know, I have mentioned -- I have used 25 the word 'compelling case'. Well what was in my mind 12.59 26 at the time when I wrote that was that, yeah, there was 27 a compelling case. I think there was a duty on 28 Assistant Commissioner McHugh, on reading the report 29 and the information that he was presented with as a

86

| 1 | | | result of the fact-finding, I believe that he was | |
|---------------------|-----|----|---|-------|
| 2 | | | obliged to institute further inquiries under the Garda | |
| 3 | | | Síochána Discipline Regulations. So that's the point I | |
| 4 | | | was making. | |
| - - 5 | 766 | 0 | - | |
| | 266 | Q. | | 13:00 |
| 6 | | | none of that is expressed clearly for the benefit of | |
| 7 | | | Assistant Commissioner McHugh | |
| 8 | | | CHAIRMAN: What counsel is really saying is, Assistant | |
| 9 | | | Commissioner, why is that not stated why is this | |
| 10 | | | the point that you now make, why is that not stated in | 13:00 |
| 11 | | | your report? | |
| 12 | | Α. | So I would say there is no reason that I didn't use the | |
| 13 | | | term 'compelling case' | |
| 14 | 267 | Q. | CHAIRMAN: No, let's forget compelling case. | |
| 15 | | Α. | Yes. | 13:00 |
| 16 | 268 | Q. | CHAIRMAN: We're clear on compelling case. You say | |
| 17 | | | that is not stated and you're not saying it was stated, | |
| 18 | | | we all know it wasn't stated, but you say in the | |
| 19 | | | circumstances that is the situation. | |
| 20 | | | Now a different point: The matter of the jarring | 13:00 |
| 21 | | | statement let's not worry whether jarring is the | |
| 22 | | | precise word in Sergeant Hughes's report to | |
| 23 | | | Inspector Mangan, Mr. Lynn is saying why is that not | |
| 24 | | | referred to? You refer to it now as being a | |
| 25 | | | - ''C' | 13:01 |
| 26 | | | was it not included in your report to Assistant | |
| 27 | | | Commissioner McHugh? I hope that's not too | |
| 28 | | | complicated. Why is that? | |
| | | ٨ | | |
| 29 | | Α. | No. So the language that I've used here is not, I | |

1 accept, the language -- that's not the same language as 2 was in my report, but the meaning of the language I 3 used in my report, with respect, I would say is -- was clear to me. that what I was --4 5 269 CHAI RMAN: No, I understand that and you say -- sorry Q. 13:01 6 to interrupt --7 Yeah. Α. 8 270 CHAI RMAN: You say it was clear to you and it was clear 0. to Assistant Commissioner McHugh. 9 10 Yes. Α. 13:01 11 271 CHAI RMAN: And in the result it's obvious because Q. 12 that's exactly what he did. 13 Yes. Α. 14 272 0. CHAI RMAN: So you say that's clear. But, sorry, just 15 one point: The thing that you said stood out in what 13:02 16 Sergeant Hughes had said, the not regarding as a 17 serious threat, why is that not in your report to 18 Assistant Commissioner McHugh? 19 Because I didn't perhaps see the need to make that Α. point in my report. I would expect that Assistant 20 13:02 Commissioner McHugh is going to read my report, is 21 22 going to read the documents appended to that, including the report from Sergeant Hughes, and it was apparent in 23 24 that report. So that's, you know, the only reason I 25 can give at this stage --13:02 26 273 CHAI RMAN: Okav. Q. 27 -- as to why that language -- or that wasn't in the Α. 28 report. 29 CHAI RMAN: Okay. If Mr. Lynn wants to pursue or not

88

1 want to pursue it, that's where we stand on that. We will come back at five past two, we will take a break 2 3 until five past two. 4 5 THE HEARING THEN ADJOURNED FOR LUNCH AND RESUMED AS 13:03 6 FOLLOWS: 7 8 MR. LYNN: Chair, before we resume the evidence, can I say something that is going to be in ease of everyone. 9 Certainly. 10 CHAI RMAN: 14.0611 MR. LYNN: It's jumping ahead a little bit. 12 CHAI RMAN: Yes. 13 MR. LYNN: It's to do with the confidential recipient 14 report. 15 CHAI RMAN: Yes. 14:06 16 MR. LYNN: And you might recall that Sergeant Hughes 17 had a complaint about a document which we're not going to go into -- WH23. 18 19 CHAI RMAN: Yes. 20 And Chief Superintendent Feehan has given MR. LYNN: 14:06 evidence that in fact that was fully considered. 21 22 CHAI RMAN: Yes. And it has sensitive material. 23 MR. LYNN: 24 CHAI RMAN: Yes. 25 And so, we're not pursuing that, Judge; we MR. I YNN: 14.07 26 accept that, Sergeant Hughes accepts that. 27 CHAI RMAN: Thank you very much, that is very helpful. And now the matter is clarified. Thank you very much. 28 I understand. 29

89

1 It may be a matter for submission but I hope MR. LYNN: 2 it will be accepted it was a legitimate concern, but 3 now we've got the full picture on that point. CHAI RMAN: Nobody has suggested --4 5 MR. LYNN: NO. 14:07 6 CHAI RMAN: -- that it wasn't a legitimate concern, Mr. Lynn, and I'm not assuming that it was, but I 7 8 appreciate, and I think it is useful to have your observations on that subject. So we can take note of 9 10 Thanks very much. That's not an area you'll be that. 14.07 11 going into. 12 MR. LYNN: Exactly. 13 CHAI RMAN: Thanks very much. 14 MR. LYNN: And the evidence is accepted that that was 15 considered --14:07 16 CHAI RMAN: Thank you very much, Mr. Lynn. 17 MR. LYNN: -- in the Feehan report. 18 CHAI RMAN: That is very helpful, as I say. Okay. 19 274 MR. LYNN: Good afternoon, Chief Superintendent Feehan. Q. You had the victim impact draft when you were doing the 14:07 20 fact-finding report. And can I take it that you 21 22 considered that document very carefully? 23 Yes, I did consider it. Α. 24 275 And you'd looked at the relevant law and you'd looked Q. 25 at this Osman judgment, and so you were fully familiar 14.08 with the legal principles in that? 26 27 I believe I was, yes. Α. And so, you could apply them, at the time of the 28 276 0. 29 fact-finding report, to the victim impact draft?

90

1 Just so I am clear, you're asking could I apply the Α. 2 Osman judgment in the victim impact statement? 3 277 Yes. Q. 4 I applied the Osman judgment to the totality, I'd say, Α. 5 of the information I had in front of me. So I mean the 14:08 victim impact statement was one matter which I felt was 6 7 relevant to the fact-finding and was -- certainly, 8 yeah, I -- so I tried to apply Osman to the whole, all the information I had. 9 And I am going to jump ahead a little bit because we're 14:09 10 278 Q. 11 still on the fact-finding report, but I want to jump 12 ahead to the conclusion of the disciplinary 13 investigation. And that's at page 924. And if we can 14 just scroll down a touch to the -- so we see the bottom 15 of the page -- this paragraph, and the last sentence, 14:09 16 three lines up: 17 18 "Even if he had read the report in full it's unlikely 19 that the contents could be interpreted as a real and 20 immediate risk to the life of Ms. Baiba Saulite." 14:09 21 22 Now, during the fact-finding report you had considered the document very carefully, the victim impact report, 23 24 and you were aware of Osman, so presumably you had come 25 to that conclusion at that point? $14 \cdot 10$ 26 So, again what I said just a moment ago about Osman Α. 27 was, applying that to totality of the information that I had, so not just in relation to the victim impact 28 29 statement.

| 1 | 279 | Q. | Okay. But the victim impact statement was the key | |
|----|-----|----|---|-------|
| 2 | | | document, wasn't it? | |
| 3 | | Α. | Sorry, did you say a key document? | |
| 4 | 280 | Q. | The key document. | |
| 5 | | Α. | No, I don't agree. I think it was an important | 14:10 |
| 6 | | | document. But there were several other things which I | |
| 7 | | | thought were important also. | |
| 8 | 281 | Q. | Tell us what those are. | |
| 9 | | Α. | Sorry? | |
| 10 | 282 | Q. | Tell us what those are, please. | 14:10 |
| 11 | | Α. | So there was and I'm just conscious about moving | |
| 12 | | | into a sensitive area, which I won't do, but | |
| 13 | | | Ms. Saulite did give Sergeant Hughes information which | |
| 14 | | | was relevant to the investigation of, we recall, the | |
| 15 | | | burning of her car. To me, that should have been acted | 14:11 |
| 16 | | | upon. So that was certainly relevant. The statement | |
| 17 | | | that she had made in relation to the abduction case was | |
| 18 | | | also relevant. The fact that Sergeant Hughes had | |
| 19 | | | acknowledged that he had access and had sight of the | |
| 20 | | | intelligence which was available in relation to Mr. A | 14:11 |
| 21 | | | was relevant. And he had he knew of the various | |
| 22 | | | incidents that had happened around Mr. Hennessy. You | |
| 23 | | | know, so he knew of all these things, so I think all of | |
| 24 | | | those things were relevant in the fact-finding. | |
| 25 | 283 | Q. | Okay. Well let's still stick with this final sentence | 14:12 |
| 26 | | | of the disciplinary report and let's just focus on the | |
| 27 | | | document itself. You had made a finding that even if | |
| 28 | | | Sergeant Hughes had read the document, the report, it's | |
| 29 | | | unlikely that it could be interpreted as a real and | |

immediate risk to the life of Ms. Saulite, yes? A. On its own, I think that is correct.

3 284 0. Yes. well if that's the case, how could you have 4 concluded at the fact-finding stage, having reached 5 this view of the report, the victim impact draft, that 14:12 6 there was a compelling case against Sergeant Hughes? So, I believe in my conclusions and recommendations in 7 Α. 8 the fact-finding, I said "taking account of the foregoing... " so what I had -- so the matters I have 9 just spoken about a moment ago, all of those issues, in 14:13 10 11 the totality of those, that that was what I was talking 12 about, was the fact that Sergeant Hughes had this victim impact statement where Ms. Saulite had talked 13 about the fear that she felt and the risk she felt 14 there was to her, all of that was relevant. 15 14:13 And why didn't you, in your fact-finding report, inform 16 285 Q. 17 Assistant Commissioner McHugh that this was your 18 conclusion about the victim impact draft, that even if 19 that had been read, it was unlikely that one would conclude that there was a real and immediate risk to 20 14:13 life? 21 22 Because the information that I reported and presented Α. 23 to Assistant Commissioner McHugh in the fact-finding, 24 as I've said, was the totality. The victim impact 25 statement, it was relevant to what was happening, it 14.14

26 certainly was relevant. So to say here, look, as I
27 said, it's -- if it was read in full, could that, by
28 itself, could that be interpreted as a real and
29 immediate risk to the life of Ms. Saulite? So I was, I

93

1 suppose, being as fair as I could be to Sergeant Hughes
2 when I made that comment. But I, again, will say that
3 the victim impact statement was relevant. It was
4 relevant.

5 286 What I am asking you is why didn't you tell Assistant Q. 14:14 6 Commissioner McHugh this aspect of your findings that, 7 look, the victim impact draft which is probably the 8 primary focus actually, when you read it, then it doesn't give rise, or it's unlikely to give rise to 9 anyone thinking there's a real and immediate risk, why 10 14.1511 didn't you tell Assistant Commissioner McHugh that? 12 Sorry, can I just say that in your question you asked, Α. 13 or you said that this was the central focus, if I heard 14 you right, of -- that the victim impact statement was 15 the central focus. No, it wasn't the central focus. 14:15 16 It was one avenue to be explored. It was relevant to 17 the investigation, as were the other matters which I 18 have spoken about a moment ago.

19287Q.The other matters were, sorry, the burning of the car,20yes?14:15

A. Sorry?

22 The other matters you just -- you gave three other 288 Q. 23 matters, you referred to three other matters. The 24 burning of Ms. Saulite's car was one, wasn't it? 25 So the information that Sergeant Hughes was given about 14:15 Α. the burning of the car; it wasn't the burning of the 26 27 car itself. Of course the burning of the car was 28 relevant; the sergeant had accepted that he knew about 29 But he was given information in relation to that.

94

| 1 | | | that. | |
|----|-----|----|---|-------|
| 2 | 289 | Q. | Lots of other gardaí were aware of that | |
| 3 | | Α. | No, no no, they were aware of the burning of the | |
| 4 | | | car. | |
| 5 | 290 | Q. | Yeah. | 14:16 |
| 6 | | Α. | No other gardaí, as far as I could ascertain, except | |
| 7 | | | Sergeant Hughes and Garda Nyhan, were aware of the | |
| 8 | | | information that Baiba Saulite gave to him about that. | |
| 9 | | | And that was certainly a key point that should have | |
| 10 | | | it should have been acted on. | 14:16 |
| 11 | 291 | Q. | I'm not following, sorry. Are you saying that Sergeant | |
| 12 | | | Hughes and Garda Nyhan had some particular knowledge | |
| 13 | | | about the burning of the car? | |
| 14 | | Α. | Yes. | |
| 15 | 292 | Q. | And you did preface this with "it's a sensitive area | 14:16 |
| 16 | | | so"? | |
| 17 | | Α. | Yes. | |
| 18 | 293 | Q. | You're saying that he had information about John | |
| 19 | | | Hennessy, that was one of your additional reasons? | |
| 20 | | Α. | So he knew of the information that became available | 14:17 |
| 21 | | | about a potential threat to John Hennessy. He knew | |
| 22 | | | about the setting fire to the an accelerant was | |
| 23 | | | poured in the letter box, I believe, of John Hennessy's | |
| 24 | | | home; he knew about that. He knew that there was | |
| 25 | | | more I think more reliable is the way he put it | 14:17 |
| 26 | | | more reliable information became available, you know, | |
| 27 | | | | |
| 28 | | | So they were all relevant pieces. As I say, | |
| 29 | | | Sergeant Hughes did say that he knew about these | |

matters. So that's what I mean when I say the totality of the information that I had was what I based my recommendation in the fact-finding on.

4 294 Q. But can you show us in your fact-finding report where
5 you refer to Sergeant Hughes having specific knowledge 14:18
6 of the reports of imminent attacks on Mr. Hennessy?
7 A. That was in his report.

8 295 Q. But in your fact-finding report to Assistant 9 Commissioner McHugh, I mean correct me if I am wrong, 10 but you never expressed that knowledge as something 14:18 11 that could lead to the disciplinary investigation that 12 subsequently ensued, that knowledge on the part of 13 Sergeant Hughes.

14 Α. So the information that Sergeant Hughes provided in his 15 report included the matters I've just spoken about. In 14:19 16 my conclusions and recommendations I said, "taking all of the foregoing... " so the matters that I had spoken 17 18 about in the report and any of the documents. So the 19 Pulse records, were they relevant? Yes, they were presented to Assistant Commissioner McHugh also. 20 So 14:19 they were relevant as well. 21

22 But lots of other officers had the information about 296 Q. 23 the risks to Mr. Hennessy and had access to the Pulse 24 records, and they never came under the microscope? 25 So, with respect, the fact-finding inquiry was not Α. 14.19inquiring into the level of information about a threat 26 27 to John Hennessy. It was to look into the knowledge that was available or in possession of members of An 28 29 Garda Síochána in respect of a threat or a potential

96

- 1 threat to Baiba Saulite.
- 2 297 Q. Yes, and these matters, the Pulse records, and the
 3 intelligence in respect of the risk to Mr. Hennessy,
 4 were matters that lots of other officers were aware of?
 5 A. Yes.
- 6 298 Q. Yet they didn't find themselves the subject of a7 further investigation?
- 8 Because I would suggest to you that the matters in Α. relation to Mr. Hennessy -- So there was information 9 available, it was acted on appropriately. 10 So it was 14.20 11 analysed, acted on appropriately, so there was crime 12 prevention advice, for example Detective Superintendent 13 Byrne got the information from elsewhere -- and I don't want to stray into, as I said, sensitive areas. 14 So the 15 matters in relation to John Hennessy and the risk to 14:21 16 him and the threat to him, my opinion on that is they 17 were properly and appropriately dealt with. 18 299 But, Chief Superintendent Feehan, you're supporting Q. 19 Sergeant Hughes's thesis here, which is that all this 20 information is relevant to Ms. Saulite's situation, and 14:21 that it was out there and lots of officers knew about 21 22 it, and he is not individually criticising any 23 officers, he is saying there should have been some 24 coordination. Now the Tribunal is not looking at that 25 But, what you're now relying on, and it's not issue. 14.21 clear from your fact-finding report, is other 26
 - information that other gardaí were aware of.

A. I am relying on information that Sergeant Hughes had in
 coming to the conclusions in my -- in the fact-finding

97

1 report, the fact-finding investigation. That's what I 2 am relying on, that Sergeant Hughes had this 3 information. Other people had some of the information. Nobody else except -- to my knowledge, except Sergeant 4 5 Hughes and Garda Nyhan had the particular information 14:22 that was given by Ms. Saulite on the 14th November. 6 7 Nobody else, to my knowledge, had that information. 8 Nobody else had the victim impact statement. Yes, you said a moment ago that was relevant. 9 300 But I am Q. saying that actually is the key document because that's 14:22 10 what differentiates them? 11 12 well, sorry, what is that key document? Α. 13 I think we're in agreement on this, but you're trying 301 Q. 14 to say now that the victim impact draft was just one of a number of factors. 15 14:22 16 I am saying it was relevant. There were a number of Α. matters which were relevant in -- So I was asked. or 17 18 directed by Assistant Commissioner McHugh, to look into 19 the knowledge which members of An Garda Síochána were in possession of. I have listed out some of the 20 14:23 information, or the knowledge that they had, for 21 22 example in relation to Mr. Hennessy's situation, yeah other members of An Garda Síochána had that 23 24 information, but Sergeant Hughes also had it. So it is 25 relevant in him, as a professional policeman, saying in 14:23 his report that he didn't think that the concerns that 26 27 were being expressed by Ms. Saulite, that they were of much concern. I don't think that's a credible 28 29 situation, given that he had the information around

98

1 John Hennessy, given that he had the information around 2 the arson of Baiba Saulite's car, given the information 3 that Ms. Saulite gave him on the 14th November, which I've just talked about, given the information that he 4 5 had from being the member in charge of the child 14:23 abduction investigation and the fears that she 6 7 expressed, all of these were relevant. 8 302 And the officers who had this other information to do 0. with Mr. Hennessy, for example, did you investigate 9 them? 10 14.2411 Α. I have said that what we did was -- so the approach 12 was: we started out pretty broad. There were a number 13 of places that I would have expected that if there was 14 information, or intelligence, about a threat to 15 Ms. Saulite -- and that's what I was charged with 14:24 16 looking into -- if such information or intelligence 17 existed, well then the detective superintendent, I 18 would certainly expect that he would have sight of that 19 or have knowledge of it -- Detective Superintendent Byrne. And in relation to the intelligence or 20 14:24 information which was, which was out there about the 21 22 threat to Mr. Hennessy, Detective Superintendent Byrne 23 did have that and acted upon it. I would also expect 24 that if there was such information or intelligence, that it would be available or could be found in the 25 14.25It wasn't. Neither did 26 superintendent's office. 27 Superintendent Byrne have any information or intelligence about any threat to Ms. Saulite. 28 29 So is it your position that the victim impact draft was 303 Q.

99

1 one relevant element of a wider picture when it came to 2 Sergeant Hughes? 3 Α. It was relevant but it was not the only matter that was 4 relevant. 5 304 And you had made an assessment, at the time of the Q. 14:25 6 fact-finding report, that even if the draft victim 7 impact report had been read, it was unlikely that a real and immediate risk to life would have been drawn 8 from that? 9 So with respect, Mr. Lynn, I did not say that at the 10 Α. 14.2611 time of the fact-finding, I didn't say that. I said this is in relation to --12 13 CHAI RMAN: Just hold on a second. 14 MR. McGUI NNESS: This is the discipline report which is on screen. 15 14:26 16 CHAI RMAN: Yes. 17 MR. McGULNNESS: And the conclusion there is in the 18 discipline report. 19 CHAI RMAN: Correct. 20 MR. McGUI NNESS: I think the witness is correct in that 14:26 he did not say he had included this or reached that 21 22 view at the time of the fact-finding. 23 well, I think Mr. Lynn is exploring -- I am CHAI RMAN: 24 slow to -- Sorry, yes, it is clear. Mr. Lynn is 25 contrasting the conclusion of the discipline report 14.26 with the assistant commissioner's state of knowledge at 26 27 the time when he compiled the fact-finding report. So 28 he is contrasting one with the other, and I think the 29 essential point is that nothing factual had altered in

100

1 relation to the victim impact statement, whatever other 2 evidence might have been expanded or contracted or 3 differed, the interpretation of the document. And what the witness has said is that wasn't the view I formed 4 5 at the time. I didn't form that view at the time, and 14:27 I dare say that Mr. Lynn is going to say, well why 6 7 didn't you form it at the time? and explore along that 8 line. I hope I am not messing anybody up by -- or giving away your secrets, Mr. Lynn, but I think that's 9 where it's going. 10 14.28 11 Basically, Assistant Commissioner, he's saying, well, 12 if that was the case, that's a matter of interpretation 13 of the document and why didn't you reach -- why didn't 14 you reach that earlier, if you didn't reach it earlier? 15 Do you understand what I am asking you. 14:28 16 Yes, Chairman. Α. 17 CHALRMAN: That's what he is asking you really. 18 MR. LYNN: Thank you. 19 CHAI RMAN: That's where we are going with this. What 20 do you say to that? 14:28 So I say that I made recommendations on the 21 Okav. Α. 22 fact-finding based on all the information that I had available to me, which included the victim impact 23 24 statement. I didn't say that -- in the fact-finding 25 that other matters were -- to take the totality, I 14.28 didn't quantify if the victim impact statement is worth 26 27 20%, or the information given to Sergeant Hughes on the 14th November was worth X other percent. 28 SO I 29 presented the totality of the facts as I had them. SO

101

that's what I did. I didn't break down whether the 1 2 victim impact statement -- you know, the level of attention or importance that I ascribed to that in 3 4 doing -- in writing the fact-finding report. 5 305 MR. LYNN: I mean I did ask you at the start of this Q. 14:29 afternoon's session had you considered the victim 6 7 impact draft very, very carefully at the time of the 8 fact-finding report, and you said yes, and you confirmed that you looked up the Osman judgment and you 9 were aware of that. And I think I asked you had you 10 14.29 11 read the victim impact draft in the context of the 12 Osman ruling, and I think you confirmed that you had. 13 And I then took you to the disciplinary conclusion. 14 And my understanding -- well I will ask again, just to 15 clarify it. 14:30 16 The conclusion in the disciplinary report, at the 17 fact-finding stage, having considered the victim impact 18 draft very carefully, having looked at Osman, having read the victim impact report in the context of Osman, 19 presumably you reached the same conclusion and had 20 14:30 reached it during the fact-finding report? 21 22 So, as I said, I didn't dissect the information that I Α. 23 had about what was relevant or what was not relevant in 24 the fact-finding, I didn't do that. So, if that's what 25 I believe now, and I believed then, I am being asked. 14.3026 yeah, that the victim impact statement was relevant; I 27 absolutely believe that was relevant. So, that was 28 something to be put to Sergeant Hughes in the context 29 of a disciplinary inquiry in the event that that's what

102

| 1 | | | happened. So that's |
|----|-----|----|---|
| 2 | 306 | Q. | CHAIRMAN: Assistant Commissioner, can I interrupt you |
| 3 | | | for a second? And Mr. Lynn is sure to complain to me, |
| 4 | | | and if he does, he'd be right. But can I ask you a |
| 5 | | | simple question: When did you come to the conclusion 14:31 |
| 6 | | | that the victim impact statement didn't matter? |
| 7 | | Α. | That it didn't matter? |
| 8 | 307 | Q. | CHAIRMAN: well, yes, that it didn't matter. That even |
| 9 | | | if he had read it. First of all you said, number one, |
| 10 | | | he didn't read it, and there's no evidence that he did $_{14:31}$ |
| 11 | | | read it sorry, he said. That's what the conclusion |
| 12 | | | reached? |
| 13 | | Α. | Yes. |
| 14 | 308 | Q. | CHAIRMAN: Number two, even if he had read it when I |
| 15 | | | say it didn't matter, I'm using shorthand. Number two, $_{14:31}$ |
| 16 | | | even if he had read it, it didn't constitute evidence |
| 17 | | | of a real and immediate threat. Those are your |
| 18 | | | conclusions in the thing? |
| 19 | | Α. | Mm. |
| 20 | 309 | Q. | CHAIRMAN: Question: When did you reach that 14:31 |
| 21 | | | conclusion? |
| 22 | | Α. | In drafting the report on the discipline. |
| 23 | 310 | Q. | MR. LYNN: But why |
| 24 | 311 | Q. | CHAIRMAN: Sorry. And what was new with the situation |
| 25 | | | then as compared with when you were drafting the 14:32 |
| 26 | | | fact-finding? |
| 27 | | Α. | So the discipline or the victim impact statement was |
| 28 | | | relevant |
| 29 | 312 | Q. | CHAIRMAN: I understand. I understand relevance. |

1 A. Yeah, yeah.

| _ | | , | | |
|----|-----|----|--|-------|
| 2 | 313 | Q. | CHAIRMAN: But the only thing sorry, I hope nobody | |
| 3 | | | objects. But I mean this is obviously material to our | |
| 4 | | | considerations, or at least it may be relevant. We | |
| 5 | | | know the conclusion you reached on the discipline | 14:32 |
| 6 | | | investigation. And you have told me I am not | |
| 7 | | | suggesting it's not right what you've just said, that | |
| 8 | | | you reached that conclusion, you came to that | |
| 9 | | | interpretation of the victim impact statement when you | |
| 10 | | | were drafting your discipline report? | 14:32 |
| 11 | | Α. | Yes. | |
| 12 | 314 | Q. | CHAIRMAN: Okay. And the question I would like you to | |
| 13 | | | help me with is: What was different about then as | |
| 14 | | | compared with when you were drafting the fact-finding | |
| 15 | | | report in relation specifically to the victim impact | 14:33 |
| 16 | | | statement? If you know what I mean? | |
| 17 | | Α. | Yes. | |
| 18 | 315 | Q. | CHAIRMAN: Does that make sense? | |
| 19 | | Α. | Yes. Thank you, Chairman. So the it was the same | |
| 20 | | | victim impact statement. It was the same information | 14:33 |
| 21 | | | that was there. And what I did not do, as I tried to | |
| 22 | | | explain, apologies if I explained it, you know, if I | |
| 23 | | | didn't explain it properly | |
| 24 | 316 | Q. | CHAIRMAN: Don't worry. Take your time. This is an | |
| 25 | | | inquiry, nobody is trying to catch you out or anything | 14:33 |
| 26 | | | like that. This seems to arise from what Mr. Lynn was | |
| 27 | | | saying. He may have further questions. | |
| 28 | | Α. | Yes. | |
| 29 | 317 | Q. | CHAIRMAN: And good luck to him if he has sorry, | |
| | | | | |

104

| 1 | | | that sounds ridiculously informal, I don't mean that. |
|----|-----|----|---|
| 2 | | | So you say look, what is the explanation? |
| 3 | | Α. | So in my report on the fact-finding, I did not go into |
| 4 | | | the importance of the victim impact statement. So it |
| 5 | | | was relevant. I didn't also go in to dissect or to go 14:34 |
| 6 | | | into each individual |
| 7 | 318 | Q. | CHAIRMAN: I follow |
| 8 | | À. | piece of information. Hopefully that makes sense, |
| 9 | | | Chairman. |
| 10 | 319 | Q. | CHAIRMAN: So you took a sort of global view at the 14:34 |
| 11 | | | fact-finding and said there has to be an investigation? |
| 12 | | Α. | Yes. And I believe that the language I used, that |
| 13 | | | "taking account of the foregoing" so that was |
| 14 | | | everything that was previous in the fact-finding |
| 15 | | | report, taking account of all that, so the totality, I $_{14:34}$ |
| 16 | | | was of the view that there was a compelling case, |
| 17 | | | although I didn't use that term, to institute a |
| 18 | | | disciplinary inquiry. |
| 19 | | | CHAIRMAN: Okay. |
| 20 | 320 | Q. | MR. LYNN: If you had considered well, why didn't 14:35 |
| 21 | | | you consider the victim impact report in the context of |
| 22 | | | Osman and reach a conclusion at the time of the |
| 23 | | | fact-finding report? Just to isolate that particular |
| 24 | | | issue. I know, Assistant Commissioner Feehan, that |
| 25 | | | there is a totality aspect, but you could isolate 14:35 |
| 26 | | | issues and perhaps remove them from the picture. Why |
| 27 | | | didn't do you that? |
| 28 | | Α. | With all respect, in relation to Osman, my |
| 29 | | | understanding of it, and, you know, I am not a lawyer, |
| | | | |

| 1 | | | so my understanding was that the Osman case said that | |
|----|-----|----|---|-------|
| 2 | | | there was a responsibility on a police organisation | |
| 3 | | | where they knew, or ought to have known, about a threat | |
| 4 | | | to somebody, that the organisation has responsibility | |
| 5 | | | to try and mitigate as well as they can the threat that | 14:36 |
| 6 | | | is there. What I am | |
| 7 | 321 | Q. | CHAIRMAN: They probably didn't need the European Court | |
| 8 | | | of Human Rights to tell them that. It's fairly | |
| 9 | | | obvious. | |
| 10 | | Α. | Indeed. So, the police organisation is what is the | 14:36 |
| 11 | | | police organisation? The police organisation, if they | |
| 12 | | | had information, it's not that the police organisation | |
| 13 | | | had it, it was that individual members of the police | |
| 14 | | | organisation had information. | |
| 15 | | | CHAIRMAN: Of course. | 14:36 |
| 16 | | Α. | And they should have, or they should have known that | |
| 17 | | | this was there was a threat, or a risk, to an | |
| 18 | | | individual. Sorry, let me if I could? | |
| 19 | | | MR. LYNN: Please. | |
| 20 | | | CHAIRMAN: Yeah, go on. | 14:36 |
| 21 | | Α. | So, therefore, my understanding of Osman is that it | |
| 22 | | | places a responsibility on individual members of a | |
| 23 | | | police organisation, where they knew, or should have | |
| 24 | | | known, about a real threat to an individual. That | |
| 25 | | | responsibility, in my understanding of it, cascaded | 14:37 |
| 26 | | | down to individual members of the organisation. So I | |
| 27 | | | didn't apply Osman to the information that Ms. Saulite | |
| 28 | | | presented on the 14th November that year five days I | |
| 29 | | | think, four days before she died. I didn't apply Osman | |
| | | | | |

1 discretely either to the victim impact statement. The 2 point I was making about quoting Osman was that there 3 was a responsibility on Sergeant Hughes, if he had this information, that he knew, or should have known, that 4 5 there was a credible threat to Ms. Saulite. So that's 14.37 the context that I was quoting from Osman. 6 If that's a 7 wrong legal interpretation, then I'll have to take that 8 advice, but that was my thinking and that was why I included the Osman judgment in the report. 9

So you're applying Osman to the broad 10 322 MR. LYNN: Q. 14.38 11 picture. But the question I am asking you is that the 12 victim impact draft, okay, now, in a sense, isn't that 13 the defining document as far as Sergeant Hughes and 14 Garda Nyhan are concerned, would you agree with me on 15 that? 14:38

16 Eh --Α.

They were the ones who were aware of the document? 17 323 Q. 18 That document, I believe, came to me with the direction Α. 19 from Assistant Commissioner McHugh that I should go and 20 carry out a fact-finding investigation. So. that 14:38 13-page, I think it was, or whatever number of pages, I 21 22 think 13 pages, of a draft victim impact statement, I 23 was presented that with the direction to go and carry 24 out this investigation. So, yes, it was relevant. As 25 the inquiry went on, there were other matters which 14.38came to light, I suppose I'd say, during the 26 27 fact-finding investigation, and they were also relevant. In writing the report, I didn't -- as I 28 said, I didn't apply Osman, or I didn't say this 29

107

1 particular issue -- say the victim impact statement is 2 more important than some other piece of information, or vice versa, I didn't say that. And that's -- and so 3 4 the report that I wrote on the fact-finding, and again 5 as far as I recall it says "taking all of the 14:39 foregoing... " so in other words what had been talked 6 about in the report up to then, that was what I was 7 8 basing my decision on, or my recommendation on that this should go to a formal or a full investigation. 9 When you were directed to carry out the fact-find, you 10 324 Q. 14.39 11 were given the draft victim impact report at the same 12 time, and that was the document that really triggered 13 the fact-find, is that right? 14 Α. I didn't speak to Assistant Commissioner McHugh about what he was basing his direction to me on. 15 Obviously 14:40 16 he considered, as I considered, that the draft victim impact statement was relevant. Yes, it was relevant. 17 18 It wasn't the only thing that was relevant. Other 19 things, other facts, as I said, came to light during 20 the fact-finding investigation. So I, in making a 14:40 recommendation. I said here's the totality of the 21 22 information, or the knowledge, that was available that An Garda Síochána actually had, and based on all of 23 24 that I think this needs to go to a formal or a full 25 investigation. $14 \cdot 40$ That was based, you're now saying, globally on all the 26 325 Q. 27 information that An Garda Síochána had, that there should now be a full investigation? 28 29 No, I'm not saying that. Α.

108

326 Sorry if I have misunderstood you. Please clarify. 1 Q. 2 Sorry. There was information that only Sergeant Hughes Α. 3 and Garda Nyhan had. That came to light during the inguiry, during the fact-finding inguiry. That would 4 5 not have been available to Assistant Commissioner 14:41 McHugh when he appointed me and, forgive me if I am 6 7 wrong but my understanding of your premise is that the 8 fact-finding inquiry should only on the victim impact statement. So if that's what suggested, I would 9 respectfully disagree with that. 10 $14 \cdot 41$ 11 327 Q. CHAI RMAN: No, what he is saying, Assistant 12 Commissioner, he is saying that the draft victim impact 13 statement was an important document. I don't think 14 anybody could disagree with that. Is that --15 Yes, Chairman. Α. 14:41 16 Not the whole thing, not the only thing, not 328 CHAI RMAN: 0. 17 the principal thing, but an important thing. We would 18 all agree with that? 19 Yes, Chairman. Α. 20 329 CHAI RMAN: we would. And ultimately you had to, so to Ο. 14:42 21 speak, interpret that, you had to make a judgment on 22 it? 23 Yes. Α. 24 what did it mean? And his point is --330 CHAI RMAN: Q. 25 Mr. Lynn's point is: why didn't you make that at the 14 · 42 26 start when you had the thing? Maybe there was other 27 things to be included and say: although I think this about the victim impact statement, nevertheless I think 28 29 that there should be a full inquiry, okay. But

109

1 specifically his question is: why didn't you arrive at 2 your conclusion as to the meaning of it -- and he's not 3 challenging that for very good reasons, but he says why didn't you reach that at the fact-finding stage because 4 5 it's the same piece of paper? 14:42 6 And --Α. 7 That's the question. 331 CHAI RMAN: **Q**. 8 And, as I have said, Chairman, yes, it is the same Α. piece of paper, it is the same piece of information. 9 So I just did not get down into --10 $14 \cdot 43$ 11 332 CHAI RMAN: You didn't do it? Q. 12 No, I didn't do it. Α. 13 And you didn't think it was necessary to do 333 CHAI RMAN: Ο. 14 it? 15 No, I didn't. And I based my recommendations on, as I Α. 14:43 16 said, all the information that I had. So that's --17 CHAI RMAN: And I suppose the question is jumping out, 334 Q. 18 at least for me: If you had reached that conclusion --19 now we're looking back a long time, let's allow for all 20 of these things, let's allow for the retroscope I think 14:43 it's called, let's allow for all of that -- but if you 21 22 had reached that conclusion back at the fact-finding 23 stage, you'd probably have stated that in the report? 24 Sorry, I would have stated that --Α. 25 If you had -- let's go back and if you had 335 0. CHAI RMAN: $14 \cdot 43$ 26 sat down and really got into it and said, you know, I 27 am going to interpret this and get to the bottom of this, just this piece of paper, you'd probably have put 28 29 that into the report, you'd probably have put your

| 1 | | | conclusions into the report? | |
| 2 | | Α. | I might well have done, yes. | |
| 3 | 336 | Q. | CHAIRMAN: You might well have done? | |
| 4 | | Α. | Yes. | |
| 5 | | | CHAIRMAN: Thanks very much. Sorry, Mr. Lynn. | 14:44 |
| 6 | | | MR. LYNN: Thank you, Judge. | |
| 7 | 337 | Q. | So there were other matters to be looked at. I was | |
| 8 | | | going to go in sequence but I think Can we go to | |
| 9 | | | well we have your report, your disciplinary I am | |
| 10 | | | still exploring the fact-finding report process and | 14:44 |
| 11 | | | what ensued, but I want to look now, you've said that | |
| 12 | | | there were these other matters to be considered, and I | |
| 13 | | | want to look at some other parts of the disciplinary | |
| 14 | | | report. It was on the 29th October of 2008 that | |
| 15 | | | Sergeant Hughes was interviewed, and I am going to go | 14:45 |
| 16 | | | back in time later, Assistant Commissioner, but we'll | |
| 17 | | | just move to that now. That's at page 954. | |
| 18 | | Α. | Sorry, this is in the discipline? | |
| 19 | 338 | Q. | Yes. Sorry if this is a little bit | |
| 20 | | Α. | Yes. | 14:45 |
| 21 | 339 | Q. | but there is some flow to this. Now this is the | |
| 22 | | | interview with Sergeant Hughes in the disciplinary | |
| 23 | | | investigation, and there's nothing controversial into | |
| 24 | | | the first two paragraphs. And then we'll look at what | |
| 25 | | | Sergeant Hughes was asked and then we'll return to | 14:46 |
| 26 | | | these matters that you raised. So he is firstly asked: | |
| 27 | | | | |
| 28 | | | "Can you confirm that you were involved in the | |
| 29 | | | investigation of the abduction of the children of Baiba | |

               "A.

 9
               There was nothing controversial about that guestion,

               was there?
                                                                           14 \cdot 46

         Q.
29
```

1 "A. No I never read the whole document at that time. 2 0. Why did you photocopy this document? 3 Α. We were assisting the State in drawing up a victim impact report, so we were not expecting Baiba to arrive 4 5 at the station with such a detailed document. Soin 14:47 6 the meantime she's going away to obtain a GP report and 7 we go through that document and that anything from it 8 that was relevant to accompany the GP report to help formulate a proposed victim impact statement." 9 10 14.4711 Just to pause for a second Assistant Commissioner 12 Feehan, I think that account was already well known, 13 wasn't it? 14 Α. Sorry, I think I explained, I think it was before 15 lunch, that the information which was given, or which 14:47 16 we had, maybe responses from Sergeant Hughes or 17 otherwise that were given as part of the fact-finding 18 inquiry, would not be capable of being used in the 19 discipline if the disciplinary went to the formulation 20 of formal breaches of discipline, in other words it 14:48 would go to a sworn inquiry, that's why those questions 21 22 were being asked, that -- so did you read it? So that 23 was relevant in the disciplinary. Here was a response. 24 And that was then reflected in the report that I did on 25 the discipline. $14 \cdot 48$ Was anybody suggesting that Sergeant Hughes had read 26 344 Q. 27 it? Not to my knowledge. 28 Α. No, but in the fact-finding report did you come up with 29 345 Ο.

113

1 any evidence that might suggest that he had read it? 2 No. What we came up with was that he had this 12-page Α. 3 draft victim impact report; he had that. And the information was in it as we have described. 4 5 346 So this wasn't really being contested by the Q. 14:48 investigators, am I right? 6 7 Sorry, again just so I am clear. We're now into a Α. 8 formal investigation under the Garda Síochána Discipline Regulations. Where this was going to lead 9 to, if the appointing officer, having access to the 10 14.4911 totality of the information which was here, including 12 what was in Sergeant Hughes's report -- or statement as 13 it is now -- to the disciplinary inquiry, all of that is relevant. If he had said something in the 14 15 fact-finding, well then my understanding and my 14:49 16 approach here was, well okay, this cannot be used in a formal disciplinary inquiry, certainly couldn't be --17 18 you couldn't take the report Sergeant Hughes gave to 19 the fact-finding and present it to the Chairman of a 20 board of inquiry, if there was a sworn inquiry taking 14:50 place, you couldn't do that. So the questions, that's 21 22 why those questions were asked in this context. 23 During your fact-finding report did you not make your 347 Q. 24 own assessment as to whether Sergeant Hughes had read 25 the report or not? 14:50 Did I make? 26 Α. 27 348 Some sort of provisional assessment, shall we say? Q. I don't believe I did. I don't believe I did. We had 28 Α. no evidence to say he had read it. He had said in his 29

114

own report he did not read it. Okay, so if that's his 1 2 position, you put that to him in the context of a formal inquiry under the Garda Síochána Discipline 3 Regulations. So he said no, he never read the 4 5 document. There's his response. So if matters 14:50 proceeded to a sworn inquiry, that would have been 6 7 given as evidence to the sworn inquiry because there's 8 an obligation to point to anything which goes in his favour also. The fact that he didn't read the thing, 9 he's now said this in a formal inquiry, a disciplinary 10 14.51 11 inauirv. Now that can be used to inform, you know, 12 whatever evidence, whatever discussions or points are 13 being made at the sworn inquiry. That's why these 14 questions were being asked. 15 349 Sergeant Hughes is in a --Q. 14:51 16 Sorry? Α. 17 350 Sergeant Hughes finds himself in an investigation that 0. 18 takes two years, causes him huge stress, and it's about 19 affirming something that is not actually contested, is 20 that what you are saying? 14:51 I am saying --21 Α. 22 Mr. Lynn, I think we have to understand CHAI RMAN: 23 would you like to look at Sergeant Hughes's something. 24 statement report to the fact-finding? Will you look at the first three lines of it? The first three lines 25 14.51 26 say: 27 28 "This is not in a disciplinary process." 29

115

2 MR. LYNN: Yeah.

1

CHAIRMAN: Isn't that cadit quaestio? The case ends.
End of story.

14:52

5 MR. LYNN: I take your point.

6 CHAI RMAN: Surely that's the end. If they had said 7 we'll proceed -- ultimately, where a discipline leads, 8 as I understand, is to a board of inquiry, sworn inquiry, and somebody produces a document and said 9 here's what happened, here's what he told us, and at 10 14.52 11 the top of that it says I know this is not for the purpose of discipline, I have merely been asked in a 12 13 fact-finding way for a chronology. Would it take long 14 for any judge to throw it out if it went to a judicial 15 review? I mean it's unstatable that you --14:52 16 MR. LYNN: All right.

17 CHAI RMAN: Sorry, I mean you may say it's established, you may say they should have done it a lot earlier in 18 19 the two years, that two years is ridiculous, none of that is a problem. Those are tenable propositions. 20 14:53 21 What seems to me to be an untenable proposition is to 22 say you knew it already. When you knew it already, it's contained in a statement that declares itself to 23 24 be unusable. Sorry, I mean that's -- I'm -- unless 25 somebody tells me that's totally wrong, that's where I 14.53 26 am going and that's where I am coming from. So you may 27 as well know, you may as well know that is something you are going to have to address if you are going to 28 29 persuade me of something otherwise, that's my

116

1 understanding, okay. Just so we know where we are 2 qoing. 3 MR. LYNN: I don't know whether -- yeah, we have finished the answer here --4 5 CHAI RMAN: Feel free to ask anything, but you may as 14:53 6 well know where I stand on that, subject, as I say, to 7 somebody saying you are wrong, which sometimes has been the case. 8 Assistant Commissioner Feehan, just to 9 351 MR. LYNN: Q. 10 re-collect our thoughts on this document here. SO 14.5411 we -- I think this is the third question: 12 13 "Why did you photocopy?" 14 15 And we have read out the answer. If we go down a 14:54 16 little bit. And then Inspector Dwyer reads over the 17 last paragraph of the 12-page document and asks Sergeant Hughes had he ever read that portion of the 18 document. And the answer: 19 20 14:54 21 "The morning after Baiba was killed. 22 Q. Report of chief superintendent Walter O'Sullivan 23 read over to Sergeant Hughes. Can you comment on this? 24 It is dealt with in my report. I was never invited Α. 25 to be part of the investigation team, case conference. 14.54I never said that this would lead to professional 26 27 difficulties for me. My report deals with the issue. 28 The substantive information that's contained in my 29 report was forwarded to Detective Inspector Mangan in

1 Store Street in mid December 2006."

2

4

5

6

3 And that's the entirety of the interview.

- Now, you have raised other issues you said were
- relevant, and Sergeant Hughes is not asked about any of 14:55 these.
- A. So my memory of the reports I got on this was that they
 were -- the interview too two hours, this interview, I
 believe, took in around two hours.
- 10 352 Q. The timings are there actually; it started at 3:10 and 14:55 11 ended at 3:50?
- 12 Sorry, there was a suggestion, I read in some of the Α. 13 papers, that there was such a small number of questions 14 being put, that, like, you might assume the interview 15 finished in a few minutes. Inspector Dwyer reported 14:55 16 that the interview took two hours; an interview he had 17 with Sergeant Hughes. So what is relevant here is that 18 the matters -- there are a number of matters here, 19 actually in Sergeant Hughes's report on the discipline, 20 which were certainly relevant. So he put those in his 14:56 report, and that was reported on to the -- as part of 21 22 the report to the appointing officer, Assistant 23 Commissioner McHugh.
- 24 353 Q. But what I am asking you is: You said that your fact-finding report, there were a number of other issues other than the victim impact document, and what I am saying to you is, Sergeant Hughes was not asked about any other issues when it came to the disciplinary inquiry?

118

1 So Sergeant Hughes, in his -- and he produced a 25-page Α. 2 document, pre-typed up document. The matters that were 3 in that report, like he talked about information he had, he talked about his knowledge of what had gone 4 5 before. It was -- it was -- like a lot of the 14:57 information that he gave in the fact-finding, was in 6 7 the report on the discipline, and that information was 8 given to the appointing officer, Assistant Commissioner McHugh, in allowing him to make a decision, as well as 9 the guote that you talked about where I said about what 14:57 10 11 -- the import of the draft victim impact statement. 12 Sorry, do you agree with me that he wasn't asked about 354 Q. the issues that you say were part of your thinking in 13 14 the fact-finding report? 15 I'm saying that in this memo of interview those Α. 14:58 16 questions were not put to him. 17 355 And why was that? Q. 18 I can't answer that because I wasn't there. But what I Α. 19 am saying is that the information, which I talked 20 about, which was relevant, was also in -- that was in 14:58 the report which Sergeant Hughes provided in the 21 22 discipline inquiry. 23 You had these other issues at the fact-finding stage. 356 Q. 24 Now, with respect, and tell me I am wrong if you think 25 I am, they are not clearly articulated in the 14.58fact-finding report? 26 27 Α. So the fact-finding report was based on -- So the statement from Sergeant Hughes was included in that, so 28 29 I would, I would suggest that the information that was

119

1 in that report was of relevance to the -- a decision to 2 be taken as to whether or not this would proceed to a 3 sworn inquiry, or how it would proceed. So that information was presented to the appointing officer, 4 5 Assistant Commissioner McHugh. 14:59 6 357 Exactly. But you had these other issues, and if Q. 7 Sergeant Hughes wasn't asked about them, how could he address them? 8 Because he had addressed them in his report. 9 Α. 10 358 Just by luck? Q. 14.5911 No, no. It wasn't -- I don't believe it was by luck at Α. 12 Maybe if he hadn't had them in his report, well all. 13 then they might have been put to them as to, look, this 14 was our understanding of what happened, do you want to 15 comment on this please? Do you want to comment on the 14:59 16 fact that you had this information which was presented 17 to you by Ms. Saulite on the 14th November? So that 18 was there. So, had it not -- had he maybe not 19 mentioned that at all in his report, I can't speak for 20 Inspector Dwyer as to what happened. In a long 15:00 interview -- my understanding is that the interview 21 22 with Sergeant Hughes took two hours, that's information 23 that I had from Inspector Dwyer who was there. So, the 24 information that was in the report was relevant to 25 making a decision as to how this should proceed. 15.0026 359 Well look, Assistant Commissioner Feehan, to be fair to Q. 27 you, maybe -- well, I'd like to ask you to show me in 28 the disciplinary report where the report deals with 29 these other issues that you had and Sergeant Hughes's

120

explanation and the conclusion. Now you might need to
 take some time to look at the report to do that, and I
 am sorry, Chair, about this --

4 CHAIRMAN: Don't apologise, yes.

5 A. Sorry, Chairman.

MR. LYNN: 6 360 It is unfair for you to have to scrawl Q. 7 through it on a screen. Do you understand what I am 8 saying? You're saying that the other issues were dealt with by Sergeant Hughes in his written report, and, 9 10 with respect, that seems to have happened just by good 15.01 11 fortune because he wouldn't have known your concerns on 12 the other issues because he was never asked about them, 13 and I want to know where that is dealt with in this 14 disciplinary report?

15:01

- 15 In the report from Sergeant Hughes? Α. 15:01 16 CHAI RMAN: The report from Sergeant Hughes contained 17 information that Assistant Commissioner Feehan says was 18 The report from Sergeant Hughes contained relevant. 19 information that was relevant and that was, so to 20 speak, reflected in a bad way on Sergeant Hughes. 15:02 It wasn't as if they had the 21 That's what he's saying. 22 concerns and he addressed them in the report. The concerns arose out of the report. Plus, the victim 23 24 impact statement. 25 But Mr. Lynn's question is -- if I am understanding, 15.02
- 26 this is the situation -- but his question is: Granted 27 there were issues. Assuming, accepting that there were 28 issues above and beyond the victim impact statement and 29 how it was treated, whereabouts in the discipline

121

| 1 | | | report are the references to those issues other than | |
|----|-----|----|---|-------|
| 2 | | | the victim impact statement? That's what he is saying. | |
| 3 | | | And I think he means there isn't a reference. | |
| 4 | | Α. | Sorry, there isn't? | |
| 5 | 361 | Q. | CHAIRMAN: I think he means that they're not referred | 15:03 |
| 6 | | | to in the discipline report. | |
| 7 | | Α. | Yes, and I accept that they're not, from what I am told | |
| 8 | | | here, that they didn't appear. So maybe they weren't | |
| 9 | | | teased out in the report in the same way as maybe the | |
| 10 | | | victim impact statement here was. But, can I just say? | 15:03 |
| 11 | | | CHAIRMAN: Yes, please, absolutely. | |
| 12 | | Α. | I certainly would expect that Inspector Dwyer, during | |
| 13 | | | this interview, having read these matters, so they are | |
| 14 | | | being read to Sergeant Hughes, and I believe he was | |
| 15 | | | asked to sign the statement | 15:03 |
| 16 | 362 | Q. | CHAIRMAN: Absolutely. | |
| 17 | | Α. | So that was where like, that was where the other | |
| 18 | | | matters | |
| 19 | 363 | Q. | CHAIRMAN: Part of Inspector Dwyer's process was to | |
| 20 | | | collect admissible evidence, even on matters that were | 15:03 |
| 21 | | | not in dispute, isn't that right? | |
| 22 | | Α. | Yes. | |
| 23 | 364 | Q. | CHAIRMAN: Things that were not in dispute with | |
| 24 | | | Sergeant Hughes but now needed to be put into an | |
| 25 | | | admissible form, which consisted of Inspector Dwyer | 15:04 |
| 26 | | | saying please confirm that this is the report you sent, | |
| 27 | | | and please or whatever it is | |
| 28 | | Α. | Yes. | |
| 29 | 365 | Q. | CHAIRMAN: please sign it and so on, so that it | |

could be used if and when -- it could be used in the 1 2 discipline process, part of it was that. And what 3 Mr. Lynn is really saying is: these other issues that appear to have, that appear to have formed part, at 4 5 least of your thinking, whether or not of Assistant 15:04 6 Commissioner McHugh's thinking, but these unspoken 7 matters that appear to have formed part of your thinking seem to have disappeared. That's his question 8 really. I mean, maybe if he doesn't object to my 9 translating it... 10 15.04

11

MR. LYNN: Yes.

12 366 Q. CHAIRMAN: Can you explain that?

So, Sergeant Hughes presented a 25-page report. 13 Α. My 14 understanding of what happened was the 25-page report 15 was read out loud by Inspector Dwyer, I believe. 15:05 16 CHAI RMAN: I understand. As you might well expect. 367 Q. 17 Yeah. And Sergeant Hughes was asked to sign that, Α. 18 which he did. So this was his statement. So what I am 19 saying is, that okay, in my report, again I didn't go into details about these matters, so I accept that I 20 15:05 didn't --21

22 And the report, the discipline report 368 CHAI RMAN: Q. 23 appears to reach its conclusion based on an analysis, 24 on an interpretation of the victim impact statement and 25 of Sergeant Hughes's response to it. I mean that is 15.0526 really what it says. It says (a) he didn't read it. 27 And there's nothing to suggest he did, and (b) if he had read it, it wouldn't have amounted -- it's not that 28 29 it's nothing or it's not being dismissed or thrashed --

123

| 1 | | | if he had read it, it wouldn't have amounted to a real | |
|----|-----|----|--|-------|
| 2 | | | and immediate. That's the conclusion. And on that | |
| 3 | | | basis Assistant Commissioner McHugh stops the process, | |
| 4 | | | which is what you were recommending? | |
| 5 | | Α. | No, sorry, I didn't recommend that. | 15:06 |
| 6 | 369 | Q. | CHAIRMAN: No, sorry, I mean if we read it, it's | |
| 7 | | | clear that you're not saying this should go to a board | |
| 8 | | | of inquiry? | |
| 9 | | Α. | So I was precluded from making recommendations. That's | |
| 10 | | | in the discipline regulations. I was not | 15:06 |
| 11 | 370 | Q. | CHAIRMAN: Okay. I see what you mean. But it wouldn't | |
| 12 | | | have come as a surprise to you that it didn't go to a | |
| 13 | | | board of inquiry? | |
| 14 | | Α. | I think it could have gone either way. | |
| 15 | 371 | Q. | CHAIRMAN: Okay. | 15:06 |
| 16 | | Α. | There's a duty on an investigating officer | |
| 17 | 372 | Q. | CHAIRMAN: I see | |
| 18 | | Α. | to present information which goes to the in | |
| 19 | | | favour of the member concerned. That is a requirement | |
| 20 | | | in the regulations. | 15:07 |
| 21 | 373 | Q. | CHAIRMAN: I understand. | |
| 22 | | Α. | And when I made comment about the victim impact | |
| 23 | | | statement, which had been a relevant issue | |
| 24 | 374 | Q. | CHAIRMAN: I follow. | |
| 25 | | Α. | and it's still a relevant issue. So I said okay, we | 15:07 |
| 26 | | | couldn't prove that Sergeant Hughes had read that. Had | |
| 27 | | | he read it, as that stood alone, would that have been | |
| 28 | | | evidence of a real and immediate threat to the life or | |
| 29 | | | safety of Baiba Saulite? | |

Your view was that it wasn't? 1 375 Q. CHAI RMAN: 2 Yes. Α. 3 376 CHAI RMAN: That was your view? 0. 4 And my view is that the other matters which were in Α. 5 Sergeant Hughes' statement were relevant and could be 15:07 6 used in a disciplinary sworn inquiry if such a thing 7 happened. 8 377 CHAI RMAN: Okay. Ο. That's the point I was trying to make. 9 Α. 10 378 CHAI RMAN: If you had studied the victim impact Q. 15.08 11 statement and had reached the same conclusion, we have 12 to assume that you would have reached the same 13 conclusion, if you had done that at the fact-finding, 14 clearly that would have been a matter that Assistant 15 Commissioner McHugh would take into account? 15:08 16 Indeed he could. Α. 17 379 CHAI RMAN: Yes... Q. But, with respect, the recommendations I made -- So if 18 Α. 19 there was no victim impact statement, the 20 recommendations I made in the fact-finding would still 15:08 have been the same. 21 22 CHAI RMAN: I understand that. I follow. 380 No. I have Q. 23 But it was a matter for Assistant your point. 24 Commissioner McHugh, and when he did get the 25 discipline, he stopped it? 15:09 26 Yes. Α. 27 381 CHAI RMAN: we may, I hope legitimately, infer that if Q. 28 he had got it earlier he would have stopped whatever it was earlier, that's a reasonable inference? 29

125

1 A. He -- yeah.

2 CHAIRMAN: Okay, thank you very much. I am sorry,

3 Mr. Lynn.

4 MR. LYNN: Not at all.

5 CHAIRMAN: Well I am not sorry actually. But I am 15:09 6 sorry -- anyway, please proceed.

- 7 382 Q. MR. LYNN: I think there was a suggestion earlier in
 8 the hearing -- not today -- Assistant Commissioner, but
 9 that the 25-page document from Sergeant Hughes was
 10 irrelevant, or largely irrelevant. You're now saying 15:09
 11 that there was relevant information there.
- 12 There was relevant -- sorry, I don't believe -- well Α. 13 sorry, not that I don't believe. So, I don't know who 14 said that the 25-page statement which was provided by 15 Sergeant Hughes to Inspector Dwyer as part of that 15:10 disciplinary inquiry, I don't know who said that was 16 17 not relevant. There were certainly large sections of 18 it which could not have come within the ambit of a disciplinary inquiry, which is a different thing. 19 20 There were many things in that report which were 15:10 germane and relevant to the discipline investigation. 21 22 And those matters were presented to Assistant 23 Commissioner McHugh in the statement that Sergeant 24 Hughes provided.
- 25 383 Q. Let me just come back to the -- well there were other 15:10
 26 matters that were not relevant to the issue before you.
 27 A. Sorry, in the 25-page report, in the statement? Sorry,
- 28 is that the question?

29 384 Q. No. But there were other matters that concerned

126

1 Sergeant Hughes about conduct and coordination 2 failures, et cetera, but you didn't have any authority 3 to look at that because, as you've said, you were confined to the allegation before you? 4 5 That's correct. Α. 15:11 6 385 Ο. But it was open management to take up those other 7 issues if they thought there was merit in them, isn't 8 that right, in that report? So, can I just explain that the -- so we were -- my 9 Α. understanding of it is -- not just my understanding but 15:11 10 11 from reading the regulations -- I could not go off and 12 investigate -- So there were issues about bullying and 13 harassment in that 25-page statement. There were 14 issues about the conduct, or alleged conduct of 15 another, maybe a -- I'm not sure, a detective sergeant 15:11 16 I believe. So they were included in this 25-page 17 statement. They could not be dealt with as part of 18 the -- within the discipline investigation because I 19 couldn't go and investigate those things. These 20 matters were reported to Assistant Commissioner McHugh. 15:12 He was forwarded a copy of the 25-page statement and, 21 22 as a result of that, Sergeant Hughes and his legal --23 his solicitor were asked if they wished to make a 24 formal complaint in relation to these other matters. 25 So, he was -- as far as I was concerned he was being 15.1226 given an opportunity to have those matters addressed 27 outside of the discipline, outside of the disciplinary 28 inquiry. So he was asked by Inspector Dwyer, on my 29 instructions and on the instructions of Assistant

127

Commissioner McHugh, did he want to make a formal complaint about the other issues, the issues which were not germane to the discipline investigation. So that offer was made and was never taken up.

15:13

6 Subsequent to that offer having been made, in a 7 follow-up meeting with Sergeant Hughes, Inspector Dwyer 8 looked for -- So, sorry, because Sergeant Hughes said that he wanted these matters to be taken cognisance of, 9 I think is the word he used, in the discipline inquiry, 15:13 10 11 Inspector Dwyer asked Mr. Hughes's solicitor if he could provide details of these issues and, from memory, 12 13 almost two months later. I think he was asked for these 14 things in February, I think it was, and okay, he got 15 them in April, that's fair enough, and these were 15:14 16 papers which had been exchanged between Mr. Costello, on behalf of Sergeant Hughes, and other offices within 17 18 An Garda Síochána -- HRM for example. So there were 19 issues there. So we looked to have sight of those. 20 Having had sight of them, it was very apparent to me 15:14 that these were not matters that could be dealt with in 21 22 the discipline investigation. But Sergeant Hughes and 23 his solicitor had been asked if they wanted to make a 24 formal complaint. So they were not being pushed under 25 the carpet. There were issues, you know, which were 15.14relevant in that statement which were certainly 26 27 relevant and would have been certainly put forward as part of his statement, a formal statement in a formal 28 29 disciplinary inquiry, which could have been put forward

| 5 | 390 | Q. | CHAIRMAN: No, I have that. |
| 6 | | Α. | He wanted cognisance to be taken of these things. And |

| 9 | 391 | Q. | CHAIRMAN: we can't take cognisance of these things |
| 10 | | | because they don't come under the discipline. |
| 11 | | | Absolutely. |
| 12 | | Α. | Yes. |
| 13 | 392 | Q. | MR. LYNN: Final word on it. All I am saying is that |
| 14 | | | they were isolated as not germane to the disciplinary |
| 15 | | | investigation, and that exercise of isolating them was $_{15:17}$ |
| 16 | | | one that could be done quite quickly? |
| 17 | | Α. | You would expect so. But, as I mentioned, in a |
| 18 | | | subsequent meeting |
| 19 | | | CHAIRMAN: Sergeant Hughes didn't allow that to happen |
| 20 | | | because he wanted them to be taken into account, so the $_{15:17}$ |
| 21 | | | further delay occurred. What seemed like a simple |
| 22 | | | process was not a simple process, or as simple, that's |
| 23 | | | what he is saying, because Sergeant Hughes wanted them |
| 24 | | | to be taken into account, and then ultimately they put |
| 25 | | | their heads together and decided no, they can't be 15:17 |
| 26 | | | taken into account at all. At all, at all is what they |
| 27 | | | decided, and they wrote back? |
| 28 | | Α. | At all, at all in the discipline. |
| 29 | 393 | Q. | CHAIRMAN: In the discipline, exactly. |

1 Sorry, the conclusion was -- yes, so we had looked at Α. 2 where intelligence or information -- I have talked 3 about that -- might be, might be available or might be held. The only evidence, if you want to call it that, 4 5 that I had from the fact-finding was that knowledge 15:21 about a threat to Ms. Saulite, Sergeant Hughes 6 7 certainly had that knowledge. He certainly had that 8 knowledge. And Garda Nyhan, who was working with him, was there when some information was given to him. 9 SO he had a full picture of all the intelligence that was 10 15.21 11 available, because it was on Pulse; he acknowledged that in his report. And there was knowledge, or 12 13 information, in relation to a threat to Ms. Saulite in that information which he had available to him. 14 And on 15 that basis -- sorry, on that basis, the recommendations 15:21 16 were made about a full investigation. And what I meant 17 by a full investigation was a full disciplinary 18 investigation.

19 406 So it was a scoping exercise only. You have Q. acknowledged that there are a lot of officers that you 20 15:22 didn't speak to or investigate, and interactions. 21 22 Mr. Lynn, if you are going to -- we have CHAI RMAN: 23 been over this before and you identified a number of 24 people who are mentioned in Pulse, people who 25 investigated other things and so on. But if you are 15.2226 prefacing a question by saying you admit -- I 27 acknowledge that there's a lot of officers you didn't investigate, I think you should be more specific and 28 29 you should say who he didn't and why and that he was

1 wrong in it. In other words, it should not be an 2 assumption, a question based on an assumption which 3 seems to me to be questionable. I mean am I making myself clear? I think it could be an unfair question 4 5 to say look, you've acknowledged -- yes, he did 15:22 6 acknowledge there were people he didn't speak to. Yes, But is that relevant? 7 he did acknowledge that. IS 8 that suggesting that he was at fault in not doing that? I mean, why don't you just ask the question rather than 9 preface it with a, perhaps, tendentious statement --10 15.23 11 perhaps. I am obviously not making myself clear. 12 MR. LYNN: No, no, well... 13 The first part of your question involves an CHAI RMAN: 14 assumption, and I think you should clarify the assumption and make it -- if it's relevant, and if not, 15:23 15 16 just ask the rest of the question. 17 MR. LYNN: Well... "You've acknowledged that there were 18 CHAI RMAN: 19 officers that you didn't investigate" implies that he should have spoken to those officers. 20 15:23 Well... 21 MR I YNN: 22 CHAI RMAN: Is that your case? I mean is that what you 23 are saying ? 24 MR. LYNN: well I am not necessarily trying to suggest 25 any particular duty. It was a scoping exercise. 15.2326 CHAI RMAN: Anyway, you hear -- everyone has heard what 27 I said. Okay. So everyone knows what I am just 28 puzzled about. Anyway... sorry. 29 You did speak to the people who inputted the 407 Ο. MR. LYNN:

| 1 | | | Pulse for example? | |
|----|-----|----|--|-----|
| 2 | | | CHAIRMAN: Absolutely, we have been over that before. | |
| 3 | | Α. | No, I didn't. Or, sorry, Inspector Mangan didn't. | |
| 4 | 408 | Q. | And Sergeant Hughes gave evidence the week before last | |
| 5 | | | that or last week that there were people at the 15 | :24 |
| 6 | | | time who would have been relevant to speak to | |
| 7 | | | Retired Superintendent Noel McLoughlin? | |
| 8 | | Α. | So can I address that? | |
| 9 | 409 | Q. | Yes. | |
| 10 | | Α. | So, when so my opinion, or my attitude, and ${}_{15}$ | :24 |
| 11 | | | Inspector Mangan had the same opinion because he said | |
| 12 | | | that in his report, that he didn't interview Retired | |
| 13 | | | Superintendent McLoughlin because he had retired. And | |
| 14 | | | I would say, you know, well, okay, why would you agree | |
| 15 | | | that he didn't need to interview ex Superintendent | :25 |
| 16 | | | McLoughlin? Because if Superintendent McLoughlin had | |
| 17 | | | knowledge, it should be recorded somewhere in the | |
| 18 | | | district office. It wasn't his private information, if | |
| 19 | | | he had such a thing. It wasn't his private | |
| 20 | | | information. So that should have been available within ${}_{15}$ | :25 |
| 21 | | | the superintendent's office in the district office in | |
| 22 | | | Coolock. It wasn't. | |
| 23 | 410 | Q. | There were the gardaí in Blanchardstown, I think we | |
| 24 | | | have gone over this, you didn't interview? | |
| 25 | | Α. | So there was no information from Blanchardstown in ${}_{15}$ | :25 |
| 26 | | | relation to a threat to Baiba Saulite. | |
| 27 | 411 | Q. | No, that related to John Hennessy. | |
| 28 | | Α. | Yes. | |
| 29 | 412 | Q. | And in the result you singled out Sergeant Hughes and | |
| | | | | |

Garda Nyhan?

2 I don't accept that we singled out anybody. As I said, Α. 3 we went to where it was reasonable that we could expect that any information or any intelligence would be had. 4 5 So the people who would have that information, as I 15:26 have said. Like, for example, Detective Superintendent 6 7 Byrne, if there was such information, or intelligence, 8 and he was involved in supervising the investigation into the issues around John Hennessy, Detective 9 Sergeant McEneaney was centrally involved, he was 10 15.2611 directed by Superintendent McLoughlin to investigate 12 the matters around -- about threats to John Hennessy, 13 or the attack on John Hennessy's house. So he 14 certainly would have, you would think, if there is 15 intelligence or information there that he had, that he 15:26 16 would have it. He didn't. And the superintendent's 17 office, there was nothing in the superintendent's 18 office to -- in relation to any threat to Baiba 19 Saulite. So these were, in my opinion, reasonable efforts to start, as I said, start broad and narrow in. 15:27 20 21 22 So, potentially, Detective Sergeant Ciaran McEneaney, 23 he might have had the information, and if we had any --24 if I had any information that he had intelligence 25 15.27

around a credible threat to Ms. Saulite and he didn't
act on it, I would certainly have made recommendations
in relation to that as well. But the fact of the
matter is, the only information, the only intelligence
that was to be had from Blanchardstown, that you've

1 talked about, was in relation to Mr. Hennessy. 2 Sergeant Hughes acknowledged, in his report to the 3 fact-finding, that he had information, he was given information, and this is not his language, I am saying, 4 5 from my investigation of the matter, he didn't act on 15:28 6 that. He was absolutely duty bound to act on that 7 information. So that was all part of the fact-finding. 8 And so, all of that information was, as far as I was concerned, was relevant. 9

- 10 413 Q. That issue there about -- that information, which we 15:28 11 won't go into, but that didn't ultimately form any part 12 of your disciplinary report?
- A. It was in his report, which he signed -- sorry, his
 statement which he signed, which thereby was capable of
 being used in the -- if it went to a sworn inquiry.
 414 Q. The conclusion in your disciplinary report, Assistant
 Commissioner Feehan, relates to the victim impact
 draft; that is the only issue that is addressed in the

conclusion?

19

So the -- as I said I think already, there was a 20 Α. 15:29 responsibility, or a duty, on an investigating officer, 21 22 if he had something which goes in favour of the member 23 concerned, that that should be pointed out. In fact. 24 that responsibility went further, that if a member 25 concerned asked for assistance in whatever way he might 15:29 ask for assistance, that that should be delivered if at 26 27 all possible as well. So that is what I was saying in relation to the draft victim impact statement; that we 28 29 didn't prove, and we couldn't prove, that's what I was

137

Gwer Malone Stenography Services Ltc.

15:28

1 saying, that he had read the thing. And as it stood, 2 if it stood alone, if that was the only issue that we were looking at, well then there would be no 3 continuance, because the fact that his view was if he 4 5 had read it, it would have fallen into the same 15:30 6 category of matters which were really of -- didn't 7 concern him or didn't cause him to have any concern 8 about Ms. Saulite's safety. So that was -- that was what I was at in that when I wrote about the draft 9 victim impact statement. 10 15.3011 415 Q. You didn't -- the only thing in the conclusion is to do 12 with the draft victim impact report, Assistant 13 Commissioner Feehan, and the actual conclusions that 14 you reached were ones that were known to you at the time of the fact-finding, and the disciplinary 15 15:30 16 proceedings were actually unwarranted? 17 I absolutely disagree that the discipline was Α. 18 unwarranted. I have gone through, like, the 19 information that Sergeant Hughes had, and, to me, like, it just was not credible that, having had this 20 15:31 21 information, having had a statement where somebody says 22 I am afraid this person is going to kill me, and that's 23 a matter of no concern? That was knowledge that 24 Sergeant Hughes had. He had knowledge -- as I have 25 said, without straying into treacherous ground about 15.31 26 the information he was given by Ms. Saulite about the 27 burning of her car. Information which he, I would 28 suggest, absolutely had a duty to report, as there was 29 a live investigation in that respect, in that going on

138

- 1 at the time. Chair, this is an aspect that --2 MR. LYNN: 3 CHAI RMAN: Say again, Mr. Lynn. MR. LYNN: This is an aspect that is not entirely clear 4 5 to me, and I know it's possibly very sensitive, 15:32 6 about -- arising from the burning of the car... 7 The implication is, if I understand it, the CHAI RMAN: 8 implication is that Ms. Saulite gave Sergeant Hughes some information about the burning of his car that 9 isn't otherwise recorded. That's the implication I am 10 15.32 11 taking. 12 Yes. Α. 13 I don't think we're concerned with whether 416 Q. CHAI RMAN: 14 Ms. Saulite gave Sergeant Hughes information about the 15 burning of the car. I think we are concerned with 15:32 16 information that she gave on the 14th November in 17 relation to her relationship with her partner/former 18 partner and which is contained in the draft victim 19 impact statement, and which may or may not have formed the subject of conversation between herself and Garda 20 15:33 21 Nyhan and Sergeant Hughes. That's the information I am 22 concerned with. 23 Now, that may help you, that's what I am concerned 24 with. I am not avoiding anything else because it's 25 relevant but because I'm afraid of its sensitivity, I 15.33
- am simply thinking what's relevant? What am I
 concerned about? And it is, after all, my inquiry.
 But that's what I think. Now if anybody else thinks
 it's relevant, and I know that Mr. McGuinness did not

1 think it was relevant, and counsel for the Gardaí may 2 think it is relevant, in which case we may have to 3 revisit it. But other than that, I wouldn't be troubling yourself, if I were you, Mr. Lynn. 4 But it's 5 your case. It's not my -- it's your cross-examination, 15:33 6 not mine. But I hope that is of some assistance to 7 you. 8 MR. LYNN: It is. This is probably repeating myself but I am going to try 9 417 Q. and do this to draw a line under this and put this 10 15.3411 proposition to you for the last time, Assistant 12 Commissioner Feehan. The disciplinary report 13 ultimately is all about the victim impact draft. 14 There's a conclusion that even if it had been read, it 15 wouldn't have given rise to a duty, as it were. That 15:34 16 could have been established at the time of the fact-finding report. So, I am suggesting to you --17 18 CHAI RMAN: Does he agree with that? 19 418 MR. LYNN: Do you agree with that. Q. Sorry, could it have been discovered? 20 Α. 15:35 Could it have been established at the 21 CHAI RMAN: 22 time -- we discussed this a little bit ourselves before this --23 24 Yes. Α. 25 -- but Mr. Lynn says could that have been 419 0. CHAI RMAN: 15:35 discussed? And before he goes on to ask another 26 27 question I would like you to answer that one: could it have been discovered at the time of the fact-finding? 28 29 The victim impact statement, as I have said, didn't Α.

140

1 change; it didn't change.

| 2 | 420 | Q. | CHAI RMAN: | Correct. | |
|---|-----|----|------------|----------|--|
|---|-----|----|------------|----------|--|

- A. So if I was asked to interpret it at the time, just
 that victim impact statement, if I was asked to
 interpret that on its own, there would have been no
 discipline, in my opinion. I didn't make the decision
 about the discipline but the facts as presented. There
 was a list of things --
- 9 421 Q. CHAIRMAN: Sorry, let me interrupt you for one moment,
 10 I'm sorry, but just let's get to the heart of this. If 15:36
 11 Assistant Commissioner McHugh had sent back a note
 12 saying tell me about the victim impact, what is your
 13 view of the victim impact statement? would you have
 14 said what you said ultimately in the --
- A. I would have said that this was -- Maybe I would. It 15:36
 didn't happen like that, so maybe I would have.
 17 422 Q. CHAIRMAN: Of course.
- A. But the point I am making is, issues about the victim
 impact statement were relevant. The questions about
 the victim impact statement needed to be put as part of 15:36
 the formal disciplinary investigation. So, therefore,
 you could use that. There were other things that could
 be used also in the statement from Sergeant Hughes --

24 423 Q. CHAI RMAN: Okay...

A. -- if it went to a sworn inquiry. So that's the point 15:36
I am making. And in the conclusion that was read out
on the discipline, what I am saying is I was delivering
on the duty I had to be fair. So that was where I was
at at that stage.

141

424 MR. LYNN: But what I'm -- you conclude in the 1 Q. 2 disciplinary report that the victim impact draft, even 3 if it had been read, would not have given rise to a duty. Could you have established that at the time you 4 5 were doing your fact-find report, yes or no? 15:37 6 I might have, if I had considered that in isolation. Α. And the point I am making, and this, look it, is 7 8 honestly where I was at, the recommendations to go for a full investigation that I made in the fact-finding 9 was based on all the investigation I had. 10 15.3711 CHAI RMAN: Oh yes... 12 Not just the victim impact statement. And I have said Α. 13 already if the victim impact statement was the only 14 matter that we had in front of us, I don't believe it 15 would have gone to discipline at all. But it wasn't, 15:38 16 it was part of the whole. 17 425 MR. LYNN: Can you please just answer the question? We Q. 18 are now looking at the victim impact draft. Could you 19 have established, at the fact-find report, your 20 ultimate conclusion in the disciplinary investigation 15:38 in respect of the fact -- sorry, the draft victim 21 22 impact? 23 So if I was asked to give a judgment on the victim Α. 24 impact statement alone, I might have, I might have come 25 to that conclusion, but the point --15:38 426 Could you have established --26 Q. 27 Sorry, the point that needed to be put was Sergeant Α. Hughes, did you read the victim impact statement? He 28 29 said he didn't in the fact-finding report. That needed

142

1 to be put to him as part of a formal discipline 2 investigation. Now that answer can be used. So if he said yeah, I did read it, that's relevant. If he said 3 he didn't read it, that's relevant. And he did say he 4 5 didn't read the thing. And what I said in the report 15:39 6 was, no, we can't prove he read the thing. He's 7 adamant that he didn't read it so he didn't read it, that's the evidence. So unless Sergeant Hughes got up 8 and admitted yes, I read the thing, or Garda Nyhan gave 9 evidence that said yes, Sergeant Hughes read that from 10 15.3911 cover to cover, then that was the only way you could 12 prove, because the third person that was in the room was no longer, obviously, available. 13 14 427 Q. But even if he had read it, Assistant Commissioner 15 Feehan, even if he had read it, you concluded that the 15:39 16 contents of the victim impact draft didn't, or were 17 unlikely to lead to a conclusion that there was a real 18 and immediate risk to life. Now, that finding, could 19 you have established at that the fact-find report 20 stage? 15:40 21 Sorry, if I understand your question, you said that Α. 22 even if he had read it, it was of no relevance. If he 23 had come in the discipline inquiry and said "yes, I 24 read it," now there's a line of inquiry to be -questions to be put to him, as okay, you read it, well 25 15.40what did you make of this piece where she said she was 26 27 in fear? Well, it didn't concern me, I didn't think it was of much consequence. Which is what was said about 28 other times when she had said over the previous two 29

1 years, during the child abduction investigation. The 2 information that we had was that she said this time and time again and it was of no consequence and it didn't 3 give him any concern -- Sergeant Hughes said this 4 5 himself, it did not give him any concern that there was 15:40 6 a risk to Ms. Saulite. To me, that was not a credible 7 position, and that is what I was recommending when I 8 recommended that a formal investigation, a formal discipline investigation should be conducted so we 9 could put those issues to him. And if -- so he made a 10 15.41 11 statement, and these -- there were several matters 12 which were relevant to the discipline investigation and 13 they could be used in a sworn inquiry down the road, if 14 such a thing happened. So that was the position that I 15 had. 15:41 16 428 CHAI RMAN: Here was the report you made at any rate. Q. 17 That is the report that you submitted --18 Yes. Α. 19 429 CHAI RMAN: -- to Assistant Commissioner McHugh. Q. 20 Somebody may criticise it. Somebody may say you should 15:41 21 have said this, but that is the report you gave? 22 Yes. Α. 23 And you had no conversation with him about 430 CHAI RMAN: **Q**. 24 it? 25 Α. NO. 15.41So he made his decision on the basis of that 26 431 CHAI RMAN: 0. 27 report? 28 Α. Yes. And whether stuff is included in it, implied 29 432 CHAI RMAN: Q.

144

1 in it, to be deduced from it or not, that's a matter 2 for him?

3 Yes. Α.

433 That's the report that you sent him? 4 0. CHAI RMAN:

5 And I would only assume, and maybe I shouldn't assume Α. 15:42 6 anything, I assume he read the report that he got, the 7 fact-finding report, I presume he got that, he read 8 that. I also presume he read the report in totality on the discipline inquiry. And the discipline inquiry had 9 a 25-page statement from Sergeant Hughes. 10 15.42

11 434 CHAI RMAN: No, that is absolutely --Q.

12 So I presume --Α.

13 But on this one, this is the one and you did 435 CHAI RMAN: Ο. 14 that without -- there was no consultation, no 15 explanation, no saying hold on, look at this, this is 15:42 16 the material -- but he had with this, with this 17 document he had Sergeant Hughes's report to the 18 fact-finding, his chronology?

19 Yes. Α.

Specifically that's what it's called. 20 436 CHAI RMAN: Ο. And 15:42 he had statements from other witnesses, as you've 21 described? 22

23 Yes. Α.

24 That's the material he had? 437 CHAI RMAN: Q.

25 Α. Yes.

15.42

- Okay. 26 CHAI RMAN: Thank you. Okay, Mr. Lynn. 27 438 MR. LYNN: In terms of the disciplinary investigation, Q.
- 28 you were -- Sergeant Hughes was served with the papers 29

on the 15th June 2007?

145

| | | | Yes. | |
|----|-----|----|---|-------|
| 2 | 439 | Q. | And it wasn't until the 1st November that you requested | |
| 3 | | | he attend for an interview? | |
| 4 | | Α. | That's correct. | |
| 5 | 440 | Q. | And can you account for that delay? | 15:43 |
| 6 | | Α. | That there were so there was correspondence came to | |
| 7 | | | me from Séan Costello Solicitors. I sent that on to | |
| 8 | | | Assistant Commissioner McHugh. He considered these | |
| 9 | | | matters and, to my knowledge, he responded to | |
| 10 | | | Mr. Costello. That's my recollection of what happened | 15:44 |
| 11 | | | there. | |
| 12 | 441 | Q. | CHAIRMAN: I thought the letter was the 8th November | |
| 13 | | | from the solicitors? | |
| 14 | | Α. | My understanding | |
| 15 | 442 | Q. | CHAIRMAN: Is that right? | 15:44 |
| 16 | | Α. | My recollection, Mr. Chairman, was that Séan Costello | |
| 17 | | | had written to me seeking clarification on these | |
| 18 | 443 | Q. | CHAIRMAN: Ah | |
| 19 | | Α. | on what this was about. | |
| 20 | 444 | Q. | CHAIRMAN: So, between your appointment and the letter | 15:44 |
| 21 | | | saying Sergeant Hughes isn't fit to give evidence, | |
| 22 | | | which was I think the 8th November | |
| 23 | | Α. | Yes. | |
| 24 | 445 | Q. | CHAIRMAN: subject to correction, there was further | |
| 25 | | | correspondence: what's all this about? Give me | 15:44 |
| 26 | | | details. Is that what you are saying? | |
| 27 | | Α. | Yes, that's correct. | |
| 28 | | | MR. McGUINNESS: Chairman, just on that point, I took | |
| 29 | | | Assistant Commissioner McHugh through that | |

1 correspondence yesterday which commenced with 2 Mr. Costello's letter of the 19th June. 3 CHAI RMAN: Thanks very much. So there's to-ing and fro-ing about what's all this about? and so on and so 4 5 forth. 15:45 MR. McGUI NNESS: It's on yesterday's transcript. 6 7 There's a letter from the solicitor on the 446 MR. LYNN: Ο. 8 19th June: that's four days after the service of papers. It still takes four months before Sergeant 9 Hughes is requested to attend for interview. Can you 10 15.4511 account for that? 12 Other than the fact that this to-ing and fro-ing --Α. 13 CHAI RMAN: I think we can account for that, Mr. Lynn. 14 I think you will find yesterday's transcript accounts That doesn't sound like the best line. 15 for that. 15:45 16 I mean your solicitor should -- sorry, am I Mr. Lynn. 17 right in thinking --18 MR. McGUINNESS: Chairman, there's a chain of 19 correspondence there, it's not just sort of one letter 20 and then nothing happens. I mean --15:45 It's not fair -- unless you are going to 21 CHAI RMAN: 22 take him through the chain of correspondence that we 23 had yesterday, Mr. Lynn, which appears to, at least in 24 part, undermine that line that he's at fault for not 25 approaching... 15.46And then on the 8th November, there's a fax 26 447 0. MR. LYNN: from the solicitor -- this is the 8th November 2007 --27 and there's the phone conversation. 28 29 Yes. Α.

And I think Sergeant Hughes's recollection is that he 1 448 Q. 2 called you, but you think you called him back, but I 3 don't think it is of any consequence how it happened, you had a conversation. Sergeant Hughes's recollection 4 5 is that he mentioned failures in respect of 15:46 6 investigations. You have been asked about this this 7 morning?

15.47

- 8 A. Mm-hmm.
- 9 449 Q. But that's his recollection.

10 A. Yes.

11 450 Q. And you take a different view?

12 I am saying that conversation did not have anything Α. 13 mentioned about other investigations or targeting. And 14 I did have a handwritten note, which I received in 15 papers from the Tribunal liaison office, about a note 15:47 16 that I took contemporaneously with the conversation I 17 had with him. He absolutely did not make any 18 allegations about failures or other investigations or 19 anything like that. He said to me he was feeling 20 He said that he had been to his solicitor. he awful. 15:47 had been advised by his solicitor not to come to be 21 22 interviewed. He understood his -- that he would come 23 -- he said to me but I am willing to come in anyway 24 even though I am feeling awful. And I said to him I 25 will look to the Chief Medical Officer to get some 15.47advice as to whether it is safe to interview him. 26 And 27 I think I said this morning, when I talk about safe, I 28 mean -- so, if the interview process was likely to have 29 any adverse effect on Sergeant Hughes, given that I was

| 1 | | | told by his solicitor he was out on sick leave with | |
|----|-----|----|---|-------|
| 2 | | | work related stress, well I didn't think it was safe or | |
| 3 | | | proper for me to invite him in. | |
| 4 | | | CHAIRMAN: I think we have that picture. | |
| 5 | | Α. | From my own duty of care to him. | 15:48 |
| 6 | | | CHAIRMAN: Assistant Commissioner, I think we are | |
| 7 | | | pretty well I am anyway. | |
| 8 | | | MR. LYNN: I understand. And that really was what the | |
| 9 | | | conversation was primarily about? | |
| 10 | | Α. | That is what the conversations was about. | 15:48 |
| 11 | 451 | Q. | Is it possible, given that that was the primary purpose | |
| 12 | | | of the conversation, that you wouldn't have made a note | |
| 13 | | | of the other matters? | |
| 14 | | Α. | Absolutely | |
| 15 | 452 | Q. | That Sergeant Hughes says he raised? | 15:48 |
| 16 | | Α. | If other matters had been raised, and certainly my | |
| 17 | | | antenna would have shot up if Sergeant Hughes had said | |
| 18 | | | to me that he wanted he was complaining about other | |
| 19 | | | investigations or other matters, I would most certainly | |
| 20 | | | have recorded that in the note. Most certainly. | 15:49 |
| 21 | 453 | Q. | Now almost immediately afterwards Sergeant Hughes's | |
| 22 | | | solicitor wrote to you, I think on the same day it's | |
| 23 | | | at 2136, but I don't think we need to look at the | |
| 24 | | | letter and asked if you would put the questions in | |
| 25 | | | writing. | 15:49 |
| 26 | | Α. | Yes. | |
| 27 | 454 | Q. | And you replied the following day and you said you | |
| 28 | | | wouldn't adopt that course. Now, the questions that | |
| 29 | | | were ultimately asked could have gone out in writing. | |
| | | | | |

| 1 | | | why did you refuse to take that course? | |
|----|-----|----|---|-------|
| 2 | | Α. | Because I don't think at the time I did not think, | |
| 3 | | | and now I still don't think, that was the appropriate | |
| 4 | | | way to progress the investigation. That's why. | |
| 5 | 455 | Q. | And why is that? | 15:50 |
| 6 | | Α. | Because I wanted that if I wanted to have | |
| 7 | | | Sergeant Hughes come in and be interviewed and say | |
| 8 | | | and we could have a conversation, if he said something | |
| 9 | | | I can respond to it, and vice versa. So I wasn't I | |
| 10 | | | didn't think it was a proper way to continue the | 15:50 |
| 11 | | | investigation by sending him out questions. | |
| 12 | 456 | Q. | And when we have seen the interview that ultimately | |
| 13 | | | occurred | |
| 14 | | Α. | Yes. | |
| 15 | 457 | Q. | when you look back on that now, could that not | 15:50 |
| 16 | | | could that interview not have been done in writing? | |
| 17 | | Α. | So the interview that occurred included the reading of | |
| 18 | | | a 25-page statement from Sergeant Hughes and his | |
| 19 | | | signing it. So, in fairness, it wasn't just: did you | |
| 20 | | | read the victim impact statement? That wasn't all that | 15:50 |
| 21 | | | went on at that interview. So these matters, like | |
| 22 | | | like, okay, we could have got into a train of, an | |
| 23 | | | exchange of letters going on for I don't know how long, | |
| 24 | | | but I didn't think it was the appropriate way to | |
| 25 | | | continue the investigation. | 15:51 |
| 26 | 458 | Q. | Then I think you've said you would need the advice of | |
| 27 | | | the CMO in terms of fitness to be interviewed. There | |
| 28 | | | is a letter this is on page 2124 from Assistant | |
| 29 | | | Commissioner McHugh to you. I don't believe that you | |
| - | | | | |

replied to that, but correct me if I am wrong.

2 So my memory is that certainly if something came to me Α. from the assistant commissioner and I was told to treat 3 it as urgent I certainly would respond to it. So if 4 5 that's not in the papers, I don't know. But I can't 15:52 obviously recollect every piece of correspondence and 6 7 how I responded to it, but I would certainly say that 8 if I was asked or directed by the assistant commissioner to treat something as urgent, I would have 9 done that. 10 15.52

11 459 Q. 2128, there's another letter from the assistant12 commissioner?

13 A. Yes.

29

1

14 460 Ο. Again, look, we may be wrong here, but we couldn't find 15 a response, what was going on at this point? 15:53 16 So what was going on: I had asked for advice from the Α. Chief Medical Officer, and in fact in the papers there 17 18 was reference made to a number of reminders that I had sent, there was a letter from Assistant Commissioner 19 20 McHugh around this time, I just don't have the date in 15:53 my head, writing to an Assistant Commissioner HRM, he 21 22 was saying to Assistant Commissioner HRM that I was waiting to have, get advice from the Chief Medical 23 24 Officer. So there were a number of letters going back and forward. 25 I don't know what was going on with the 15.53 Chief Medical Officer, I could -- I could hazard a 26 27 guess, but I don't think there is any value in that. So that is what was happening at the time. 28

1 So there were letters going back and forward. Ι 2 certainly wrote to Assistant Commissioner McHugh during the period on a number of occasions and he forwarded 3 one of the reports that I had sent to him, at least one 4 5 of them, to Assistant Commissioner HRM looking to try 15:54 and expedite the advice from the Chief Medical Officer. 6 7 461 I think to be fair, at page 2195 there is a letter from Ο. 8 vou? Chairman, there's an earlier letter on 9 MR. McGUI NNESS: 10 page 2134. 15.5411 MS. HORAN: Yes, Chairman, I was about to bring it to 12 vour attention as well. 13 Thank you very much. Mr. Lynn, we have been CHAI RMAN: 14 over a lot of this to be honest. If there is anything 15 specific you want to put? I mean I am quite happy if 15:55 16 you want to put in a general way to the assistant 17 commissioner, look, you could have busied yourself a 18 bit faster or a bit more enthusiastically and leave it 19 at that. MR. LYNN: 20 Yes. 15:55 But I mean we have been over all this stuff. 21 CHAI RMAN: 22 He says, first of all, there was the question of 23 Sergeant Hughes's own state of health, he looks for the 24 Chief Medical Officer, and to-ing and fro-ing and 25 eventually they come back and eventually it all ends up 15:55 26 with a meeting that you say is a sort of fairly 27 pointless exercise, which may or may not be the case. But that's the explanation really. 28 29 MR. LYNN: Very good.

| 1 | 462 | Q. | Assistant Commissioner Feehan, it was a very | |
|----|-----|----|---|-------|
| 2 | | | satisfactory state of affairs, the delay? | |
| 3 | | Α. | I was not satisfied with it. | |
| 4 | 463 | Q. | And Assistant Commissioner McHugh has said that without | |
| 5 | | | any hiccups an investigation of this nature, you know, | 15:56 |
| 6 | | | would be done between eight and 12 weeks? | |
| 7 | | Α. | If, if there were no hiccups. | |
| 8 | 464 | Q. | Without any hiccups? | |
| 9 | | Α. | So I can I just make comment on that? | |
| 10 | | | CHAIRMAN: Yes. | 15:56 |
| 11 | | | MR. LYNN: Yes. | |
| 12 | | Α. | I would expect to have a disciplinary investigation | |
| 13 | | | like this, this would be done in four or five months, I | |
| 14 | | | would have expected that. I came to a brick wall about | |
| 15 | | | I for proper reasons I believe I had a duty of care | 15:56 |
| 16 | | | to Sergeant Hughes. | |
| 17 | | | CHAIRMAN: Of course. | |
| 18 | | Α. | I believe that I was the way I went and looked for | |
| 19 | | | advice from the Chief Medical Officer was delivering on | |
| 20 | | | that duty of care, which I had towards the sergeant. I | 15:56 |
| 21 | | | couldn't get a response. So, eventually I wrote to | |
| 22 | | | Assistant Commissioner HRM and I said, asked for advice | |
| 23 | | | again. I said this was in April, I said that in the | |
| 24 | | | absence of the advice from the Chief Medical Officer | |
| 25 | | | could you advise as to whether I should go ahead and | 15:57 |
| 26 | | | interview Sergeant Hughes if he is willing to be | |
| 27 | | | interviewed, in the absence of that advice. That was | |
| 28 | | | my position. And pending that advice, I don't think it | |
| 29 | | | was proper or would have been proper to go and | |
| | | | | |

- 1 interview Sergeant Hughes.
- 2 465 Q. And within the exchange of correspondence, I am sure
 3 you wouldn't take issue with the fact that Sergeant
 4 Hughes's solicitor had written and said that the whole
 5 process was causing him huge stress. I don't think 15:57
 6 that's controversial?
- A. What Sergeant Hughes's solicitor said was that he would
 not be interviewed because he was suffering from work
 related stress. That was the first indication I had
 that there might be an issue about interviewing
 Sergeant Hughes.

- 12 466 Q. All right.
- And sorry if I can just -- so I said about the duty of 13 Α. 14 care I had. I mean, so the fact that his legal adviser 15 told me that he, as far as he was concerned, wasn't fit 15:58 16 to be interviewed, well I think again, apart from the 17 duty of care and the responsibility, responsibilities I 18 had to Sergeant Hughes, I believe that it would -- if I 19 had gone ahead and interviewed him, it certainly, you 20 know, could be challenged very quickly, so that was 15:58 another matter in my head. But certainly the abiding 21 22 thought that I had was around, if this was going to 23 impact on Sergeant Hughes adversely given the state of 24 health he was in. 25 Chair, I have a little more to go yet and I MR. I YNN: 15.58 can see it is four o'clock. 26
- 27 CHAIRMAN: How are you feeling, first of all, assistant
 28 commissioner?
- 29 A. I'm okay, Chairman.

1 Would you prefer to come back tomorrow or CHAI RMAN: 2 would you prefer to soldier on and get finished? 3 If you want to go ahead, I am happy to go ahead. Α. CHAI RMAN: what do you think? Are you happy to soldier 4 5 on and we will finish? 15:59 6 MR. LYNN: well, I would quite like a break, but equally if it is going to be an inconvenience --7 8 CHAI RMAN: No, hold on, let's be fair to everybody. The assistant commissioner is happy to go on, but I 9 10 take it, it doesn't make any difference to you if you 15.59 11 come back tomorrow? 12 No, but I am happy go on. Α. 13 You're happy to come tomorrow or you are CHAI RMAN: 14 happy to --15 Yes. Α. 15:59 16 whichever. He's happy. So look, I don't CHAI RMAN: 17 want to push vou. If it's a matter of ten or 15 minutes, Mr. Lynn, if it's a matter of ten or 15 18 19 minutes we'll carry on, if it's a bit longer than that we'll take a break and come back tomorrow. 20 15:59 I think we might take a break. 21 MR. LYNN: 22 You prefer to come back tomorrow? CHAI RMAN: 23 MR. LYNN: Yes. 24 CHAI RMAN: All right. Very good. Well then that's 25 what we will do. We will come back tomorrow. Thank 16.0026 you very much. 27 THE WITNESS: Thank you, Chairman. 28 CHAI RMAN: Very good. Thank you. And then of course 29 we have the Garda Síochána, I forgot about them.
